The first fish net factory to operate in Canada is being started bore by the Canadian Viah Net Co., Ltd., financed by Canadian capital and employing Canadian labor. Hitherto the nets used by Canadian fishermen have been imported from Europe and the United States, which has at times entailed beavy losses owing to late deliveries.

Grain left Montreal for seventeen different countries in the 1926 seeson. Great Britain imported to the lieaviest extent, followed in order by Holland, Germany., Belgium, Italy, Prance. Norway, Greece, Ireland. Portugal and South Africa. Great Britain took 39.291.763 bushels or 31 per cent. of the total exports from the Port, being also the heaylest purchaser of cats. Norway and Holland were the two largest buyers of rye.

The grain harvest of 1926 has left more money in the country than the greater harvest and somewhat higher prices of 1925, according to N. M.
