### Nothing unusual about this of course!

"Oh, halle Jack! When did you come to town!" Burns had recognised the

cheary voice of an old friend over the telephone. But Jack was speaking from his home one hundred miles away. He had given "Long Distance" the distant talephone number, and she had connected him at once,

while he held the line. Nothing extraordinary about this. Quick Long Distance service is now practically universal. In most cases, connection is made while you remain at the

telephone. Giving the distant telephone number speeds up the service. We shall gladly look up for you the distant num-bers you frequently call.

The annual riding and camping expedition of the Trail Riders of the Canadian Rockies has many attractive features, but at the top of the list were undoubtedly the three charming maidens photographed above who took part in a 250 mile ride, joining up with the main group that visited the Lake of the Hanging Claciers. They are Kitty Miskey, Betty McCullough and Betty Hall, all of Philadelphia.
