Canada's First High-Speed European-Type Light Car

The distinctive body lines of the New Overland Whippet resemble the smartest custom-built automobiles of America and Continental Europe. Stand in front of this car and you can imagine yourself on the boulevards

It will travel 55 miles an hour in perfect comfort . . . pick-up in 18 seconds from 5 to 80 miles an hour . . . go 35 miles on a gallon of gasoline . . . over 1000 miles on a gallon of oil. Measured tests show that the Overland Whippet, with its 4-wheel brakes, will stop in two car lengths from a speed of 25 miles an hour. The Overland Whippet is 5 feet, 8 inches high . . . not as tall as the average man. Yet it provides more room and comfort than you've ever found in any automobile of this class before.
