## A Plea for Strength

I am not certain of the right,  
But clearly marked is wrong;  
And so I make a prayer at night:  
"Lord, help me to be strong."  
I grope for truth and seek to find  
Some fact amid the doubt,  
But I with sinners stay behind,  
All hope must flatter out.  
To dare to be the thing I dream:  
How easy 'tis to say!  
Yet I might fight for it, and seem  
Still miles and miles away.  
And none can tell me, shall it end  
In victory, or despair,  
Shall I this way my spirit send?  
If so what waits me there?  
Yet if, when tempted I am weak  
And into shame descend,  
If only pleasure have I seek,  
I know how that will end.  
That way will lead me to despair,  
To folly's tragic god;  
And so of that I must beware  
If I would save my soul.  
"Tis hard to know the path of right,  
But clearly marked is wrong;  
And so I make this prayer at night:  
"Lord, help me to be strong."  
—Edgar A. Guest.

**Health Service of the Canadian Medical Association**  
Diet and Disease  
There has been an association between diet and disease. In their earliest days, health departments were occupied in cleaning up the town and cities because it was believed that disease was in the air. We have learned that there is a great difference in the various kinds of diet. The only diet that is dangerous is that which is contaminated by secretions of the human or animal body. The reason for this is that the body secretions carry away from the body the disease germs which may be present in it.  
Tin cans are unsightly, but tin cans are not themselves going to cause disease. Potatoes or apples, in rotting, give off an offensive smell but that smell does not cause any disease.  
The clean person, the one who covers his coughs and sneezes with a handkerchief, who keeps flies out of his home, who washes his hands before he eats, is not going to live in a dirty, untidy place. The clean person gets rid of dangerous dirt when he gets rid of all dirt. This is why, generally speaking, health and cleanliness go hand in hand.  
Because a clean city or town, by caring for all dirt, makes sure that dangerous dirt is disposed of, because clean surroundings are a stimulant to personal cleanliness, and cleanliness, and because cleanliness makes for more comfortable and happier lives, all efforts towards securing and keeping a city or town clean are to be commended and should be supported.  
Questions concerning Health, addressed to the Canadian Medical Association, 184, College Street, Toronto, will be answered by letter. Questions as to diagnosis and treatment will not be answered.

**Most Cat Weeds to Get Grains**  
Townships which do not keep their municipal roads properly cleared of weeds face a likelihood of having their provincial grants for road maintenance withheld by the department of highways, according to the terms of the revised Noxious Weeds Act, which has now gone into effect.  
Under the terms of the revised act the appointment of weed inspectors is compulsory in every township.  
The Noxious Weeds Act was first introduced as provincial legislation last year and in 1928 it has been revised in several respects.  
This year it is necessary for all townships to keep the weeds down on their roads. Road commissioners are held responsible under the act for the cutting of weeds and the cost is to be included in the cost of road upkeep.  
If the work is not attended to, the province will withhold its grant towards maintenance of county roads in that township until the weeds are satisfactorily cut, the act specifies. This clause is an addition to the act this year.

**Anniversary of Home Church**  
The anniversary of the New Home United Church, at Alton, was held Sunday, May 20th, under happy auspices of fine weather, and with a large congregation from neighboring congregations at Mt. Pleasant, Cheltenham, Norval, Huttonville and Georgetown. Rev. Dr. J. H. Edmondson, Toronto, a former pastor at Cheltenham, preached in the morning, and Rev. Dr. J. H. Edmondson, Huttonville, in the afternoon.  
An interesting attendant at the services was Mrs. Heta Shook, who has been connected with the congregation of Home Church for 66 years. Although 87 years of age, she walked into the church unaided, and took part in the services. Mrs. McKeeble of Cheltenham was another aged worshipper at the same service.  
"Don't blame the Chief if he pinches you for speeding or if he observing the 'stop' sign. It's not his fault, it's yours."

**Applications Many For Sheriff's Post**  
Many applications for the office of Sheriff of Huttonville County to succeed the late Sheriff Walter G. Hutton, Provincial member for the riding, Mr. Hutton, who has the making of an appointment, was unable to say when the new officer would be named.  
The appointment won't be made for some little time," he said. The applications are still coming in and the appointment will not be made until I think they are all in."

**Story With a Moral**  
The following, where a moral is new, is to pay for it they are obliged to call on the merchants of the community for donations. The merchants responded liberally and \$200 was raised for this purpose. The last man asked to subscribe was John Smith, a merchant. "I will give you \$20 if you will let me add something to the list," he said. The permission was granted him and he wrote at the foot of the list:  
John Smith.....\$20  
Hall Order.....\$100  
Peddler and Transient Trader.....\$50  
"The Church people saw the point when the minister read from the pulpit the list of donors to the building fund, and since the dedication of that church there have been no mail orders sent out from that town."

**Electric Railway has Traffic Record**  
Heaviest Victoria Day traffic on record over the Toronto-Guelph high speed line of the Canadian National Railways was reported Thursday night by N. B. Cumming, Superintendent.  
Thursday marked the opening of beautiful Eldorado Park under the new ownership and management of the C. N. E. R., and it was found necessary to add C. N. R. coaches to all trains, large crowds being picked up from Georgetown, Alton and Guelph as well.  
Now publicly-owned, Eldorado Park was many warm friends on its opening day. Motorists commented favorably on the large parking space available. A large and attractive program of sports was arranged by the railway and valuable prizes presented. A handsome silver cup was awarded to the winners of the girls' softball match. Ladies Silkworms of Guelph, who defeated Swastika, Toronto, by a score of 20 to 16.

**Rural Postmasters to Get More Money**  
More than 9,000 rural postmasters are to be granted salary increases, ranging from \$40 to \$200, per year according to their postoffice.  
Postmaster-General Peter J. Veniot made the announcement last night.  
The present minimum salary for a rural postmaster is to be raised from \$10 to \$100 per year, he said. And the percentage of allowance on postal revenues is increased in technical detail. It will cost the department about \$100,000 a year, and it is retroactive to April 1, 1928.  
Two old bootmen sat by the road side, puffing solemnly at their pipes. "There's no much pleasure in smoking, Donald," said Sandy. "How do ye mak' that out?" "Questioned Donald.  
"Well, if ye're smokin' yer ain' bacon, ye're thinkin' of the awful expense, and if ye're smokin' some other body's, ye're pipin' rammed see tight it winna draw."

## Filling Up the Vacant Buildings

There is no great business boom in progress in Canada, but there is a real movement along the line of industrial expansion. It is a healthy movement from which there is not likely to be a swerving. Every town should be alive to the opportunities of the hour, and this suggestion includes Georgetown. We have a number of unoccupied factory buildings - and what looks deadlier in a municipality than closed up buildings that were once lines of industry?  
This question is in order: Are we doing all we can to get these buildings occupied with industries that will mean the distribution of considerable sums of money in the community? If not, is it not time for action?  
With these buildings occupied a healthy general growth in business and population would soon be noticeable. Empty houses would fill up and there would be immediate evidence of greater prosperity.  
Other towns are getting new industries. Why not we?

**Advertising and Business Failure**  
The Kingston Whig-Standard calls attention to a recent summary of business failure made by an advertising man. This man studied the business failures in 34 leading cities in the United States with a view to finding out the reason why. He paid particular attention to their advertising methods, and sought to find out how many of them used the newspapers for advertising. He found that all of the firms which failed in these 34 cities, 84 per cent. of them did not advertise in the newspapers.  
It would be going too far to say that a business which advertises in the newspaper is bound to succeed and is safeguarded against failure, but these figures do show that the business which does not use newspaper advertising is more likely to be a failure than a success. The newspapers have an appeal to the great masses of the people which cannot be equalled by any other advertising medium, for they are read and studied in the home, and the advertising columns are as eagerly scanned as are those devoted to news. The people have been educated by long years of experience to look for the announcements of wide awake merchants and manufacturing concerns in their daily newspaper, and they readily come to the conclusion that if a product or a firm is not worth advertising, then it is hardly worthy of patronage. Had the 84 per cent. of failures who did not advertise realized this truth before it was too late, they might have been in business today.

**Keep Out of Grain Fields**  
In the revised statutes of Ontario which are arranged in four volumes with one as an index, we notice the following: "It shall be unlawful for any person at any time to enter with any sporting implement in his possession, or permit his dog to enter into any growing or standing grain without the permission of the owner; or to hunt, shoot or with any sporting implements in his possession go upon any enclosed or unenclosed land after having had notice not to hunt or shoot thereon." Farmers who are bothered with hunters coming on their premises do not need to run to a lawyer to ask what steps should be taken to keep hunters from tramping through their fields of growing grain. All that is necessary is to warn the hunter to get off the premises and if he refuses enter a complaint with a magistrate and let the law take its course. The owners of dogs running through grain are also liable. -Port Elgin Times.

**Applications Many For Sheriff's Post**  
Many applications for the office of Sheriff of Huttonville County to succeed the late Sheriff Walter G. Hutton, Provincial member for the riding, Mr. Hutton, who has the making of an appointment, was unable to say when the new officer would be named.  
The appointment won't be made for some little time," he said. The applications are still coming in and the appointment will not be made until I think they are all in."

**Story With a Moral**  
The following, where a moral is new, is to pay for it they are obliged to call on the merchants of the community for donations. The merchants responded liberally and \$200 was raised for this purpose. The last man asked to subscribe was John Smith, a merchant. "I will give you \$20 if you will let me add something to the list," he said. The permission was granted him and he wrote at the foot of the list:

The present minimum salary for a rural postmaster is to be raised from \$10 to \$100 per year, he said. And the percentage of allowance on postal revenues is increased in technical detail. It will cost the department about \$100,000 a year, and it is retroactive to April 1, 1928.  
Two old bootmen sat by the road side, puffing solemnly at their pipes. "There's no much pleasure in smoking, Donald," said Sandy. "How do ye mak' that out?" "Questioned Donald.  
"Well, if ye're smokin' yer ain' bacon, ye're thinkin' of the awful expense, and if ye're smokin' some other body's, ye're pipin' rammed see tight it winna draw."

**Applications Many For Sheriff's Post**  
Many applications for the office of Sheriff of Huttonville County to succeed the late Sheriff Walter G. Hutton, Provincial member for the riding, Mr. Hutton, who has the making of an appointment, was unable to say when the new officer would be named.  
The appointment won't be made for some little time," he said. The applications are still coming in and the appointment will not be made until I think they are all in."

**Story With a Moral**  
The following, where a moral is new, is to pay for it they are obliged to call on the merchants of the community for donations. The merchants responded liberally and \$200 was raised for this purpose. The last man asked to subscribe was John Smith, a merchant. "I will give you \$20 if you will let me add something to the list," he said. The permission was granted him and he wrote at the foot of the list:  
John Smith.....\$20  
Hall Order.....\$100  
Peddler and Transient Trader.....\$50  
"The Church people saw the point when the minister read from the pulpit the list of donors to the building fund, and since the dedication of that church there have been no mail orders sent out from that town."

**Electric Railway has Traffic Record**  
Heaviest Victoria Day traffic on record over the Toronto-Guelph high speed line of the Canadian National Railways was reported Thursday night by N. B. Cumming, Superintendent.  
Thursday marked the opening of beautiful Eldorado Park under the new ownership and management of the C. N. E. R., and it was found necessary to add C. N. R. coaches to all trains, large crowds being picked up from Georgetown, Alton and Guelph as well.  
Now publicly-owned, Eldorado Park was many warm friends on its opening day. Motorists commented favorably on the large parking space available. A large and attractive program of sports was arranged by the railway and valuable prizes presented. A handsome silver cup was awarded to the winners of the girls' softball match. Ladies Silkworms of Guelph, who defeated Swastika, Toronto, by a score of 20 to 16.

**Rural Postmasters to Get More Money**  
More than 9,000 rural postmasters are to be granted salary increases, ranging from \$40 to \$200, per year according to their postoffice.  
Postmaster-General Peter J. Veniot made the announcement last night.  
The present minimum salary for a rural postmaster is to be raised from \$10 to \$100 per year, he said. And the percentage of allowance on postal revenues is increased in technical detail. It will cost the department about \$100,000 a year, and it is retroactive to April 1, 1928.  
Two old bootmen sat by the road side, puffing solemnly at their pipes. "There's no much pleasure in smoking, Donald," said Sandy. "How do ye mak' that out?" "Questioned Donald.
