FACTORY sales of repair parts on Studebaker cars for several years have averaged only \$10 per car per year! Why part with money for parts? Studebaker cars require minimum repairs. Money put in at the factory for better materials and careful workmanship means less money put out by the owner for repairs.

By Molly Bevan A heaven of stars looks down On a river of stars below. Yet the western sky still clings To the last faint sunset glow. Ah! the world is a thing forgot As you laxily drift along, Waking the river echoes With the haunting litt of a song,

There's a brooding peace on the As if some mystic band lad smoothed each singing ripple Had hushed the sounds of land; Among the whispering rushes
That edge the winding stream. Like eltin lanterns of the dusk The dancing fireflies gleam. Wierd low crosks of a frog In some willow-shadowed pool,

Silver gleam of a fish in waters greenly cool, quaint littly crooning wind That sings to itself in the trees. Earth holds much that is fair Yet naught can rival these. These are the joys of the stream That roams at its own sweet will Through daisied country meadow, By village and tree-crowned hill; While the dusk drops gently down, And deepens more and more, Till the little wistful homelights Shine out along the shore.
