REDROSE TEA"is good tea"

Red Rose Orange Pekoe is

the best tea you can buy In clean, bright Aluminum

THIS MAN is a business prophet. He does not really look into a crystal ball but he reads the future nevertheless and he sees new cities yet unbuilt. He is important in the telephone business.

He judges the future from the facts of the present and it is his job to judge with accuracy. He must judge with accuracy because, in a telephone system, plans must be made for years ahead and millions of dollars are involved.

With a railway there must be tracks and stations before trains can run. With a telephone system there must be conduits and central exchanges before telephones can go in. To wait until people are clamoring for telephones is too late.

THE BUSINESS PROPHET does not L wait. He comes to the management with his charts and graphs and figures and says:
"In 1930 the demand in Ontario will be 80,000 new telephones. They will be wanted here and here and here."

....

Or he says: "Within the next five years the Province of Quebec will need at least forty per cent more exchange capacity.

And the management does not wait either. They know it is up to them to prepare now. If they don't they will be falling down on their job; they will not be keeping pace with the country.

TECAUSE THE BUSINESS PROPHET spoke in time and the management acted promptly there are 139,000 telephones being installed in Ontario and Quebec this year. Without them there would be inconvenience and confusion now in thousands of new homes and offices.

Next year the business outlook calls for spending over twenty-seven million dollars to extend and renew the system and plans have been made to do so.

For the next five years the telephone expansion definitely known to be needed in the two provinces means over one hundred million

INDING THE MONEY is a problem. It is as great a problem as the complications of engineering and organization.

Every year as the country grows there must be new money ready so that the telephone system may keep pace.

Every year thus far the money has been ready because the policy of the telephone system has been fortunate in attracting the support of conservative and reliable investors who have not been subject to the influence of market

THAT IS HOW the business prophet and his graphs have been made effective. And that is why the telephone management has always met Canadian progress with confidence and enthusiasm.

Published by The Hell Polephone Company of Consde to tell you semesting about the telephone business and the people in it.

—Peerless Rebekah Lodge of Brampton visited Verdun Lodge here last evening and exemplified the Rebekah Degree in a very creditable manner. About 100 were present. Refreshments were served and a social hour spent following lodge.

in public esteem. The subscription dancing. Refreshments were served, price is only \$1 a year or three years for \$2.

for \$2.

—The recent announcement of the Pamily Herald and Weekly Star to give a year free with a two year subscription appears to us a move in the right direction. Not that the Pamily Herald needs to reduce its price; it is recognized that at one dollar per year it is the greatest value in Canada today. The "year free" offer, therefore, means this—the subscription is still one dollar for one year, but for two dollars you receive a subscription for three years instead of two years. Hundreds will literally leap at this big offer and well they may. When one considers that for a two dollar bill you can have a paper of the calibre of the Family Herald and Weekly Star coming to your home for three full Games for November 15th, 1928 coming to your home for three for years it goes without saying that is a somewhat tempting offer.

Barn Burned. A small barn belonging to Mr. Whitmee on the lot in the rear of E. Benham's house, was totally distroyed with contents on Thursdinight last between 12 and 1 o'cloc buildings. There was some insurance on the building.

shower at Hernby. A large number of relatives and friends gathered at the home of Mr. and Mrs. Robert Galbraith, Hornby, last week end and showered their daughter, Marie, who was married on Hallowe'en. A pleasant evening was enjoyed, with good music, and a splendid lunch was served. It was a real family reunion and all expressed good wishes for Mr. and Mrs. Vaughan.

Cosy Warmth from this Attractive **STOVE**

This attractive stove, built on a wonderful new plan, employs a new principle in stove heating. It keeps the whole room at an even heatmore it keeps several additional rooms in cosy comfort, why? Jewel Home Warmers heat by circulation instead of radiation-air is drawn from the floor, heated and then delivered from the grating at the top of stove. This establishes a positive movement of air which equalizes the temperature throughout the rooms to be heated. They are both attractive and economical in fuel. The large opening at the top makes them suitable for either coal or wood. Reasonably priced at \$30.00 and \$35.00.
