Mail Boxes on Right side

That all rural mail boxes throughout Canada be placed on the right side of the roadway in order to prevent further accidents and loss of life among rural mail carriers is a request made to the Dominion Government by the Rural Mail Carrier's Association. Members point out that many serious accidents have happened in recent years since the multiplicity of motor cars, requiring months of hospital treatment and entailing considerable expense and loss of time, through the practice in some districts of locating rural mail boxes on the left side of the road.

Flood at Glen

Credit Overflows and Causes Damage to Roadway—Cellars Flooded

The mild weather and rain the latter part of the week caused the Credit to overflow its banks and flood the lower portions of Glenwilliams. The water started to raise on Saturday evening and continued all day Sunday and Monday caused by the ice jamming at Beaumonts and the Glen Woollen Mills dams. The jam broke yesterday afternoon and the roadway was clear of water last night. Although there are a number of washouts which need immediate attention.

A number of cellars were flooded and the citizens were generally inconvenienced, but we are informed no serious damage was done.

In order to give our readers an idea what the Glen looks like in flood time we have published a photograph on this page taken when the water was at its highest.

Limehouse

Mr. Scriminger of Guelph spent the week end with Mr. and Mrs. Doughty.

Miss Winnifred Ivens of Toronto spent the week end with her sister Mrs. John Newton.

Quite a number from the United Church were at the Glen on Friday night putting on their old time concert. They report a real enjoyable time.

Nelson Pays Burlington $400

While feeling that a flat rate was more desirable than individual charge for outside fire attention, the Township of Nelson representatives at the last meeting of the Burlington Council stated their willingness to pay the Municipality $400 annually for the protection which could be afforded by the Burlington fire brigade. The deputation was headed by Reeve H. T. Foster, of Nelson Township.
