Obituary

Mrs. H. G. Mer
The sudden death of Mrs. H. G. Mer at Chatham last Thursday is deeply regretted by her many friends in Georgetown. Deceased had been in poor health for some time. She was a daughter of Mr. and Mrs. E. P. Heaton of Toronto and had been a resident of Georgetown for some four years previous to her removal to Chatham. The remains were taken to Toronto where the funeral took place from her father's home on Saturday last.

Here and There

The latest recruits to the ranks of the internationally known Trail Riders of the Canadian Rockies are the daughters of Hansway Macdonald, former premier of Great Britain. They rode from the Chateau Lake Louise to Lake Agassiz to qualify for membership.

One of the eleven ranches of the Coaldale district is at present in the Crown's Net Pass where he is running a large flock of sheep on summer range. This is the first year that an independent rancher has moved here to the mountains for the summer and the sportmen is being watched with a good deal of interest.

The first of a new series of engines, built by the Angus shops of Montreal, is being put into service by the Montreal and Toronto. It is the largest passenger locomotive in the British Empire, 87 feet in length, weighing 424,000 lbs. and having a cylinder diameter of 36 inches.

Fifteen flying clubs have been formed in Canada since May when the Government's plan to encourage civil aviation was put into effect, while application for two more clubs are at present being considered by the Air Board officials. Half of these are strictly civil. More than one hundred members of the clubs are solo fliers.

A resolution petitioning the Canadian Daily Newspaper Association to hold its 1928 convention in the Maritime Provinces was passed at the Mid-summer meeting of the Maritime Newspaper Association held on board the Canadian Pacific ship "Keowating" en route from St. John's to Saint John, N.B. P. H. Leslie, president of the association, referred in his speech to the arrangement of the members for a matter acquaintance with the Maritimes.

The world wide service proclaimed by the Canadian Pacific Railway will be further improved with the establishment of a new hotel by the Company in London, England. So great a traffic of Canadian and American travellers between the continent and England has been built up by Canadian Pacific steamships that the construction of a new hotel in the heart of the Empire has been considered for some time. And now that the 200 room Royal York is well under way the project has been taken into hand. Operations should start next year.

Recently it was decided that fish are sensitive. Now a diverged salmon in New Brunswick who were caught and carefully transported to the United States by a fish ladder leading into a river draining American territory refused utterly to ascend the ladder. As soon as they were released into the water, according to a report received by the General Tourist Department of the Canadian Pacific Railway, they beat a hasty retreat down the St. John river to the point where they were caught and ascended another tributary rising to New Brunswick.

\$1000.00 PRIZES

"Sani-bilt" Week Contest SEPT. 15 -- 22

Facts about Sani-bilt Furniture every Canadian Woman should know

- 1 Sani-Bilt is absolutely moth-proof inside and out. Our special process destroys the Keratin (the animal oil on which the moth feeds) in every wool and hair fibre. No food value remains for the grubs in the covers or the fillings.
- 2 Sani-bilt is the only living-room furniture being sold to-day as moth-proof on which the manufacturers are prepared to guarantee in writing to replace the suite if damaged by moths.
- 3 Heavy oversize hardwood frames strongly reinforced. Wheel and screwed corner blocks. High-grade, non-stretching Scotch webbing is closely interwoven and firmly anchored at both ends. Absolutely no steel construction in any Sani-bilt suite.
- 4 Only new clean and sanitary materials are used in Sani-bilt, the fillings, the covers, the cottons, the webbings all brand new. This is of great importance to the purchaser, because upholstered furniture made of second-hand materials can prove a menace to the health of every member of your family.

PRIZES

1st	\$300 in Cash
2nd	\$200 in Cash
3rd	\$100 in Cash
4th	Sani-Bilt Chaise Lounge, value \$100
And 11 further prizes of "Occasional Chairs" each valued at \$30	

Sani-Bilt Week Sept. 15-22

Where are the Best Values in USED CARS

HAS it ever occurred to you that the best values in Used Cars are to be found where the best values in NEW Cars are offered?

As dealers for the "Bigger and Better" Chevrolet, we are able to offer such exceptional new car values that many of our customers have traded in their cars long before they had intended. The result is that we have a large stock of Used Cars in exceptionally good condition.

To make room for more Chevrolets to meet the great demand, we are offering our Used Cars at prices phenomenally low.

Call around and see them for yourself. Our reputation as Chevrolet dealers backs up the statement that they represent bargains in cost-per-mile that cannot be surpassed.

Ask about the G.M.A.C. plan which affords the most convenient way of buying out of income.

RUPTURE EXPERT HERE

F. H. Seeley, of Chicago and Philadelphia, nationally famous expert, will himself personally be at the Wellington Hotel, and will remain in Guelph this Sunday and Monday only, Sept. 16-17, from 9 a.m. to 5 p.m. daily. Mr. Seeley says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases, or incisions, ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions, with distinguished personal patrons of all nations." "His method has always been most satisfactory."—Late Dr. Edward Shippen, former Medical Director, U. S. Navy.

This instrument is the same as supplied to Burg. Genl. Bureau, U. S. Naval Hospital.—Penn. R.R., Etc., Etc.

He will be glad to demonstrate without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

N. B.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley.

CAUTION—All cases should be sustained against the use of any elastic or web truss with underpads, as same rest where the lump is and not where the opening is, often resulting in strangulation.
