After all it is not surprising when one considers the quantity and quality feast the readers are given each week and at a price ridiculously low—$1 a year or three years for $2.

What is reported as the largest shipment of farm tractors made into one point arrived recently at Calgary, Alberta. It was a trainload of 33 cars on which there were 128 tractors, for distribution to various points in Alberta. This indicates very conclusively the growth of our agricultural interests in Western Canada.

SAD ACCIDENT MARS NEW YEAR

The following from the Gladstone Age refers to a daughter of Mr. and Mrs. David Smith who were well known in this district. Mrs. Smith was formerly Minnie Nixon of Ashgrove:

"A pall of gloom was cast over Gladstone New Year's Day by the news of the death of Miss Marie Smith in the afternoon. Death was the result of her accident in Gladstone, Monday afternoon, when she was struck by the front wheel of a loaded gravel truck. At first it was hoped that she was not badly hurt, but she was rushed to Winnipeg, where an x-ray proved her injuries very serious, and she passed away in the presence of her family about 4.15 p.m. at the General Hospital. Coroner Ross had not decided as to an inquest when interviewed. The driver of the truck, Mr. Harold Nelson, seems to have taken all possible precautions, and is considered one of the most careful drivers on Mr. Pitt's gang. The funeral took place last Thursday at the United Church.

Marie Smith was one of the best-loved of Gladstone's young people. Born in Gladstone, twenty-five years ago, she received her schooling here and two years ago graduated from Manitoba University. Since last fall she had been engaged as teacher at Preston School. Marie was very popular among her college friends and since her return home has always been active in young people's work in the church and in social circles. She leaves to mourn her, her father and mother, Mr. and Mrs. David Smith; one sister, Miss Helen, nurse-in-training, and four brothers, Jack, Nixon, David Jr. and Lloyd, all at home. The sympathy of everyone in the community goes out to the bereaved family in their sudden and bereavement."

Halton County Assessment Award

Majority Report Adopted, and County Rate Struck at 6.79 Mills

The County Council met at Milton on Saturday last to receive the report of the county equalisation commission, and strike the tax rate for the year. Two reports were brought in a majority report from Judge Elliot and Registrar Chisholm, and a minority report from Judge Justin, of Peel County.

The figures on the majority report which was adopted, were about half a million dollars more than those on the minority report, and the total assessment of the county was increased by about a million dollars. The figures for the majority report for the various municipalities are as follows:

Acton	$ 1,292,786
Burlington	2,766,715
Georgetown	1,613,880
Milton	1,486,830
Oakville	3,487,653
Esquesing	5,251,065
Nassagaweya	2,233,104
Nelson	5,253,172
Trafalgar	8,528,577
Total	$31,913,780

Judge Justin's minority report, which was not adopted, fixed the figures as follows:

Acton	$ 1,261,268
Burlington	2,800,419
Georgetown	1,505,714
Milton	1,470,513
Oakville	3,360,970
Esquesing	5,023,934
Nassagaweya	2,240,804
Nelson	5,292,085
Trafalgar	8,535,900
Total	$31,300,316

Last year's assessments were as follows:

Acton	$ 1,185,227
Burlington	2,628,379
Georgetown	1,433,729
Milton	1,394,835
Oakville	3,295,908
Esquesing	5,230,767
Nassagaweya	2,204,485
Nelson	5,349,020
Trafalgar	8,344,140
Total	$30,950,770

The county rate was struck at 6.79 mills, and the following are the amounts paid by the several municipalities:

Acton	$ 8,575.26
Burlington	18,564.86
Georgetown	11,494.43
Milton	10,066.63
Oakville	23,681.16
Esquesing	37,306.34
Nassagaweya	15,162.78
Nelson	43,506.30
Trafalgar	72,943.06
Total	$241,340.66

In the minority report, Judge Justin assessed all costs of the hearing to the township of Trafalgar, but the majority report assessed the costs to the various municipalities. The majority report also stated that if the county would spend a little more time on the equalisation of the assessments throughout the county the matter would not be appealed to the judge as frequently.

The general county rate for the year was set at 6.62 with an additional .17 mills for roads, making a total county rate of 6.79 mills. The total expenditure of the county for the year 1928 was $241,340.66, of which $39,971.44 was for roads.

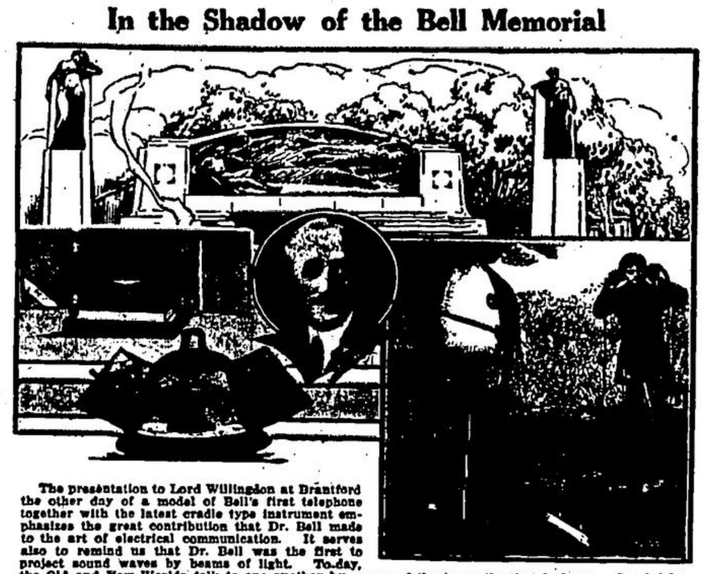
In the Shadow of the Bell Memorial



The presentation to Lord Willingdon at Braniford the other day of a model of Bell's first telephone together with the latest cradle type instrument emphasizes the great contribution that Dr. Bell made to the art of electrical communication. It serves also to remind us that Dr. Bell was the first to project sound waves by beams of light. To-day, the Old and New Worlds talk to one another by means of the transatlantic telephone. Carried by electric waves first predicted by Maxwell, an Englishman, and experimentally verified by Herz, a German, speech travels the broad expanse of the Atlantic Ocean in one-sixtieth of a second. These electric waves, commonly known as radio waves, were known and understood by relatively few scientists in 1876 when the telephone was invented. Of course, light waves were known. Using these light waves, Alexander Graham Bell was the first to devise a wireless telephone. Note (at the right) an old picture of Bell's experiment with light waves.
