A Happy New Year

When we look back over the experiences of the year just drawing to a close, and mentally inventory those experiences we get the greatest satisfaction from the many evidences of good will that have come to us from our friends in the realm of Trade.

It is an occasion that makes it possible for us to express to each other without the ordinary restraints, those higher sentiments of fellowship that are the foundation of Social Harmony and Progress

So, we want you to accept, in all sincerity, our heartfelt wishes that you may have A HAPPY AND PROSPEROUS NEW YEAR

WARDEN ENTERTAINS

ANNUAL DINNER HELD AT OAKVILLE LAST WEEK

The dinner given in the Masonic Temple, Oakville on Dec. 18th, by Thomas E. Blacklock, the retiring Warden of Halton county was a highly enjoyable occasion. A gathering numbering 125 persons, enjoyed the hospitality.

After community singing led by Frederick Harris, organist, A. H. Porter, ex-warden of the county, called for the toast to the King and then introduced Mayor W. E. Robinson, who extended a welcome on behalf of the citizens of Oakville, to the guests from the other municipalities of the county, and expressed appreciation of the honor done the town by having the banquet in Oakville.

William Humphreys, Esquire, an ex-warden of the county, proposed the toast "Canada, Ontario, and the Grand Empire of the West," which was responded to by Mr. Anderson M.P., Milton, referred to the importance of the Grand Empire of the West.

George Hillmer, M.P.P., replying to the same toast, spoke of the responsibility of the county council in the past to the county council, who thought the members for the honor they had done him and Oakville in the past. He expressed appreciation of their hearty co-operation.

Addresses were given by Mayor Dale, Georgetown; Deputy Reeve Mont and W. B. Davis, Oakville; Juvenile Court Judge, Burlington; Sheriff, Police Magistrate Crawford of Brantford.

ENORMOUS LOSS FROM WHEAT RUST
Stem rust is regarded today as the most serious problem in wheat production in Manitoba and Saskatchewan. It is believed to have caused an average annual loss during the past twenty-five years of at least \$25,000,000. In the one season of 1915 the loss was estimated at \$100,000,000. The rust is caused by a fungus parasite, the life history of which is fully explained in a new bulletin, numbers 109, issued by the Department of Agriculture, at Ottawa. This publication, by D. L. Bailey, Senior Lecturer in Pathology, and J. H. Rust Research Laboratory, Winnipeg, bears the title "Stem Rust in Western Canada." The field surveys which have been carried out in the past year are due to the fact that the origin and spread of stem rust, indicate that the earliest invasions each year are due to the rust which is brought by the wind from the Prairie Provinces from the wheat fields of the United States. According to the bulletin published by the Division of Botany, the Experimental Farms are actively engaged on a plant breeding programme by which it is hoped to build up strains of heavy yielding and early varieties of good milling and very resistant to the most destructive varieties of rust. About twenty different crosses are now being carried on, some of which have reached the fourth generation. As relief by this procedure is a long process, for several years the Department has been working upon treatments of the crop that offer hope in controlling rust.

The bulletin shows an aeroplane in operation spreading sulphur across a wheat field as a means of defeating the rust attack in its destructive work. This bulletin, which is available at the Publications Branch of the Department of Agriculture, is recommended to those who find that they can no longer grow some of the older varieties of wheat profitably because of rust, to make a trial of some earlier varieties that may be recommended to them by their nearest Experimental Farm or Agricultural College.

HALTON COUNTY FLOWMEN'S ASSOCIATION
The annual meeting of the Halton County Flowmen's Association was held in the office of the Ontario Department of Agriculture on Saturday, December 15th. A fairly good number of members and visitors were in attendance. On account of illness, President Chisholm was unable to be present. The Treasurer's statement showed the Association to be in good financial position, showing a balance of around \$200.00.

The following officers were elected: Hon. President, A. A. McColbun, Milton; President, Gordon Chisholm, Trafalgar; 1st Vice-President, Ed. Harrop, Exeter; 2nd Vice-President, W. A. MacVane, Milton; Secretary, A. P. MacVane, Milton; Treasurer, J. H. Willmott, Trafalgar; Auditor, John Irving, Milton.

The following directors were elected: Trafalgar, Oliver Bowman and James Wilson; Exeter, J. M. Carton and Norman Wright; Milton, Nelson, Jas. A. Mackenzie and Ernest Reshead; Niagara, Leonard Chisholm and Ernest Dredge; County Director, Fred Robinson, Milton.

It was suggested that the 1929 match be held near Horby. The meeting expressed themselves as anxious to assist the Junior Farmers' Home Plowing Competition which was undertaken for the first time this year with promising results.

Great Goods from Little Savings Goods

Did You Ever Stop To Think

That the town that fails to encourage the business concerns it now has will fall way behind in the March of Progress.

That when business concerns fail to use every effort to increase their business in the home town and its trade territory, they are holding back its progress.

That merchants should show the people of their community by NEWSPAPER ADVERTISING that they can supply their every want.

That people appreciate the true merit of the home town as a trading centre when the local concerns take interest enough to tell them what they have through the recognized shoppers' guide—THE NEWSPAPERS.

That newspaper ads. draw shoppers from other localities. Shoppers do not come to town to buy just one article, they usually buy many articles.

That out-of-town shoppers, as well as the local shopper, should receive prompt and strict attention.

Advertising, Service, Quality and Price are the Big Attractions that Bring Them to Trade
