BUSINESS MEN MEET
EVERY HOUR FILLED WITH 'ROYAL' VISITORS

PLENDED ADDRESS BY G. E. VAN BLARICOM FOLLOWED BY 'HUPPER'

There was a good attendance of Business Men at the supper meeting held at Neville's tea room last evening. President J. B. Mackenzie was in the chair, and after matters pertaining to the business of the Association had been dealt with, he introduced Mr. G. E. Van Blaricom, editor of the Canadian Lumberman, who gave a splendid talk on "Your Town and My Town."

The speaker emphasized the fact that it was not numbers that made a town but the character of its citizens. There must be civic pride, local loyalty and public spirit. All should help to make the best interests of the town and not knock those who are endeavoring to build it up. There are a lot of people free with advice but will do nothing themselves. Local institutions and business should be supported. Buy in your own town. Merchants complain about citizens buying out of town. They should be constant if you want your town to prosper. A man should not denounce a town as well as its people. Ninety per cent of the people are good honest citizens and we should be broad enough to consider other views. Men who are at variance all the time are a detriment to the community. You should give your support to every worth while cause. If you knock your town you are knocking yourself. Don't knock but do all the good you can to all the people you can in all the ways you can.

A hearty vote of thanks was tendered Mr. Van Blaricom for his splendid address which was thoroughly enjoyed and much appreciated by all present.

A tasty supper was served and social hour passed after which all departed for their homes feeling that the evening had been well spent.

Local Council of Women

The President, Mrs. P. A. Harley, presided over the November meeting of the Local Council of Women, in the West room of the Library, on Friday afternoon. An innovation, which was very much enjoyed, was the serving of a delicious luncheon in the midst of the routine by the hostesses for the day, Mrs. G. O. Brown and Mrs. Elmer Thompson.

A communication from Miss C. E. Carmichael called attention to the removal of subscriptions to "World Wide", a page of which is devoted to the work of the National Council of Women. Further assistance in the work of the League of Nations was solicited in a letter from Mrs. Meredith Secretary of the League in Canada.

One of the most vital communications to be discussed in view of the coming municipal election, was one emphasizing the necessity for arousing the interest of every member of the societies affiliated with the Council in the candidates for the Town Council and also in the prospective school trustees. Every woman is urged to exercise her vote and assist in electing those whom she considers best qualified for these important duties.

Mrs. H. W. Kennedy reported that the committee appointed for the purpose were beginning their canvass for funds to put the old cemetery in proper condition and establish a Perpetuity Fund.

Mrs. Harley evoked great enthusiasm, when she reported that she and her committee had been successful in collecting the \$200 asked of Georgetown as its share of the \$200,000 Foundation Fund, being raised by the National Council of Women.

Mrs. Kennedy read an interesting report of the National Council of Women held recently at Smith's Falls. Miss H. Lawson read a very interesting and thought-provoking report of the Maternal Mortality Commission of Manitoba. The high death rate of mothers and young infants in Canada calls for a careful investigation. The Council will not meet again until January.
