"Save what you've got" is sound advice-

If you can keep your old roof tight against the weather, it's poor economy to lay a new one. Coat your roof with Barrett Liquid Elastigum-make it leakproof for a long time to come.

We recommend Barrett Elastigum because we know how good it is. A layer of this compound of asbestos fibre and highgrade water-proofing material gives a new protective coating-seals up every crack. We'll be glad to talk over roof-upkeep with you-today.
