GOLF ACROSS CANADA AN SUMMER OUTING

"Canadian Golfer" Tour Offers One of Season's Most Attractive Journeys to Famous Courses of Dominion.

Canadian golf enthusiasts who would combine their annual summer outing with playing the "Royal and Ancient Game" on the most famous courses of Canada are to have that opportunity this year by joining in the "Canadian Golfer" tour for which many reservations by golf enthusiasts are already being received. The course to be visited includes the notable Jasper Park Lodge course, where the Canadian Amateur Championships are to be played for the fourth time this year and where also the silver teletrophy competitions will be played.

The "Canadian Golfer" tour, which is to leave Toronto on the subject of August 13th by special train will carry approximately 150 golfers on a pilgrimage over the golf courses as far west as Vancouver and Victoria, B.C. Before their return on September 11th, a journey of 5,000 miles will be covered in a train journey, to say nothing of the mileage which will be traversed by the golfers as they follow the elusive wind across the various courses which play has been arranged. The party will reach Jasper during the first of the August and will be arranged to cover berths and meals on train, hotel accommodations and also transportation to and from golf courses and green free covering each of the courses where play is scheduled.

Going westward the journey will be Canadian National Railway special stops for golf at Winnipeg and Jasper Park, Alberta. The party will reach Jasper on the morning of August 11th and will remain there until August 25th when members of the tour will have the opportunity of playing over the famous championship course also of enjoying the scenic surroundings for which the largest of Canada's National Parks is famous. From Jasper they will cross the Canadian Rockies in their C.N.R. special to Vancouver.

Remainder in Vancouver from the morning of August 26th to August 28th, the party will go to the city of Victoria and return eastward by special train over Canadian Pacific lines with stops at Port Moody, Hazelton and Port Williams, Ont., returning to Toronto on the morning of September 11th.

Public School Inspectors have been appointed by the County Council to fill the vacancies in North and South Wellington. L. P. Mansfield, of Toronto, will be Inspector for South Wellington, filling the vacancy caused by the death of Lieut.-Col. J. J. Craig, Joseph Mansfield, of Toronto, will succeed R. A. Galbreath, who has resigned as Inspector to commence here next week.

The Fuel Investment Co. Hamilton, has completed the laying of the gas mains along the Burlington Beach as far as the canal, and gas was supplied to consumers yesterday. The company will be negotiating for the permit of installation for the extension of the line along the highway to the canal, the line for North Wellington.

Here and There

The Canadian Pacific paid out \$2,000,000 from freight revenue in loss and damage claims. In 1927 it paid \$100,000, a decrease of \$1,900,000, although in the same period the gross freight revenue had increased by \$11,000,000. Better freight handling did it.

The stone work and most of the partitioning of the Royal York Hotel have been completed, and these buildings will be open to the travelling public by June 1. This is the largest and tallest in the British Empire.

Some idea of the world-wide area over which the Canadian Pacific operates may be gathered from the fact that in making out monthly balance it is necessary to turn fifty-five different foreign currencies into dollars in order to get accurate result in Canadian money.

Wireless is now being used to aid in the protection of forests against forest fires. The Ontario Provincial government has equipped with the latest apparatus with a radius of 500 miles, so that the headquarters may readily communicate with any and immediate steps taken upon the discovery of an outbreak.

"The principle of rapid freezing has been demonstrated that there seems to be little room for doubt that it is going to revolutionize the industry," said W. A. Found, deputy minister of fisheries. "We intend to make this experimental station at Halifax the first of its kind in the world."

W. J. C. Madden of Calgary, is making arrangements with the Canadian Pacific Express Company to transport the 2,000 Montanan and ring-necked pheasants. The birds are to be shipped to the summer fishing ground to rail head will be covered in winter by five-ton trucks operating upon the direct line of the Slave and Athabasca Rivers, traversing country that would otherwise be difficult to cross.

A new and strange form of wild-fowl is being imported into Alberta by the Calgary Fish and Game Association, which has arranged to secure 2,000 Montanan and ring-necked pheasants. The birds are to be shipped to the summer fishing ground to rail head will be covered in winter by five-ton trucks operating upon the direct line of the Slave and Athabasca Rivers, traversing country that would otherwise be difficult to cross.

DROPPING THE BURDEN

Some drop it so easily! It seems almost as if they had never carried any. The cares of life descend upon them, as they must upon all of us; but they are brushed off like snowflakes or intricate, inconvenient dust. A merry quiet, innocent heart troubles itself with none of those things.

And there are others who carry the burden always and inevitably and cannot shake it off. Vacation makes no difference. They pick out their refuge with worry, they get to it with worry, they abide in it with worry, because worry abides naturally with them. The sun shines on them, the winds refresh them, the waves laugh at them; but still their shoulders are bent and crooked with the invisible burden, which clings like the Old Man of the Sea and cannot be got rid of.

"The More We are Together The Merrier We'll Be"

THUS goes the jolly song of the Good Fellowship Brotherhood.

Plain, simple folksy words, but much truth is embodied in them. Unless we hang together much community prosperity is lost to GEORGETOWN. Consider the printer; he is doing his part in helping along his home town by buying as much as possible there; yet much of the work he can handle goes outside.

No benefit is derived from giving work to outside firms who come around selling you printing. You pay as much for the work; you have to wait longer for it; you have no chance to examine it until the finished work comes along with the bill; and then there is the expressage to pay over and above the straight price.

Compare this with the service of the local printer. Show him what you want and he'll give you a definite price. You know exactly what the work will cost before it is touched. Then you can make minor changes, etc., before the final printing. Delivery is made promptly too—and nothing is charged for the service.

All in all you stand to gain by letting the local man handle your work. And do not forget that his active support is behind you and your business.

"For your friends are my friends And my friends are your friends The more we are together, the merrier we'll be."
