Here and There

(60)
Victoria. — The area of forest land in British Columbia dedicated to future forest production is 5,840,000 acres, according to a Government report.

Calgary. — Plans are actively under way by the Calgary Terminal Grain Company to build a seven hundred thousand bushel elevator at Vancouver. It is announced by A. H. Hiett, manager of the company, Mr. Hiett said that an eminently suitable site had been secured on the north shore, approximately opposite Spillers elevator.

Five special trains carrying around 1500 pilgrims passed through Montreal recently on their way to Quebec City and the shrine of the Anne de Bourgne also visiting the shrine of St. Joseph in Montreal on their return trip. They were from the church of St. Adan, Jersey City and under the care of Father Curran, N. J. Curran, pastor, were on their annual pilgrimage to these shrines.

Shipments of freight destined to points in the north-west of Canada via the Port of Montreal and the Canadian Pacific lake and rail route will now be accepted, the earliest date being April 1st. There will be five steamers in the company's lake service between Port McNicoll and the head of the lake during the coming season. Through passenger service will be resumed this season from Great Sault May 1st and from Port McNicoll, May 15.

Installation of Mack Tractors and Lister Tractors for rapid movement of freight from Canadian Pacific docks to and from outlying terminals has now been completed in Montreal and will shortly be in use in Toronto. The tractor is immediately attachable to one or more of these tractors which can hold up to 15,000 lbs of freight and can be as swiftly dismounted. They are expected to immensely expedite the movement of C. P. freight.

Immigrants are flowing into Canada at record rates since lately and Canadian Pacific steamers from Great Britain and Europe are bringing them over at the rate of about 1000 a week. The majority are from the British Isles and North America and are mostly going to the open stock and are mostly going to the land in the Prairie Provinces with a fair proportion going to Ontario and the Maritime Provinces.

Winnipeg. — Despite the heavy movement of immigrants to the West during the past two weeks, more positions are open on western farms than the railways and employment agencies can fill, according to a statement of the Western Canadian Agricultural Association. Thousands of vacancies, the officers said, had been reported. Likewise, the same immigration continues at its present high peak the opening of operations on the land may find western farmers short-handed.

As the result of a conference between members of the Wheat Producers' Association, financial representatives and members of the Winnipeg and Brandon Boards of Trade, a movement is under way for the placing of 100,000 sheep annually on Manitoba farms. This will be sold in groups of fifty to each farmer, somewhat similar to the plan now in operation in North Dakota. J. D. McGregor was appointed temporary chairman of a committee to study further arrangements for the carrying out of this plan.

ALBERTA COAL

We are accepting orders for lump size Alberta Coal delivered in bins for \$12.25.

This coal is from Glen Mine at Drumheller, owned and operated by John A. Henderson, Winnipeg, Formerly of Acton.

If we receive orders for a carload delivery will be made about May 10.

Notice of Registration BY-LAW

Notice is hereby given that a By-Law was passed by the Council of the Town of Georgetown on the 1st day of November 1927 and approved by the Ontario Railway and Municipal Board on the 1st day of March, 1928, providing for the issue and sale of \$2500.00 of debentures for the purpose of completing the payment of the cost of extensions and changes made in the waterworks system of the Town of Georgetown and that such By-Law was registered in the Registry Office of the County of Halton on the 30th day of March, 1928.

Any motion to quash or set aside the same or any part thereof must be made within three months after the publication of this notice, and cannot be made thereafter.

Dated this 4th day of April, 1928.
F. L. HEATH, Clerk.

Farmers Attention!

If you intend roofing your buildings, see the Federal new roof, covers more than any other.

If you want a Disk Roller or Packer see the Hissell.

If you want a Windmill see the Toronto Double Geared Oil once a year. Water bowls, tanks and pumps.

Have your new barn equipped with Louden's Hay Rack, Cow Stations and Bowls.

Let your next wagon be a Jackon. Get a new DeLaval Separator and get more cream, 50th anniversary.

Use the Hepler Lighting Rod for your next job and be safe.

The Newest Discovery in Interior Finishes

A Brushing Lacquer Pyro-Lac Dries In 30 Minutes

Never since the advent of Ready-Mixed Paints has such a wonderful finish as Pyro-Lac been produced. Drying in half an hour to a beautiful, almost indestructible semi-gloss finish, Pyro-Lac is the answer to all the interior decorating problems of the busy housewife.

No need to turn your house upside down when you redecorate this spring; no need to wait for twenty-four to forty-eight hours between coats—if you use Pyro-Lac. Do over your floors and walk on them in an hour or two—refinish your Furniture with Pyro-Lac after lunch and use it at dinner the same evening.

PYRO-LAC FOR FLOORS

Pyro-Lac will withstand far more abuse than an ordinary varnish or floor enamel. Moreover, you can finish your floor and use it within an hour or two.

Slate Gray, Sandalwood, Golden Yellow and Stone Gray are colors particularly suited for floors.

Features of PYRO-LAC

Pyro-Lac dries in 30 minutes. Any amateur following directions can use Pyro-Lac. Pyro-Lac will outwear most paints or varnishes. Pyro-Lac's Semi-Gloss improves with wear and scrubbing. Pyro-Lac levels out to a beautiful uniform surface. Pyro-Lac comes in 14 bright, attractive colors.

PYRO-LAC FOR FURNITURE

Breakfast Room—Kitchen—Porch or Den Furniture and other pieces can be beautifully and permanently finished within an hour with Pyro-Lac.

Pyro-Lac cannot be marred by boiling water and hot dishes and in this is far superior to most enamels.

PYRO-LAC FOR WOODWORK

Owing to its rapid drying, its surprising durability and the beauty of its coloring, make Pyro-Lac particularly desirable for use on Woodwork.

Where a satin or egg shell gloss finish is desired, Pyro-Lac is unsurpassed. Moreover, Pyro-Lac may be rubbed and polished like a varnish or enamel.
