Ford Car wins out.

The Proverbial thrill that comes once in a life time came to hundreds of Ford owners at the Western Fair London on Sept. 18th, when they saw a standard Ford romp away from Whippet and Chevrolet competitors in the Special five mile race on Queen's Park track. The Ford finished nearly six hundred yards ahead of the other contestants, making five mile grind in 7:27. The race was a special feature of the fair program, resulting from a challenge issued by the Whippet representatives to all owners of light cars. The spectators saw a thrilling race despite the fact that the Ford led the whole way. For the first four miles the contest was exceptionally keen between the Whippet and the Ford but the Chevrolet was easily lapped. The Whippet made good time on the corners, but on the straight the Ford outraced ahead like a racing car.
