Alberta coal of the highest grade is now on the way. This coal will be sold for about the same, and in some places for a little less than the other fuels which are being sold instead of hard coal this year.

An appeal to the people is practically certain to be made in June, by the Ontario Provincial Government, and the platform will be Government control of the sale of intoxicating beverages.

LET'S HELP

Up the road and down the road,
Whatever the way we take,
We'll meet some soul with a weary load.
Some heart that is torn with ache,
We'll hear some voice that has dulled its song,
Some spirit that's lost its cheer—
For roads are rugged and roads are long,
And many a track is drear.

"We can't do much and we can't give much—
We're poor folk," we may say!
But the little we can with a friendly touch
May brighten the world's highway;
So out with your smiles and your neighbor-strength,
Your song and your sympathy, too!
We can't do much on the journey's length,
But the little we can, we'll do!

—Lillian Gair

THE \$2,200 AWARD STANDS

Last year the Bulmer interests arbitrated before the Ontario Railway Board as to the damage they suffered by construction of the new highway bridge at Oakville.

A host of witnesses were heard from the firm, and for the highway contended by the railway board. The Bulmers claimed around forty thousand dollars on behalf of C. F. Bulmer and Bulmers, Limited. Apparently both Bulmers and the Highway Commission appealed against the finding and it was heard before the Appellate Court. Decision was handed out on Monday confirming the award made by the railway board.

This award includes the price of 50 feet of land used to widen the highway west of the Sixteen river over which the detour was located while the bridge was under construction.—Star.

COUNTY COUNCIL

All the members of the county council were present at Tuesday's meeting at Milton, Warden Blain in the chair.

High School grants were as follows:
Milton \$12,941.06
Georgetown \$6,507.38
Burlington \$11,471.71
Oakville \$13,658.93
Waterdown \$46.68
Streetsville \$38.56
Brampton \$28.68

High school trustees appointed—Burlington, H. L. Hutt; Oakville, Reginald Hore.

There was a long discussion over the dispute between Trafalgar and the County, non-payment of \$4,762 which was stated in behalf of the county to be arrears of part of last year's tax and may be had from representatives to be the amount payable on a debenture for between \$5,000 and \$6,000 to cover expenditure on the cement road north of Oakville which stands against the township and which, it was argued, the county should assume. Finally a resolution was carried to the effect that the Warden should find out the necessary steps for the collection of arrears and give instructions that they be taken.

The accounts of Police Magistrate Moore, rent of his office at Acton and the town of Oakville for 1925 were discussed in committee of the whole and it was decided to leave them to be dealt with by the council, but they not come up again. No doubt they will at the next meeting.

The Department of Agriculture was granted \$500 and the Halton and West York Teachers' Institute, \$50 for 1926. Other grants for which applications had been received were left over for future consideration.

The council adjourned to meet at the call of the Warden.

COUNTY L.O.L.

The annual meeting of Halton County L.O.L. was held in Milton at the L.O.L. Hall on Monday. The attendance was large, every lodge in the county being represented. Officers were elected as follows:

Fin. Sec.—H. L. Eishie, Acton.

Lecturer—J. Roberts, Campbellville.
Deputy Lecturer—G. Millard, Milton.
D.O.C.—W. E. McCready, Milton.

ONE HUNDRED and twelve applications for divorce filed before parliament this session.

Of these, forty-eight have been made by husbands and fifty-four by wives. There are many hands give favors and whose words sound joy you yet cannot reach that which gives a rarer and finer delight still. For there are some whose very presence is a blessing—whom to look upon is to feel new courage to take up life, deprivation, care; to think hopefully of man; to believe all noble achievement possible, and victory sure for all that deserve to succeed; to see a more glorious sun, and feel breezes from the eternal hills where God's own might abides.—Samuel Johnson, in "The Duty of Delight."

THERE APPEAR to be many people who are ignorant as to the fact that last session of the Provincial Legislature, among other amendments to the Ontario Temperance Act, there was an amendment to the penalty for selling liquor giving not less than a month's imprisonment in addition to the fine. The clause as amended in section 40 reads: "No person shall by himself, his clerk, servant or agent, expose or keep for sale or directly or indirectly, or upon any pretence or upon any device sold or barter, or in consideration of the purchase, or transfer of any property or thing give to any person any liquor. Every person guilty of any of the provisions of this section shall for a first offence incur a penalty of not less than \$200, 90 nor more than \$2000.00, and in default of immediate payment shall be imprisoned for a period of not less than one month and not more than three months." This amendment came into force last May, and the substance of it was published in every newspaper in Ontario. Since the amendment became law no person who has been convicted of selling liquor in this province has escaped imprisonment for one or more months for the first offence. The girls are working their way in everywhere. The Markdale Standard says: "Bandmaster Perkins has started a big class of beginners in the Citizens' Band. A dozen or more girls are included in the class, and they are making good progress." W. E. Downs, retiring bandmaster of Brampton Citizens' Band, who is leaving for a similar position in Renfrew, Ont., was surprised by the band on Monday, who met at the home of Jas. Mondy and gave Mr. Downs and family a handsome electric floor lamp. Mr. Reid read the address and E. P. Hartnsworth made the presentation.

Notes and Comments

AN ONTARIO PASTOR recently denounced the new five-cent coins as "one of the devil's agencies." "People live on money," he declared, "and often led to place them on collection plates in churches because of the resemblance they bear to quarters. Fourteen of them were dropped in the collection plate at one service."

"REV. FATHER MAJONEY, of Walkerton, hit a popular chord when he voiced his disapproval of the man who will not pay his debts. There are times when all of us are short, but that shouldn't mean that we should forget payment for value received. No man has a right to dedicate his money to the devil, and he has to be constantly 'dunned' to make him pay his accounts is not very fair with his creditors."

ONTARIO prohibitionists, meeting \$100 strong in Massey Hall, Toronto, last week approved an amendment calling for a committee of ten to survey the province and take action in the matter of temperance candidates in the next election. It empowers the Ontario Prohibition Union to place a straight prohibition candidate in the field in cases where a candidate cannot be endorsed by the union.

THE FARMERS' SUN says: "As to the general question involved in the matter of the liquor traffic in Ontario, there is no room for any middle course. It must be either province-wide prohibition, or province-wide legalized sale. With distance annihilated by the motor car, bar within twenty miles of a prohibited area would be as easily accessible and as great a menace as was one within three miles twenty-five years ago."

WE BELIEVE in the smile. But we claim that there must be something back of the smile. The smile that is kindled by the right sort of brain stuff and soul stuff, and we might add body stuff, and which beams from the eyes and lights up the face of the true man, is indeed an asset of much value in the factory, on the road, behind the counter and in all walks of life. But without this fuel we never know a smile to be warm and cheering.

THE BLESSING which good men bestow on others is not so much in any special act of admiration or encouragement, or in any gift they make, as in the abiding tenor of their inward lives. There are many whose hands give favors and whose words sound joy you yet cannot reach that which gives a rarer and finer delight still. For there are some whose very presence is a blessing—whom to look upon is to feel new courage to take up life, deprivation, care; to think hopefully of man; to believe all noble achievement possible, and victory sure for all that deserve to succeed; to see a more glorious sun, and feel breezes from the eternal hills where God's own might abides.—Samuel Johnson, in "The Duty of Delight."
