

How one mother keeps young

"How splendid, that we can run away for a few days to visit your mother! Without Long Distance it would be of course quite out of the question, but it is so easy to call up our home by Long Distance and make sure all is well that, really, there is no excuse for denying oneself."

"Every Bell Telephone is a Long Distance Station."

For Sore Muscles

After strenuous exercise, a hard day's work, a long motor trip, or any hard physical effort try a mustard bath. Just drop three table-spoonfuls of Keen's Mustard into the hot water, swirl around, and then get in and soak. You will be surprised at the new vigor which will result.

Rails \$3.00 single cord delivered; hardwood rails \$3.50; hardwood \$4.00 single cord. J. H. Smith, phone 84 or 13, Georgetown.

Home

It may be a mansion, it may be a dump; It may be a farm—with an old rickety pump. It may be a palace, it may be a flat; It may be the room where you hang up your hat. It may be a house with a hole in the floor. Or marble hotel, with a room at the door. It may be exclusive or simple or swell. A wren's bit of heaven or one little—well. Just try to remember, wherever you roam, "That Shakespeare was right, kid! 'There's No Place Like Home."

Friendship

Have you a friend, one true, strong friend... Whose hand on yours holds fast its grip. However fierce life's storms; Whose smile makes sunshine brighter seem. Whose cheer dispenses care; Whose cheery confidence assures A refuge from despair? Have you a friend—one old, tried friend, Whose time the more endears, To memory's inward vision, with The passing of the year? Whose kindness is as constant as The light of God's own day; Whose thoughts are with you though He is half a world away? If such a friend you have in truth, Then you are rich indeed, Although of things men count as wealth. You seem in secret need; And richer still in treasure that Increases to life's end, If you unto some brother man Can prove that perfect friend.

General News

The past season of navigation on the Great Lakes has proved so satisfactory to the majority of steamship owners that eleven new steamers at least will be constructed for the traffic of 1928.

W. E. McCready of Milton has been appointed bailiff of the Fifth Division Court of the County of Halton, in the room and steady Percy Woods resigned.

At the Trafalgar council meeting J. A. Hardy and Jno. F. Ford were appointed auditors of the township accounts. The two assessors, Bobt. Appleby, for the east of the township, and Anson Patterson, for the west, were re-appointed.

The Ontario motor markers for 1928 are composed of black letters on a yellow ground. The markers 1927 were also black letters on a yellow ground. When the new ones are a few months old it will be hard to distinguish them from the old, and identification of cars will consequently be more difficult.

George Jackson of Nasagawera township, was severely injured by his large pet dog, a mastiff, which was run over recently. Mr. Jackson, thinking the dog was dead, was in the act of removing it from the way when the dog seized him by the chin, tearing it so badly it required eighteen stitches to close the wound.

P. T. Barnum once said: "If you have ten dollars to put to good use, put one up for the article and the other nine for advertising. I can out talk any man but a printer. The man who can stick type and talk to several thousand people while I am talking to one is the man I am afraid of, and I want him for my friend."

Numbers of anonymous letters giving addresses at which children are said to be mistreated, are causing Hamilton Children's Aid officials trouble.

Mr. W. V. Scott of Moorefield, tendered his resignation as Clerk of the Township of Maryborough, and Mr. John A. Thompson was appointed as his successor. Mr. Scott has held the position for the past twenty three years.

Arthur Wright, an English home boy, age 20, had his back broken by a falling tree, on a farm near Orangeville. He is not expected to recover.

The members of the Young Women's Auxiliary of Knox Presbyterian Church, Milton, collected \$150.00 in coppers in a competition. The losing side provided a banquet for the winners.

Dr. Garnet McLean has been re-elected President of Woodbridge Horticultural Society, which had a very successful year. They raised \$718.00 and have a balance on hand of \$155. They held a successful halton show last fall.

Durham Council members, at their opening session, voted themselves a salary of \$2 each per meeting and doubled the rentals for their town hall.

Mrs. Mary McIntyre Crawford, widow of the late J. M. Crawford, a pioneer of Mount Forest and Alliston, died at Grace Hospital, Toronto, at the age of 83 years.

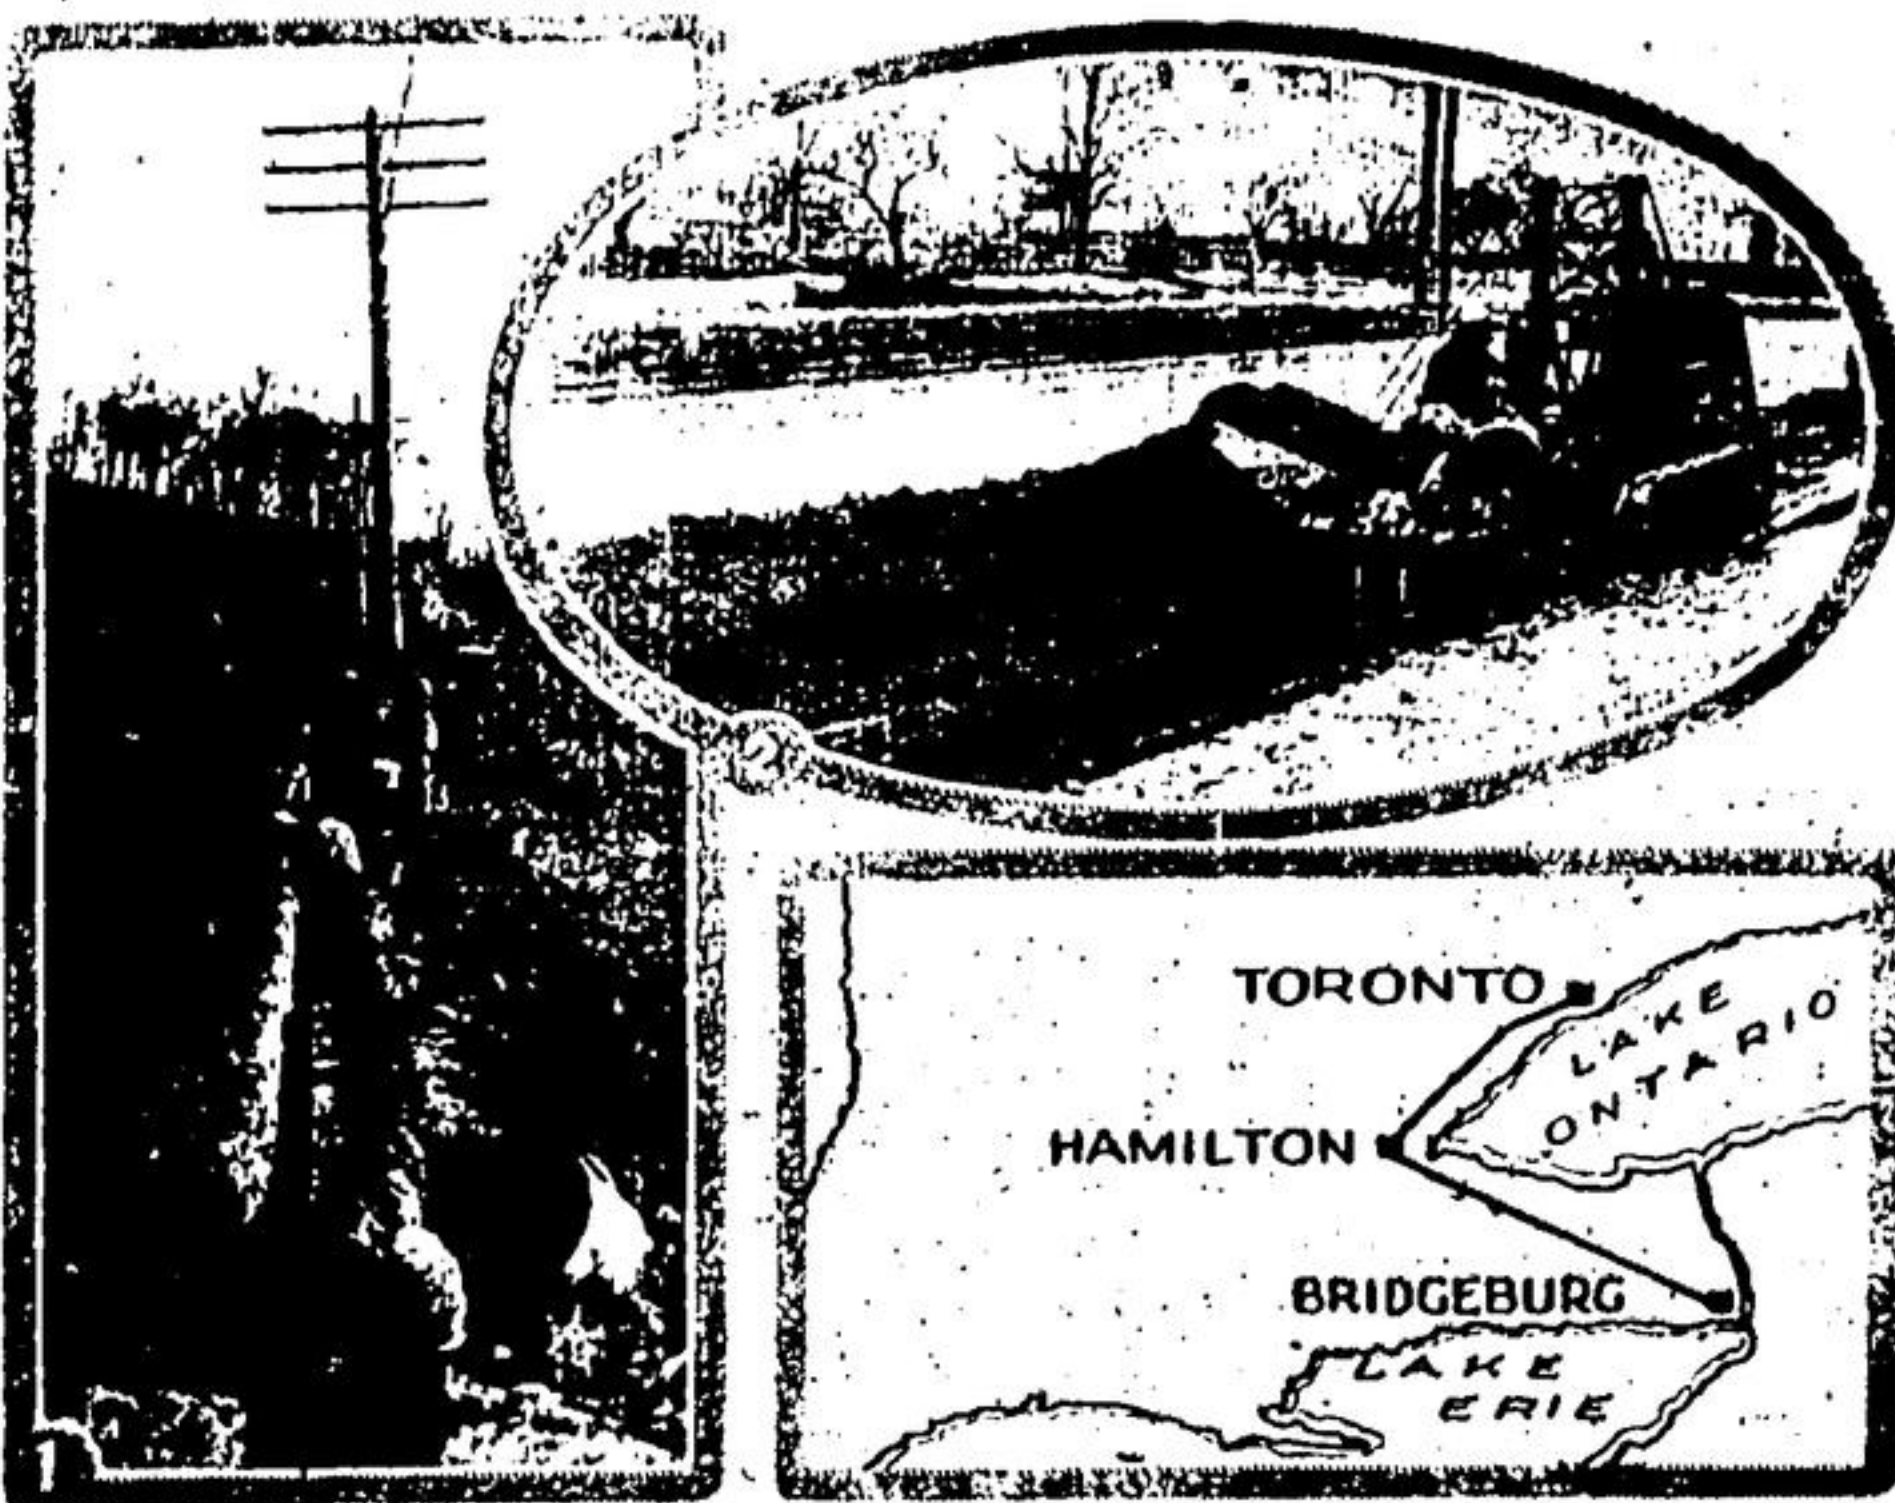

The little daughter of Alex. Preston, of Midland, got her hand caught in the moving rollers of an electric washer. Her hand was so badly crushed that fifteen stitches were required to close the wounds.

The death occurred last week of George Z. Campbell, a lifelong resident of Cheltenham, at the Peel Memorial Hospital after a short illness. He was in his forty-seventh year and was born in Cheltenham, a son of the late John and Catherine Campbell.

Mr. Anthony Hamilton of Shelburne, fell at the post office steps and broke his ankle. His right foot is now in a plaster of paris cast and he will be laid up for about six weeks.

The inquest into the death of Fred Clark, Campbellville, cattle drover, killed on the C.N.R. at Mt Pleasant, was on last week. The jury returned a verdict of accidental death. Moon was able to attend on crutches.

Science Has Found a Way

It was only a short time ago that science found a way of putting long distance telephone lines in cables. Already the first big job of seeding telephone cable (108 miles from Toronto to Buffalo) is nearing completion. Eighteen miles of this cable are underground, and the latest type of motor-driven trench-digging machine completes about 1,500 feet of trench per day. The job will cost over \$1,500,000, but cables resist slot storms so much better than open wire that in the long run a substantial saving will be effected, with a more assured service.

Time Was When a Merchant Could

open a store and expect people to follow a beaten path to his door—but those days are gone. To-day people shop through the medium of advertising, planning their buying in advance, getting their information from the advertising in the newspapers.

To-day

Advertising is looked upon by the alert business man as an investment from which he derives a steady income. Many business firms invest two per cent. of their annual turnover in advertising.

Here and There

Another barometer of the state of Western Canada's agricultural progress is the sale of school lands in the Prairie Provinces which in 1927 were the best on record. In all 480,000 acres were disposed of for a total of \$2,982,967, representing an average of \$27.70 per acre. The lowest price obtained was \$7 per acre and the highest \$70.

Appointment was announced recently of H. P. Angus to be assistant superintendent of the C.P.R. Montreal Terminal. Mr. Angus, who joined the Canadian Pacific Railway as a clerk in 1910, is the grandson of the system, and nephew of Sir Vincent Massey, chairman of the Bank of Montreal.

Ten-year-old John Wylie Barbour travelled recently alone from his father in Glasgow, a distance of about seven thousand feet, in care of C.P.R. train and boat officials from Chicago on. John thought the climate here was quite different to California and was no overcoat or had left it packed in his trunk, but he changed his mind at the station where he struck sub-zero weather. He arrived safe and sound, and will come back in the spring.

A paradise for the outside camper will be ready next summer when the government finishes the new camp ground in the Rocky Mountains Park within half a mile of Banff, as Tunnel Mountain. The camp, which on its old site last July accommodated 11,500 persons, is specially equipped among prairie farmers between seeding time and harvest. Charge is only one dollar for a party for three weeks, and running water, garbage removal, dinner shelters, electric light and even pay telephones are provided for campers.

Around ten thousand snowshoers and their friends will visit Montreal on the occasion of the 20th anniversary of the founding of the Canadian Snowshoers' Association to be held in Montreal February 3-5. The convention is international in scope since it takes in the American Snowshoers' Association with over 1,500 members in the states of New Hampshire and Massachusetts, while there are also representatives from the Manitoba Snowshoers' Association and local bodies from all over the province of Quebec.

Making his second visit to Canada in 44 years, Seymour Hicks, noted British actor, with his wife, the equally well-known English stage favorite, Ellaline Terriss, and their daughter Betty, with a company of 26, arrived at Halifax this month, played a week there and three days at Saint John as the opening phase of a four month tour that will embrace the whole Dominion to Victoria and back. Mr. Hicks travelled C.P.R. and will conclude his tour May 5.

The increased buying power of the Canadian people and the surplus funds in their possession for investment in the last few years is accounted for by the increased production of the Dominion, substantial increments having been recorded since 1921 and a new record, made according to estimates, in 1927. The value of gross production in Canada in 1927 was \$4,045,000,000; in 1924 it was \$3,253,000,000; in 1925 \$3,599,000,000; in 1926 \$3,858,241,824 and in 1927 \$4,045,000,000. The estimate of the "Financial Post," \$5,745,704,700. Production in 1927 exceeded that of 1925 by approximately \$100,000,000 and that of 1923 by \$200,000,000. Agriculture accounted for \$1,000,217,100; forestry \$480,405,000; fishing \$50,201,000; trapping \$16,784,600; mining \$262,750,000; electric power \$184,115,000; construction \$37,000,000; and manufactures \$2,000,000,000.
