VOTE FOR THE BY-LAW

On the seventh day of February the property owners of Georgetown are asked to vote on a by-law to place a fixed assessment of \$15000 per annum on the Smith & Stone electrical manufacturing plant said firm with 100,000 units of water per month for the next ten years. To make a long story short this is practically asking for a renewal of the present agreement, and we venture to say that the single property owner in Georgetown has ever required the present agreement between the town and this enterprise and upgrading firm, 100,000 gallons of water per month is a matter of \$6 at the regular retail price, \$2 per year. Last year the firm paid \$741 in taxes and will continue to pay a similar amount in the future under the agreement. In the event the by-law is passed the town will build an addition to their present plant costing in the neighborhood of \$30,000. This will mean that more labor will be employed and a bigger wage bill will be paid to the town. For the benefit of those who are not aware of the growth of this business in the past few years we give the following regarding employees and wages paid since 1923:

Year	Wages Paid	Employees
1923	\$ 2,540.00	65
1924	\$ 8,508.87	103
1925	\$ 89,253.24	119
1926	\$ 107,270.15	131
1927	\$ 108,567.54	131
1928	\$ 121,721.75	136

An increase in six years of 116 employees and \$222,120 in wages. The continued expansion of this company in Georgetown rests with the property owners. If the by-law is carried out will be commenced at once on the new building; if it is defeated the assembly plant will be moved to the town and a loss to Georgetown of approximately 45 employees and \$40,000 in wages. If you desire to work in the town, the residents are concerned and the future prosperity of our town, vote for the By-law.

PAPER PLANT MOVING TO GEORGETOWN

After operating for nearly 40 years at West Toronto, Ritchie and Ramsay Ltd., coated paper manufacturers, are about to close that plant and move the business to Georgetown. No official announcement has been made, but employees have been notified and some of the machinery is already being removed. It is said that the object of moving is to facilitate shipping. The company is a branch of the Millar Paper Mills of Merriton, and Georgetown.

CORRESPONDENCE

RE SMITH & STONE BY-LAW
The Editor, Herald, Georgetown, Ont.
January 25th, 1929

Dear Sir:—In regard to the Smith & Stone Ltd. By-Law, viewed solely from the position of the Town, there should be no objection. The Town is entitled to receive the same revenue as formerly and when the ten year period is up, will receive considerably more in taxes on the proposed additions.

Let us consider the serious loss it would be to Georgetown, the most important part of this industry, and the very part that will have the greatest effect on the town. We should remember too that Georgetown has a disadvantage in lacking an abundance of the trained factory hands which is more easily secured in a large centre. This industry is already an important one, but it is only in its infancy. Their products are now favorably known all over Canada. Up to the present time they have met all obligations to the Town and when the present proposed extensions are completed, the Town will have still better security and no added liability. The amount of water asked for, is after all, very trivial.

This is the best proposition the Town has ever been offered. We have everything to gain and nothing to lose. The favorable support of the ratepayers for the proposition will establish every branch of this concern solidly in Georgetown, and there is every indication that it will be one of Canada's best industries.

Yours very truly,
W. F. Bradley.

Mr. Donald Ferguson of Saskatchewan, writing to Major Grant, has the following post script to his letter which will prove interesting to all concerned: "I saw, and was greatly interested in your item in the Georgetown Herald about the Sunday School Class at Christmas, 1888. I remember many of the members mentioned. I also enjoyed reading Jim Ballantine's History of the Helton Regiment, and I am curious to know what has become of Charlie Burnside, Ben Foster, Sam Merton and the Beaumont boys. Any of them are still at Georgetown, give mine and my father's best regards to them, and to Mark Clark."

Georgetown Broadcast Was Well Received

EVERYBODY DELIGHTED WITH THE SPLENDID PROGRAMME

Every radio in town was tuned in on C.P.G.A. last evening when an All-Georgetown Hour was given by local talent. No one was disappointed for the general verdict is that the entire program was one which all are justly proud. The speeches by J. B. Mackenzie, Mayor Dale and A. J. O'Neill were features of the occasion and gave a whole lot of valuable information about Georgetown in a very compact form. The musical part of the program was just splendid and was rendered by Mrs. Josephine Wilson-McLeay, vocalist; Mr. Jack Thompson, violinist; Mr. Archie Black, baritone; Mr. John Nickell, violinist; Georgetown Orchestra under the leadership of Mr. Roy King; Mrs. Archie Black, contralto. The reading by Mr. L. F. McPherson was usually given by its inimitable style, delighted everybody. The thanks of our citizens is due the radio who so well supplied the excellent program and the Business Men's Association for their enterprise in arranging the broadcast.

HOCKEY NEWS

JUNIORS STILL IN RUNNING FOR GROUP PLAY-OFF
On Friday night the juniors got back into the running for group play-offs when they defeated Milton 4 to 3 in eighty minutes of hard-fought hockey in the local arena. Both teams battled strongly but the locals had a slight edge in speed which was enough to give them the victory. The victors had a little better of the play in the first period but as the game progressed the home team began to improve and in the overtime Milton was easily out-played. Alcott started the evening when he passed from Buck to beat the defense and score from close in. Milton came back with the equalizer in the second frame and forged ahead to the front, half way through the third period when Cole, who played brilliantly, shot from the side. The locals began to press strongly and their efforts were rewarded when Alcott banged home a rebound to make the score 2-2. In the overtime game the victors were not so lucky and made no mistake when he shot it in the far corner of the net. Buck finished up a good evening's work by scoring the last goal to make the score, Georgetown 4, Milton 2.

Georgetown goal, Cole; alternate, Ward and Hartman; centre, Alcott; wings, Buck and Huffman; alternates, Hoare and Woods.

The juniors come up against Bolton in the Arena here on Friday night. Everyone should turn out and give the boys their support, for they are shaping up well.
