

Enters His Ninetieth Year
 Mr. Hugh Walker, the oldest Presbyterian, Georgetown, who turned ninety on the 10th inst., celebrated his birthday on the 11th, when he received many beautiful and useful gifts from all his family and much love and congratulations from the government, Scotland and Nepal. Mr. Walker was one of the men who helped to build the old St. Andrew's Church, and he was one of the first to plant the old Scotch pine which is now a landmark on the corner where it stands. Mr. Walker is a well known wholesale fruit dealer.

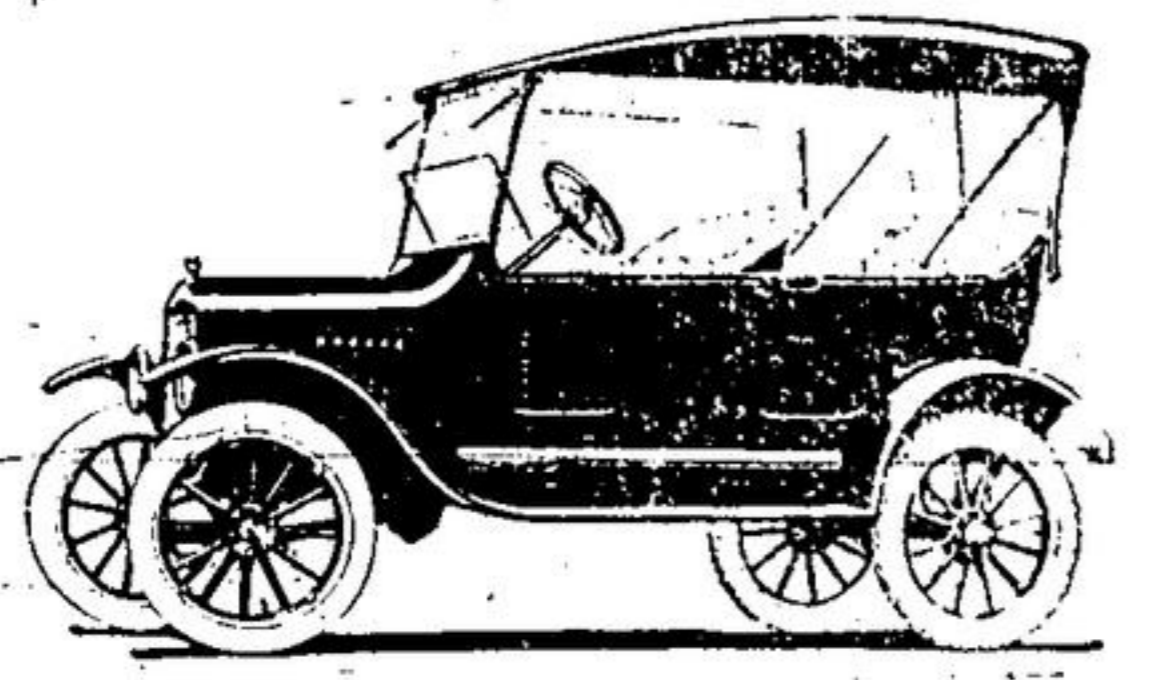

Forty Years Married
 John Marshall, Clerk of Niagara, was today celebrating the fortieth anniversary of his marriage. His wife, Mrs. Marshall, was born in Scotland and they were united in marriage on Nov. 12th, 1882. At the conclusion of dinner Mrs. Marshall offered her grandchild the congratulations of the company, and Mrs. Marshall presented on behalf of the family, a ruby pin to Mrs. Marshall and an engraved fountain pen to Mr. Marshall, and a beautiful silver teapot, a ruby ring to Mrs. Marshall and a ruby pin to Mr. Marshall.

Music Clubs Urged
 The great work of developing the talents of the boys and girls on the farm, was outlined by Alex. McLauren of Georgetown, Ont., at a session of the seventh annual convention of the Women's Institutes of Eastern Ontario, held at Ottawa last week. Mr. McLauren, who is a leader of social community activities, in order to reach these boys and girls, many of whom are foreigners, his sister, competitions in music clubs, public speaking and debating. His plan has been successfully adopted in Wellington County, and the speaker is anxious that all rural districts adopt it. At one musical festival last recently four hundred and fifty boys and girls took part. The singing lasted seven hours.

Mr. J. J. Craig, Public School Inspector for Wellington County, who has been ill for some months, and who has spent many weeks in Hamilton General Hospital, has recovered sufficiently to be able to return home.

Here and There

Having in brilliant autumn sunshine, the coast of British Columbia offers a striking contrast to the severe winter weather already making itself felt in other parts of Canada. On the coast, golf courses are crowded, the ocean is dotted with figures of bathers taking their daily dip, and pleasure craft still ply the waters.

One hundred thousand dollars worth of Black Fox puppies were shipped to Antwerp on the Canadian Pacific liner "Melita" recently. It is specially built cages they will be conveyed by the Dominion Express across Europe to the farm in Switzerland where they will form the nucleus of a fox-breeding establishment.

Another instance of foolhardiness. A recent report from Hull is to the effect that an automobile, travelling at high speed, crashed through both gates at the Chelsea Road level crossing just as they were being closed to stop traffic so that a light engine about 100 yards from the crossing smashed its way over the tracks barely two feet ahead of the locomotive.

Arthur Edward Shave, in the employ of the Canadian Pacific Railway since August 18, 1908, when he was appointed clerk in the office of the Treasurer, has been appointed assistant treasurer of the company. Mr. Shave became assistant chief clerk in the office of the Treasurer in 1916 and was promoted Chief Clerk in 1919.

The apple is a typical Canadian fruit and among the finest grown in the Dominion. It is incomparable as a Christmas gift for friends and relatives in Great Britain. In order to facilitate shipments, the Dominion Express Company are offering special rates. Standard boxes containing about 150 and standard barrels holding about 375 will be sent from Quebec or Montreal up to the close of navigation to any station on a railroad in Great Britain or Ireland at a cost of \$3 and \$6, respectively.

To perpetuate the memory of the late P. Alexander Peterson, whose engineers in this part of the country gather, a portrait of the famous engineer, done in oils by the late Robert Harris, Canadian artist, is to be hung in the Engineering Institute on Mansfield street. The late Mr. Peterson, former engineer of the Canadian Pacific Railway, took a leading part in the railway construction in Eastern Canada during the latter part of the last century.

According to a report just issued from Canadian Pacific Railway headquarters, an average of one instance of gross carelessness on the part of automobilists every seventeen days is the record during the last three years and two months in connection with level crossings in New Brunswick, Quebec, Ontario and the Alberta districts. These instances number 69 from September 1, 1922, to October 31 last, or a period of 117 days. They resulted in injuries to 83 persons, of whom two died.

Creation of a new industry in Western Canada covering a product which is now imported into this country to the value of about five million dollars annually is fore-advanced by the samples of hemp now on display at the Windsor Station, Montreal, according to G. G. O'Malley, Development Engineer, Canadian Pacific Railway. Mr. O'Malley stated that considerable work had already been done in the West of Canada towards the creation of such an industry. Efforts to promote companies have been made in recent months and there is no doubt that fine stands of hemp can easily be grown in certain districts.
