How was I to know that he was going to shoot out of that read? Right in front of my radiator. Never sounded his horn either; said he did dout he's a liar.

"And after I took him to the hospital and told 'em to spare no expense in making him comfortable, he turns and sues me. Asks \$25-000. Has three witnesses (all of them in the carawith him) to swear I was going 60 miles an hour.

"Offers to settle out of court for \$10,000. Lawyer says I might do worse. Says these three witnesses are bad, three men's word against mine. Says I ought to have found some myself. Listens nice _but there-weren't any to find.

"Think I'll hand him over \$10,000 without a fight?" Million for defence but not one cent for tribute' that's my motto. "But why didn't I buy that insurance that fellow Evans was trying to sell me? Told him I'd driven ten years without an accident and didn't see why I should begin now. He did say something about a lot of fool drivers on the road; ought to have believed him. But I didn't think they made 'em as dumb and crooked as that fellow,

What's the use of working if you've got to hand over everything you've made to some fool who doesn't know how to drive a car ? "Wonder what the jury will give him? Seen some pretty big

awards lately in the newspapers. - Bigger than \$25,000 some of 'em ? Never can tell what a jury will do. \$25,000 (of my money) wouldn't seem much to them. "Where would I get the Twenty-Five " Wish that insurance company were handling the case for me. Wonder if I hadn't better tell my lawyer if he can settle for \$7,500 to go ahead and do it. Know a hundred better uses for \$7,500. Hate to take chances on a
