"Its glorious performance." "The fine car luxury it provides." Then someone will give you this answer . . . "Considering all it offers . . . the most surprising thing about it is its price."

And that's a fact. Other cars with some of Oakland's desirable qualities are available . . . but none other at prices so exceptionally low. Call on your Oakland dealer and see this surprising car-value.

To-day, the Warmest homes are built like a refrigerator

WHEN you buy, build or remodel your home, take a page from the book of the refrigeration engineer. See to it your walls are insulated . . . that your home is protected against HEAT and COLD and SOUND by TEN/TEST.

TEN/TEST places an impregnable barrier of insulation between the temperature you want and the temperature you don't want. That's why TEN/TEST, used in place of ordinary wood sheathing, keeps your house warm in winter, cool in summer and QUIET all the time. For TEN/TEST is sound absorbing, too.

Before you build or remodel, or buy, be sure to learn more about TEN/TEST. Many a non-insulated home is paying the price of TEN/TEST . . . without enjoying its advantages. Ask your architect or contractor. And write for the free booklet, "TEN/TEST and the Most Wonderful Adventure in the World."

TEN/TEST is made in Canada and used throughout the Empire. Sold in Georgetown and vicinity by:

WHAT CHANCE AGAINST FIRE HAS A ROOF LIKE THIS?

MODERN BUILDING—for permanence, low-upkeep and appearance—sounds the death knell of wooden roofs. The dangers of fire to the building itself, to other buildings and to human life is rapidly being banished by metal roofs of high quality.

RE-ROOF WITH RIB ROLL

The appearance of this roofing alone has sold thousands. Whenever a roof of this material is laid in any district, it immediately secures a preference, and others who are roofing any kind of building, whether it be barn, house, garage, shed or warehouse insist on Rib Roll. It is made to famous "Council Standard" specifications.

EASY TO LAY ON NEW ROOFS OR OVER OLD ROOFS

The cost of laying Rib Roll is lower than that of nearly all other types of roofing. Any man who is handy with a hammer can put it on. Its handsome appearance adds many dollars to the value of your property. Send ridge and rafter measurements of roof or roofs in question, for free estimate of cost.
