Both teams were very evenly matched and played about equal hockey, the second period closed without either team scoring. Near the close of the third period Elora scored another which tied the score. Twenty minutes overtime were played with neither team being able to secure the winning goal and the teams retired to the dressing room for ten minutes rest before playing the final overtime period. Once again the lucky home team seemed to be in the victor's possession and they were successful in scoring twice making the final score 4 to 2 in favor of Elora.
