

TRADE
As we pay others, we are paid. Life gives us back just what we give. And so we do not live in trade. But trade that we make, trade that we live. Sales may be made in money, too. But they are always made to men. And so good-will controls success. Bringing folks back to buy again. The profits must show where you stand. Creates a friend, whose kindly thought serves to perpetuate the sale. 'Tis what and where and why we bought. As we pay others, we are paid. Life gives us back just what we give. And so we do not live in trade. But trade that we make, trade that we live.

Township Council

Resolutions Nov. 10, 1925
The Council met pursuant to adjournment of the previous meeting. The minutes of the previous meeting were read and approved.

Winter Time is Carnival Time in Banff

Banff in winter time is fairyland. Shafts of the sun strike the white snow-covered mountains and valleys of the Canadian Rockies, changing them into a landscape of flashing iridescence. Colors—blue, red, green and purple—dance over the scene, as rally contoured peaks of the snow shoe, the skate and the ski move in the past of the great outdoors.
Many skaters swing gracefully into intricate figures on the rink. Ski jumpers thrill the spectators with their marvelous leaps through the air from the ski jump on the top of a nearby mountain. Ski-jorers dash down the Bow River behind their ponies. Black-coated snow-shoe trappers take the trail to the snowy woodlands. In the evening, the brilliant scene is softened by the silver gleam of the moon.
Winter time is carnival time in Banff. February 3rd to 17th has been set for the 1926 Winter Carnival, and Mrs. Bull Gardom has been chosen as the fair Queen. A splendid palace of glittering ice, sparkling with myriads of bright colored electric lights is being built for the chosen beauty. With true regal pomp and splendor she will be crowned and seated on her throne as the culminating triumph of the carnival.
Trains pull into the station at Banff. Passengers on their way west stop off to disport themselves in the snowy, yet little town. Passengers on their way east delay long enough to see the famous ski jumpers breaking world records. Passengers from both east and west with Banff as their objective, and snow shoes, skates and in their luggage, hurry to attend the festivities in honor of the carnival queen.

GENERAL NEWS

While playing with some dynamite caps found near the schoolhouse, Lindsay McLaughlin, a young lad residing near Pembroke, had one eye blown out and his face badly burned.
Georgian Bay district apple growers estimate their loss by early frost will be in the neighborhood of \$150,000, and will likely appeal to the Government for loans to help them out.
The formal opening of the new St. John's Anglican Church at Dixie will not take place until the Sunday before Christmas. The work has been delayed somewhat by the recent illness of Contractor A. Robertson.
Establishment of a sanctuary for migratory birds off Lake Erie, south of Orwell, similar to Jack Miner's famous haven at Kingsville, is advocated by the Western Ontario Fish and Game Protective Association.
A new 450-horsepower tug built for the Canadian Breeding Company for use on the Welland Canal was launched at Millard from the yards of the Millard Ship-building Company. The tug is 31 feet long, 21 feet beam and 12 feet 6 inches draught.
Two young women, Edith Scott and Betty Lillie, of this town, while walking along the highway, were knocked down by a car driven, it is reported, by John A. Campbell, Toronto. Miss Scott suffered a fractured elbow and was taken to the Toronto General Hospital. It appears that the light of an approaching car had temporarily obscured Mr. Campbell's vision.
Dr. J. A. Johnstone, of Trafalgar township, discovered some apple blights in full bloom in a sheltered section of his orchard on Thanksgiving Day, which was a rare and pretty sight for November 9.
Mount Pleasant Church, 3rd line west, Chingourous, destroyed by a fire of unknown origin in January of this year, has arisen to its former beauty, and in another few weeks will be ready for the re-opening.
While passing behind a spring horse the other morning after having milked the cow, Mrs. C. Booth, of Trafalgar, was kicked in the leg, losing several teeth, and her right shoulder was broken.
The weekly newspapers continue to add to the number of business advertisements. In nine years 224 weeks had gone out of business. Two more suspensions have been added. The Georgian and The Wexford News. The Wingham Advance has absorbed these two papers. The Advance now takes the place of four papers formerly printed in the district.

MUNICIPALITY OF GEORGETOWN

Nomination Meeting
A meeting of the Municipal Electors of the Town of Georgetown will be held in the Town Hall, Georgetown, on **MON. NOV. 30th, 1925** at 7:30 p.m. for the purpose of nominating candidates for the offices of Mayor, Reeve and Councillors for the year 1926.
In case more than the necessary number of candidates are proposed and seconded and a poll is demanded, said poll will be opened at 9 o'clock in the forenoon on Monday, the 7th day of December, 1925.
Town Hall for Ward I. - F. L. Heath, Deputy Returning Officer; A. Norington, Poll Clerk.
Greenhouses for Ward II. - John Mason, Deputy Returning Officer; Chas. Ross, Poll Clerk.
Public Library for Ward III. - Percy Cleave, Deputy Returning Officer; Percy Harrison, Poll Clerk.
Also at the same time and place nominations will be received for the offices of Public School Trustees for the said Town. Trustees to be elected by Wards, also Hydro Commissioner.
F. L. HEATH, Returning Officer

SELF-OILING—SELF-REGULATING
With the Strongest Tower Built

It's the "Toronto" Self-Oiling Windmill requiring "oil" only once a year. All gears operate in a bath of special oil affected by neither heat nor cold every bearing and working part thoroughly and automatically lubricated.
If you have a "Toronto" Windmill now, you can obtain this self-oiling feature by interchanging the head and using your present wheel. Most Toronto Windmills, too, can be made absolutely self-regulating in operation. The "Toronto" Tower will stand for a lifetime because it is the heaviest, strongest and best-wooded one built for any windmill. See this new Mill now—or get my booklet.

Here and There

Lumber industries of British Columbia are sending spruce to Boston and New York by Florida and Cuba, new markets created within the last few months. Demand from regular markets in Great Britain, Asia, Australia and South Africa are reported better than normal.

The demand for Canadian flour is increasing rapidly in the Orient. This year 347,760 barrels of flour were exported from Medicine Hat mostly for the East. Great Britain is Canada's best customer for wheat flour, having taken 130,000 barrels of the total of 684,894 barrels exported during the month of August.

The Canadian Pacific Rockies are not "shot up" yet. Following a 30-day hunting trip, Mr. and Mrs. Keel-baker of Los Angeles, told of deer that walked right up to camp; bears that prowled all around in numbers; rams and mountain sheep in abundance; lakes full of trout caught with every throw of the line.

Despite alleged trade depression and "blue rain" talk, during the week ending October 31, 1925, 87 new companies were formed with authorized capital of \$161,058,000, as compared with 90 companies with \$112,814,825 capital the previous week and with 37 companies with \$7,068,000 capital, the corresponding week of last year.

During the 96 hours from Monday, November 9, to Thursday, November 12, the Canadian Pacific Railway loaded a car of grain every 58 seconds, the total being 4,150 cars. On Wednesday 1,805 cars were loaded and on Thursday 1,818, while the record for the year and for many years past was reached on Friday, November 13, when 1,994 cars were loaded.

The use of 34 million tons of crushed rock, or about 70,000 carloads, approximately 1,000 miles along the Canadian Pacific Railway, Eastern Lines, have been ballasted with rock to date. Rock ballast is dustless and there is a very great increase in comfort for the passenger. Rock ballasting also increases the strength of the track and otherwise improves its physical condition as to drainage and other matters.

The Canadian Pacific Railway has announced the offer of three scholarships to apprentices and other employees enrolled on the permanent staff of the company and under 21 years of age, and to minor sons of employees. The scholarships cover four years tuition in architecture, chemical, civil, mechanical or electrical engineering at McGill University and are subject to competitive examination.

Taking steps in the United States toward a greater recognition of clean sport and the need of conservation of fish, game and forest resources, Oark Ripley, of Tennessee, editor of Field and Stream, Outdoor Life, Outing, announced at Montreal recently that catching game fish with worms had been banned in practically all states of the republic. Worm fishing is considered destructive as small fish returned to the water are so badly wounded to live.

Sugar beet production in Canada is increasing on a phenomenal scale while the value of refined beet sugar has increased about 100 per cent. In 1924, 31,111 acres were planted to sugar beets yielding 255,177 tons of beets, from which 85,770,709 pounds of sugar were refined with a value of \$4,192,646. In 1925 there was a yield of 169,200 tons of beets from 17,941 acres. The value of the 38,428,160 pounds of sugar refined was \$3,745,200.

Licensed Auctioneer for Halton and the Williams Post Office. Sales conducted satisfactorily and at reasonable rates. Orders left at the Georgetown Herald Office will receive prompt attention.
