### Just Be Kind

It costs so little—just a kindly word—  
As we go travelling the road of life,  
But these are weary eyes who, having  
long been, are heartened for the never-ending  
strife.  
It costs so little—just a cheery smile  
When faith and hope and courage  
are at low ebb, and suddenly life seems  
worth while,  
More full of happiness, less filled  
with woe.  
It costs so little—just a friendly  
hand  
To help some halting brother day by  
day,  
And just to tell him that you under-  
stand  
How lonely seems, at times, the long  
hard way.  
—Nancy Buckley.

### Milton

Ernest Simpson of Trafalgar township fell from a load of hay recently and had his right wrist badly sprained.  
Robert Ford of Oueagh is in a Toronto hospital undergoing treatment for spinal trouble. His many friends wish him a speedy recovery.  
Jack Anderson who underwent an operation for appendicitis at Guelph General Hospital on Sunday last, is doing nicely.  
Dr. R. K. Anderson, M.P., and Mrs. Anderson, have been spending a few days at "Hillcrest Lodge," Southampton, a popular summer resort on Lake Huron.  
Mrs. Will Hamilton of Milton, has accepted an invitation from the Ontario Department of Agriculture to give an address in the interests of Agriculture and Women in the women's tent at C.N.E. next month.  
—Champion.

### Acton

Mr. and Mrs. Robert Robertson returned to their home in Cartwright, Manitoba, on Saturday, after spending two or three months visiting friends and relatives in Acton and vicinity.  
Dr. J. C. Lindsay, son of N. F. Lindsay, Esq., announces the opening of a dental office for the general practice of dentistry in the Royal Bank building, 2 Bloor Street east, Toronto. Dr. Lindsay's Acton friends wish him success.  
Mrs. Bella Lindsay, Toronto, mother of Mr. J. G. Lindsay, Acton, had the misfortune to fracture her right ankle last Thursday. She is now making favorable progress towards recovery. Mrs. Lindsay visited his mother last Thursday.  
Mr. C. R. McIntosh, of the General Motors, Oshawa, who was operated upon for appendicitis a month ago, arrived at his father's home on Tuesday, and will spend the week there. Mr. McIntosh is making fine progress toward complete convalescence. Mrs. McIntosh and Mr. Grant McIntosh accompanied him.

### Recent Real Estate Transfers

Dr. Jos. McAndrew has purchased the fine farm on the ninth line formerly owned by Mrs. G. Richardson.  
Mrs. G. Richardson has purchased three houses on Main St. South formerly owned by Dr. J. McAndrew.  
Mrs. M. Carter has purchased the property of Mr. A. McChamber on Guelph St.  
Mr. George McLean of Toronto has disposed of his property on Guelph St. to Mrs. Lankey.  
Mr. Mann of Hampton has purchased a valuable lot on the Dundas highway at Cookville on which he intends to build a fine new restaurant.  
The above transfers were made through E. A. Idenham & Son, Real Estate Agents.

### Trails

A mule can not pull while he is kicking and he can not kick while he is pulling. Neither can you.  
God will not look you over for diplomas and medals but for scars.  
Some folks make their joys great incidents and their sorrows great events.  
What we are not up on we are generally down on.  
The only motto some people seem to have is, "If something ain't wrong, 'tain't right."  
You can't own any more than you are worth.  
Some people grow with responsibility; others swell.  
Some people are absolutely punctual in being late.  
The more we possess the more we are possessed by our possessions.  
—H. M. Stanifer.

### Gallagher's Indian Lang

This remedy contains many of the herbs our grandfathers used and recommended for lung troubles. It is a real blood builder and food we believe is superior to cod liver oil or fish oil preparation. It builds up the body and fortifies the system against colds or those diseases which attack the lungs. Bronchitis, Asthma and even hemorrhages have been permanently relieved by its use. Read our pamphlet, an interesting True Story, and go to W. R. Watson and ask for a bottle of Gallagher's Indian Lung Remedy. Yours truly,  
—Jack Speill.

### General News

A sentence of seven years in the penitentiary was pronounced by a New Brunswick judge last week, on a hit and run motorist whose victim died from injuries.  
Man and wife, each 78 years old, passed through Brockville recently on their way to Halifax in Ford car, made into small house on wheels. The man was minus an arm.  
James Parkinson, R. H. 1, Guelph, has purchased from Mr. J. Kelso eight Ontario sheep at \$50 each for the shewlings to go to the United States for show purposes.  
Mr. Job Ransom, Road Supt., of West Garafraxa, has estimated that township will this year spend \$15,000 on roads and bridges, with about \$10,000 on roads alone.  
The recovery of the gallant little ship Nanny was celebrated on Tuesday, August 14th, the one hundred and fourteenth anniversary of her last stand. The event took place at Nanny Island, in the Nattawaaga River, from the waters of which the vessel has been salvaged.  
During the last ten days Mrs. Bill Springer, of Nelson Township, had nearly one hundred of her prize chickens killed by a skunk, which was later caught in a trap and killed.  
It is expected that 20 new Loblaw stores will be opened during the next year. The company's new warehouses at Toronto cost more than \$1,000,000.  
The trustees of Hillsburg school have decided to open school two weeks earlier this year, and allow two weeks holiday during the digging.  
Sixty years ago 450,000 acres were sown to wheat in Canada. Last year the wheat acreage of the Dominion passed the 21,000,000-acre mark. This year it is almost 22,000,000.  
Canada may lead the world in wheat exports, and actually exports as much as India, Australia and Argentina combined.  
The Ontario Hydro-Electric Power Commission is taking an industrial census of Ontario towns with a view to helping them to secure new industries which may be users of hydro-electric power. To this end the, have sent out a questionnaire to these towns asking for information as to housing facilities, factory sites, factories already in operation, etc.  
An Englishman was visiting in the United States and his host took him to a dance hall where they do the latest dances. The Englishman was much impressed and after a lengthy pause he inquired of his friend: "I say old chap, they get married afterward, don't they?"

### Notes and Comments

REINDEER meat is a regular item in United States meat stores. While we in Canada still regard the animal as of little more use than as motive power for Santa Claus, its meat has become a commercialized product on the United States market. In Alaska there are estimated to be 500,000 privately owned reindeer. At least these vessels ply to the Pacific States with cargoes of 2,000 carcases. The meat may be bought anywhere in the northwestern states, and some is even shipped to the east. There is one store in Seattle that handles nothing but reindeer meat.

### REINDEER meat

WHATEVER your work, do not try to get out of thinking. It is true that some work can be dispatched with very little thought, but when done in this fashion, it helps to turn us into automatons, whereas, when with thought, it is educational. The worker who uses only his hands, never gets far up the ladder. Many a one who started as a manual worker, however, but who made his brains go into partnership with his hands, is now a prominent figure among those who count. One of the secrets of success is to do all the thinking possible instead of taking the more popular way of getting along with as little as possible.

### JUST to the extent that we treat

our summer visitors with courtesy and respect will we increase their desire to speak favorably of us when they have gone away. Every day during the summer months tourists stop and get information. Such information should be given with correctness and a desire to be of real service. If we do the welcomed and increase their desire to visit us again. Summer visitors spend annually millions of dollars in Ontario in warm weather recreation. Of late years catering to their needs has become one of our largest business institutions. This will increase if we exhibit a sincere effort to give them honestly and to the best of our ability the best of our service. We will pay extra dividends.

### PAY YOUR DEBT.

It is all right to be economical, to be conservative about expansion in a time of business depression, but it is not all right to delay payment of bills that can be paid so as to keep more money on hand. If everybody were to pay bills just a little more promptly than in normal time, the result would be a stiffening up of business all along the line. Make the money you have as active as it is possible to make it. I. A. pays B. the \$100 he owes him, B will pay C. \$100 and C will pay \$100 more goods from D who will replace it by buying from E and so on. But supposing A delays payment of these months just to keep his funds liquid, business drags to that extent all along the line. Multiply A by 1,000 and these 1,000 A's would make a difference of many millions in the total of Canadian business done. "He's prompt pay," is one of the biggest recommendations business men desire concerning any man. We appeal to A to hurry up in the interest of all the rest of us. And in his own interest too. That \$100 has to be paid eventually. Why not now? Somewhere along the chain that nimble \$100 will help others to pay A or buy from him. The single dollar needs a touch of help. The nimble dollar is the chief present need. What keeps a town in depression? Unpaid debts, nothing else. They are in process of being paid, and as that process quickens, so will the town.

### Crop Report

The crop report for Ontario issued by the Bank of Montreal under date of Aug. 18th is as follows:—"Considerable threshing has been done and wheat is yielding from 25 to 35 bushels per acre. The barley crop is mostly in stock and out cutting is in full swing. Both are excellent crops and are expected to yield above the average. Corn is making good headway although the bees are doing some damage in Southwestern Ontario. Root crops are very promising but some rot is reported in potatoes on low ground. Tree fruits are good and grapes heavy. Tobacco has improved and a good crop is assured. Cutting will commence this week. Pastures are excellent. Two weeks of dry weather are needed to finish the harvest."

### Family Bible 171 Years Old

J. M. Penstock of Burlington has a family bible which has been in his family's possession for 171 years, the date being ascertained by the inscription placed in the bible bought in 1757. In pursuing the page one found the letter P appeared in the printing throughout this book where today the letter B would be used. For instance priests would be spelled priests, Jesus as Jesus and so on. Marriages are registered as far back as 1753, births in 1755 and deaths 1758.
