Performance Style Luxury Quality

at Low Cost

What would you have exactly the kind of car you would desire? What are the features you would want? You would want Performance... stamina to stand long, tough trips. You would want Style, of course... the latest trend in body design—long, low, sleek lines—the newest and most modish colorings. You would want the distinction of body by Fisher. And you would like a Luxurious car... one with wide, deep cushions that invited rest... with rich and beautiful upholstery, and fine interior appointments... one with snug protection against the weather with ease and a smoothness of riding. Last, but by no means least, you would demand Quality... substantial construction... refinements such as Four-Wheel Brakes, Air-Cleaner, Oil Filter, Crankcase Breather, Vacuum-Feed Fuel Supply, Safety Gasoline Tank in rear and so forth... dependability at all times and under all conditions. These are the things everyone would like to have in a car... and that every one CAN have, for the first time in automobile history, at the low cost of the "Bigger and Better" Chevrolet.
