CANADIAN POULTRY FOR THE ORIENT

The judging of poultry has during the past year been changing from colour, markings and form to actual performance in laying eggs. The Canadian Record of Performance is giving Canadian poultry a prominent position in the minds of poultry raisers in all parts of the world. Ever since the World's Poultry Congress was held in Canada in 1927, the exports of fine poultry have been increasing. Not only have been going forward over long distances, but hatchling eggs have been sent to Japan where over fifty per cent. Already this year some three thousand hatchling eggs have gone to that country. One shipment in the month of February carried one thousand hatchling eggs for the Japanese Experimental Farms system and twenty mature White Leghorn fowls for a private Japanese breeder. The birds consisted of five cockerels from dams with records of 300 eggs and over, and fifteen hens with records of from 250 to 280 eggs each. It is announced also that the hatchlings from eggs sent to Japan are being filled by the British Columbia Record of Performance Association for the purpose of raising eggs to a breeder in the Philippine Islands.

NOTICE TO CREDITORS

IN THE MATTER OF THE ESTATE OF SAMUEL BYRON WORDEN, late of the Town of Georgetown, in the County of Halifax, Express Trustee, Deceased.

NOTICE IS HEREBY GIVEN that all persons having any claims or demands against the late Samuel Byron Worden, who died on or about the twenty-fifth day of January, A.D. 1929, at the Township of Esquevitz, in the County of Halifax, and Province of Ontario, are required to send by post prepaid or to deliver to the said trustee, solicitor for John McDermid and Everett Cole, both of the said Town of Georgetown, the Executors of the last will and testament of the said Samuel Byron Worden, Express Trustee, deceased, their names and addresses and full particulars in writing of their claims and statements of their accounts and the nature of the securities, if any, held by them.

AND TAKE NOTICE that after the twenty-second day of April, 1929, the said John McDermid and Everett Cole, will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which they shall then have had notice, and that the said John McDermid and Everett Cole will not be liable for the said assets or any part thereof to any person of whose claim they shall not have received notice.

DATED at Georgetown, Ont., this twentieth day of March, A.D. 1929.

—St. Solicitor for the said Executors

ACTON

Mr. R. N. Brown was able to return from the hospital at Ouelph on Saturday following his operation for appendicitis.

Members and friends of the Milton Golf and Country Club spent an enjoyable evening in the form of a bridge party on Thursday evening at the home of Mr. and Mrs. P. W. Cooke. Prizes were won by Mrs. R. K. Anderson and Dr. W. J. Catherwood.

A verdict of accidental death with no blame attached to any of the railroads was returned at the inquest Friday night into the death of Mrs. Clarice Campbell Coates, who was instantly killed by a C.P.R. westbound freight at Martin St. crossing here on Saturday morning, March 9th.—Champion.

Does the Stock Market Shut Anyone Out?

Anyone can buy shares of the Bell Telephone Company because they are listed on the stock exchange.

Anyone thus can become a shareholder and exercise whatever rights shareholders may have in purchasing new issues of stock.

Bell Telephone stock—old and new—has always been available to anyone who wants it. And it is available to the public now "on the open market".

The Bell Telephone Company is owned by 15,500 shareholders and no individual has as much as one quarter of one per cent of the total shares.

THE BELL TELEPHONE COMPANY OF CANADA

TERRA COTTA

We are sorry to learn that Mr. Lee-Ann is quite ill with pneumonia at present. We hope soon to hear of his complete recovery.

Miss Kleen Best of Toronto who spent a few days with Terra Cotta friends, has returned home. It is expected that the Halton Brick Co. will resume operations here this week.

The western approach to the new bridge here has been almost impassable during the past week, and a number of men have been making some necessary repairs.

It was Mr. Norman Iann and James McLeod who so ably officiated as Masters of Ceremonies at Mrs. J. Eaves dance recently and not Mr. J. Cain, as we are sorry to state was erroneously stated in the last issue.

A number here are working in Mr. H. Logan's new quarry on the 10th line.

MILTON

Mrs. Abraham Stark, formerly Eleanor Castle, of Louisville, passed away at her home, fifth line, Trafalgar, on Friday, March 15th, in her 82nd year.

Worshipful Master M. J. Carlton, of the Ontario Lodge of Odd Fellows, Lodge of Ontario West at Windsor last week.

Mr. H. Logan has been received from Toronto that the new Provincial Highway from Palermo to Milton will be paved this summer.

Members and friends of the Milton Golf and Country Club spent an enjoyable evening in the form of a bridge party on Thursday evening at the home of Mr. and Mrs. P. W. Cooke. Prizes were won by Mrs. R. K. Anderson and Dr. W. J. Catherwood.

A verdict of accidental death with no blame attached to any of the railroads was returned at the inquest Friday night into the death of Mrs. Clarice Campbell Coates, who was instantly killed by a C.P.R. westbound freight at Martin St. crossing here on Saturday morning, March 9th.—Champion.

ONTARIO LEGISLATURE

General downward revision of hydro rates is expected to take place throughout Ontario this summer. Hon. R. Cooke, Hydro Commissioner, made this announcement on the floor of the Legislature during the week when the estimates of the Hydro Commission were under consideration.

The Commissioner, he said, "has adopted a policy of downward revision of rates. This has gradually brought rates down on the rural lines. We think we can make such revisions annually as we see our way clear. I think by midsummer there will be another downward revision."

Hydro estimates to the extent of \$10,225,357, were passed by the Legislature during the week. These provide for the expenditure of \$2,566,407 on the Niagara system; \$300,000 on the Chouinard Bay system; \$218,026 on the Ottawa and St. Lawrence system; \$800,000 on the Thunder Bay system; \$400,000 on the Ontario Hydro system; \$2,700,000 on the proposed Northern Ontario development and \$400,000 to surplus of the books of the Administration Building in Toronto.

Bill providing for the expenditure of \$500,000 on the Ontario Hydro system, which comes as an amendment to the Northern Development Act, has been passed by the Legislature. The money is to be used by the government in developing and opening up the new section of the province.

Further protection to the investing public of Ontario is ensured through an additional amendment to the Securities Trustee Prevention Act presented to the Legislature by Attorney General Price.

The amendment provides for the appointment of what are to be known as "broker's auditors" who will have power to step in and audit the books of any broker operating on the Toronto stock exchange. The bill also provides that the auditor shall make a survey of the books of the company at least twice a year and that the company must throw open all its books at his request.

The bill will put an end to the recent failures that have taken place in the brokerage business in Ontario.

While he informed the Liberal leader that he would be glad to furnish him with any information he might require privately, Premier Ferguson, in the Legislature, informed the Opposition parties that the government would not order the return of all contracts made by the Ontario Hydro Electric Commission. Refusing the Opposition to insist on the Premier pointed out that Hydro must be treated as a private company in the matter of its contracts for any time that would not be forced to disclose all its business affairs for the benefit of other private power organizations.

"The government does not desire to give out any information that will aid those that seek to undermine this public enterprise," stated the Premier.

Attorney General Price's bill to amend The Constables Act has been introduced in the Legislature. The bill will provide for the policing of the counties of the province by the Ontario Provincial Police where the counties prefer to be relieved of carrying on their own police service. The bill does not interfere with High Constables now in the service of the counties and provides that he shall hold office during the pleasure of the Council. Provision is made in the bill however that any vacancies may be filled by the government. These vacancies will be filled from members of the provincial police if provincial police service is desired by the counties.

Premier Ferguson has informed the Legislature that the government has under consideration at the present time some new policy in connection with liquor consumption in hotel rooms. The Premier intimated that some announcement would probably be made in this connection before the end of the session. It is expected, although the Premier has yet to make any definite announcement, that power will be given the Liquor Control Board to regulate drinking in hotel rooms. Hotels which desire to avoid the penalties will likely be placed without the scope of the act by the Board.

The announcement followed second reading being given to slight amendments to the Liquor Control Act. The amendments merely increase penalties in some cases and allow for slight reductions in others. There was little or no discussion on the bill.
