plaintiff's horse and buggy. Defendants have a garage at George-CUSHION-SOLE horse. The question before the jury was who was responsible for the The The state of Co accident, each party alleging that

Defies Rust!

There's one big point about "Toronto" Stable Equipment which makes me specially proud to sell it. It's the fact that the galvanizing thoroughly covers and completely costs both the inside and the outside of the steel tubing with pure zinc speker. This hot process makes it absolutely rustdelying and proof against strong stable acids for the maximum period.
This is a mighty valuable factors.
Let me explain some of the many others. Or get some of the interesting Terrano Literature.

In the matter of the estate of Arthur GROW CORN FOR SILAGE

POINTS ON SELECTION OF SEED

AND PROPER CULTIVATION. Testing for Germinallon Is Recommended for Good Results Cannot Be Expected from Poor Seed.

Contributed by Ontario Department of Agriculture, . Toronto.) There is niuch difference in opinion as to the best variety to grow, and the selection generally hinges on two points, viz .- the value of the land

and your land is high priced, then grow the heaviest yielding variety tast mentioned date the said administra- that you can find, taking a chance trix will proceed to distribute the assets on its reaching maturity. Production If you are on low-priced land, then select a good yielding variety that you know will mature early and also make high-class cusitage.

If you have to pay high for labor

Big heavy corn, full of juice is bard to handle,--- it costs money to make silage out of it, while the lighter yielding early maturing corn is easler to handle, costs less for labor and makes a richer silage. True, it will not produce as much milk per acre as the large heavy yielding variety, but what it does produceds produced with the aid of less supplementary grain. So if you have abundant land, the early maturing, high quality vartetles will be most suited to your

ship of Esqueeing in the County of need. On the other hand if you have few acres and must get the most out of the area irrespective of labor cost,

Test for germination every ear of quesing, are required, on or before the Fourteenth day of July 1925 to deliver to the undersigned, Solicitor for the Exceptions of the estate of the said Samuel McMaster, farmer, decrased, their take a chance and loose by spending christian names and surnames, addresses and descriptions, the full particulars in writing, of their claims, a statement Better test the seed, and get started of their accounts and the nature of the right.
