Everybody says - "it certainly is Economical to operate"

CHEVROLET

The Coach

Although larger than other low-priced cars, Chevrolet has a world-wide reputation for being more economical of gasoline and oil. Modern design is the reason - just as quality construction and fine-car features assure the greater economy of long life, slow depreciation, and freedom from repair. The Improved Chevrolet, the latest and greatest Chevrolet, costs little to buy and little to own. Over a million owners will tell you, "It certainly is economical to operate!"

THE COMING LEADERS

O Lord, while we are chafing
To Thee, our glorious King,
May we, Thy aid receiving,
O'er grateful tribute bring.
Thou that in life's glad morning
Lead us with one accord
To seek to be arighting
The doctrines of Thy Word.

In youthful years of sweetness
When life from care is free,
We do in all completeness
Devote ourselves to Thee,
What Thou art freely giving
Enriches heart and mind,
And fits us each for living
To serve and help mankind.

Help all attentive readers
To know and do Thy Will;
Of those who speak and pray;
Thy purpose to fulfil.
Inspire the earnest pleading
Of those who seek and pray;
And keep this work proceeding
Till victory crowns the day.

May grace and strength and blessing
And peace and power combine
To keep us ever pressing
Along the high divine
In love and knowledge growing,
May we courageously be
As firm as ever standing
Our loyalty to Thee.

T. WATSON.
Hilgertown, Ont., 1926.

ANNUAL MEETING IN MILTON OF HALTON CONSERVATIVES

The annual meeting of the Halton Liberal-Conservative Association was held in the Town Hall, Milton, on Friday, June 18th, and was largely attended, representatives being present from all parts of the constituency. Addresses on the political questions of the day were delivered by Dr. R. K. Anderson, M.P.; Geo. Hillmer, M.P.; and Col. H. Mullins, M.P. for Marquette, Man. The election of officers for the ensuing year resulted as follows:

Executive Officers: President, M. C. Smith, Burlington; 1st Vice-President, George Arnold, Georgetown; 2nd Vice-President, Ernest Henderson, Milton; 3rd Vice-President, Wm. Moore, Campbellville; 4th Vice-President, Mrs. D. McNeil, Acton; 5th Vice-President, Samuel Nixon, Kilbride; Treasurer, J. F. Little, Milton; Secretary, T. A. Hutchinson, Milton.

TERRA COTTA

The Halton Brick Company are running their plant to the fullest capacity and expect to have their new wire-cut plant in operation shortly.

Mrs. Moore and family, Mrs. Udell and son, were week end visitors with Mr. and Mrs. E. Ellwood.

Mr. and Mrs. A. G. Pearce and Mr. and Mrs. Searle of Toronto spent Sunday with Terra Cotta friends.

Mr. Walker Laywood, of Guelph, visited friends here on Sunday.

Mr. F. Phillips, of Toronto, spent the week end at his home here.

F. Rogers & Company are very busy getting out stone at the quarry.

Mr. E. Clancy has the contract for gravelling the town line above the C.N.R. station.

Mr. and Mrs. Ashley, of Credit Falls, have taken up their residence here.

HE TOOK A CHANCE

A well written story in an exchange tells of a street accident, as the result of which a boy of nine is dead and the driver of an auto in jail.

Summarized, it is this:
A boy of nine years of age came behind a heavy truck. The street was narrow, so he swerved to the wrong side of the road to speed past.

There was a car with a little lad of nine and his new bicycle were dragged from under the auto after being carried some distance.

There may have been a started cry from the lad, but when he was picked up he made no complaint - he couldn't.

A rush to the hospital, the few short hours of torment for the parents and the boy for the doctor. Then the doctor's word that he had had gone, the appearance of the police and the carrying of some distance.

All because the driver had taken a chance. He was simply on his way home when he saw a boy of nine in the road. There was plenty of time to have looked ahead to see if the way were clear.

But he took a chance. He may be dead now, and if so, the suffering he inflicted on another's family will be visited upon his own.

If you drive a car, think this over. There's no doubt the man under arrest, facing a charge of manslaughter, considered himself just as careful a driver as you do.

THINK IT OVER

THRIFT

Most boys and girls leave school at the age of fourteen to sixteen, and are the duty of every community to see that industrial opportunities are provided for them and that they are provided for them and that they are advised and directed to take advantage of them in a way that will lay the surest foundation for a useful and well balanced career. They should be made to understand that when they leave school and go to work, they are beginning to take upon themselves the management of a very serious business, namely, the "business of living."

At the next six or seven years they will be in the apprenticeship of this business and will be under the guidance and advice of their parents or guardians and of their employers. But after the age of twenty-one they become responsible masters of their own lives - their own "business of living."

During this apprenticeship there is one lesson they should learn and practise more than any other, namely, the lesson of thrift. If, with the assistance of their parents or guardians and of an intelligent and conscientious employer, they will have a useful education, a good trade or profession, a proper habit of industry, good health and a wide circle of friends - the finest equipment with which to take over the management of the "business of living." Happy is the parent and fortunate is the community that provides such an opportunity for its boys and girls, the poorest in the land can provide himself with such an equipment.

Co-operation Among the Fair.

A meeting was held at Milton last week of representatives from Milton, Georgetown, Acton, Brampton, Burlington and Stratford to discuss matters of mutual benefit to the fair of this district. The question of admission price, trials and speeches, etc. were discussed, and it was suggested that the fair interested co-operate in jointly advertising their fair this fall. By co-operation it was hoped to increase the attendance and improve the fair generally. Another object will be held after the various representatives report back to their board of directors.

BAD MAN CONVICTED

Commits Robbery and Indecent Assault

A man who "blow in" to Brampton ten months ago, giving the name Daniel Hoover, in the self-confessed theft, and Wednesday last P.M. Crawford sentenced him to three years imprisonment.

Thursday afternoon at Georgetown P.M. Shickel sentenced the same Hoover for indecent assault on woman to two years, to run consecutively with the three given in Brampton, making five all awarded for two crimes committed in a week.

Hoover came here, it is supposed, from Montreal, to work in Hoveatson's shoe factory. He broke into the town with a wife and two children and rented a furnished home at the south end of Mill Street at \$30 a month. Latterly he has been living in rooms in a large house at the east end of John Street.

Hoover is a medium sized chap who says he is thirty-five and looks like forty-five. He weighs about 135 lbs. He is a good mixer and got around quite a bit. He invested in a car on long time. He also joined the town's brass band and played a double bass until the boys heard something about him that wasn't so good and they asked him to blow his horn elsewhere.

In the police court yesterday he pleaded guilty and was given three years.

At Georgetown a man was wanted for an indecent assault on a woman. On Monday a young woman came to the jail here and picked Hoover out of half a dozen men as the man who assaulted her one evening last week.

The young woman is 28 years of age and works in a factory. Hoover struck up an acquaintance during the day and was hanging around when the girl was going home in the evening. He persuaded her to enter his car, and drove into a lane and into a ditch. Feigning that the car had broken down he got the girl out and then proceeded to assault her. She was able to resist him and finally broke away and ran to a house. She had her clothes torn and receive a bad bruise on the leg, to say nothing of mental shock.

Hoover was at Georgetown for trial Thursday afternoon. He pleaded guilty and was given two years to begin with, the three for burglary instead of five. The Magistrate intimated that he had a mind to add the last to the two years.

Hoover gives his birthplace as Belfast, Ireland. He married his wife in New York State. He is never content to have had a long and varied career in crime. Stealing automobiles and getting married are among the things he is supposed to have been guilty of. His finger prints have been taken and forwarded to Montreal, and an interesting story of crime is expected to come from there. Hoover has a high school education. He writes a signature like copper plate instead of a cursive. It is the calligraphy of a business college.

Hoover is undoubtedly a very bad man. Now that he has been found out and convicted, he gives a most touching exhibition of remorse and contrition. - Banner & Times.

FORGET IT.

If you see a tall fellow ahead of the crowd
A leader of men marching fearless and proud;
And you know of a tale, whose mere telling aloud
Would cause his proud head to in anguish be bowed;
It's a pretty good plan to forget it.

If you know of a skeleton hidden away
In a closet, and guarded and kept in the day
In the dark, whose showing, sudden display
Would cause grief and sorrow and lifelong dnamy,
It's a pretty good plan to forget it.

If you know anything that will darken the joy
Of a man, or a woman, or boy;
That will wipe out a smile,
Or the least way dimmish,
It's a pretty good plan to forget it.

If you know of a thing, just the least little sin,
Whose telling would cork up a laugh or a grin -
Of a man you don't like, for his sake keep it in,
Don't, don't be a knocker, right here stick a pin -
It's a pretty good plan to forget it.

- The Baptist.

Notes and Comments

THERE IS A LOUD and urgent cry from pedestrians that drastic means should be taken to put a stop to the speeding motorists, particularly on the main streets of the town. Not only those who walk are to be considered, but careful drivers of automobiles, and those who accompany them, are constantly running great risk of being crashed into by cars which dash past intersections at a rate of speed which is positively shameful, and which is clearly illegal.

A GOOD MANY motorists fail to realize that the Highway Traffic Act means what it says when it enacted this clause: "No motor vehicle shall be driven at a street intersection at a greater rate of speed than ten miles per hour in a town or village. The penalty for first offence is not less than \$5.00 nor more than \$50.00, and for the second or subsequent offence not less than \$10 or more than \$100 and the license may be suspended for any period not exceeding three months."

SOME important changes were made in the election law by the Legislature this session. The length of time a person has to be domiciled in a constituency is reduced from three to two months; polling booths will be kept open till 9 o'clock instead of 6; if a candidate declines to retire after the ballots are printed the Clerk of the election is to be notified; notice must be posted up in the polling booths. The committee recommended that the number of names on nomination papers may be reduced from 100 to 50. Premier Ferguson objected to this last recommendation, as it might tend to get irresponsible candidates, and the amendment was lost.

A NUMBER of newspapers are taking up the question of the notifying of the public, or rather the lack of notification of new laws passed in the Legislature. The old adage that "ignorance of the law is no extenuation" may be quite all right in certain cases, but the number of new laws and amendments to old laws that are passed at each session, of which the average person is not apprised, don't give a person much chance. It is certainly true that much of the legislation goes through without the general public being given any definite information. A summary of all legislation enacted should be prepared by the government and sent to every municipal council and newspaper of the province, as an opinion which will be endorsed generally.

IN REFLECTING upon the conduct and actions of many of the young people of to-day, one seems to be naturally inclined to ask of them: "How much is your self respect worth?" Some young persons evidently hold it cheap. The boy who cheats to pass his examinations has parted with his most precious possession for a song. The girl who cheats her companions are doing, though she violates her conscience, sells her self-respect for almost nothing. No one is rich who cannot respect himself, even though he is rated as a millionaire. No one is poor who has retained his self-respect, although paying his last bill took his last dollar. Hold fast to your self-respect, for to lose it means that you have made a bad bargain, regardless of what it paid you, or what your present gain.

Globe.

Canada's Birthday

Dominion Day is Canada's only national holiday and falls always on July 1st. It is a day that should mean more to the Canadian people than any other date on the calendar, yet from year to year it passes and is rarely marked by any enthusiasm on the part of the citizens of this country, such as that which stirs our cousins across the line on July 4th. As a nation we are too phlegmatic and should be stirred into national consciousness like the people of Australia and New Zealand, who have their own distinctive flag and are not the less British on that account. They are 92 per cent. British in their origin and have national ideas that could well be emulated by the people of Canada. Let us indulge in a little more flag flying in Georgetown and make Dominion Day a day to look forward to with pride.

Will Unwell Memorial

The soldiers memorial at Streetsville will be unveiled by Major-General Lescault, C.B., on July 1st, and F. Vipond, President of the Ontario Veterans' Association, assisted by Rev. W. McCree, will conduct the dedication. H. F. Staley, Secretary of the association, will read the names of those remembered. Reeve Falconer of Streetsville will receive the memorial on behalf of the municipality when the veterans formally presented it.

A Halton young lady, Miss Beatrice Currie, of Campbellville, had the honor of standing highest in general proficiency in the graduation class at the Ontario hospital, Whittier.
