### THE BUILDER

A builder built a temple. He wrought it with grace and skill. All fashioned to work his will. And men said as they saw its beauty, "It shall never decay. Great is thy skill, O builder! Thy fame shall endure for aye."

A mother built a temple. With loving and infinite care. Planning each arch with patience. Laying each stone with prayer. None praised her unceasing efforts. None knew of her wondrous toil. For the temple the mother built Was unseen by the eyes of man.

One is the builder's temple—Crumbled into the dust; Low lies each stately pillar. But the temple the mother built Will last while ages roll. For that beautiful unseen temple Was a child's immortal soul.

### BITS OF HUMOUR

#### THE LUCK OF THE IRISH

An Irishman, rescuing a woman at the risk of his own life, was rewarded with a large sum of money. He pronounced himself sound, though badly bruised.

"You are a brave gentleman," said the doctor, "and I am glad to see you returned in full particulars."

"Brave, maybe, but no gentleman," returned the Irishman, "I know my own value, but I know my luck."

"My sister is awfully lucky," said one little boy to another.

"Why?"

"She went to a party last night where they played a game in which the men either had to kiss a girl or pay a forfeit of a box of chocolates."

"Well, how was your sister lucky?"

"She came home with 13 boxes of chocolates."

devoted to mixed farming, seed production, and dairying. Fruit growing is an extensive industry along the front. The Bell and Fisher orchards are some of the best fruit plantations in the Province. While fruit growing in Halton is largely confined to the front there are orchards and vineyards scattered here and there throughout the township. An outstanding example is the fruit plantation of W. J. Hartley near the town of Milton in Nelson Township. Driving north to Lewis Milton on the gravel road Mr. Hartley's orchards, vineyards and nicely painted buildings loom up like an oasis in the desert. The vineyards extend up the Mountain side, and there is a considerable cherry plantation as well. The apple orchards, including a ten-acre block of Spys, are on the level land. The strawberries are in a splendid plant. The outbuildings have been painted red with a green roof. Fruit plantations is quite impressive. There is a fruit house 300 ft. long, an implement shed 200 ft. long, and a large barn 200 ft. long. On the other side of the lane is a neat shop containing a forge and small house for gas and oil which makes a complete set-up for such a farm.

The amount of fruit raised in Halton County is not known, but it is estimated that a farm where mixed farming was practiced, such as is still continued in that county, would produce 100 tons of fruit annually. ### Don't Pity Poor Young Men Pity Poor Old Men

GIVEN health and strength of young men who are poor should not be an object of pity. Rather should we strive to secure education for them. It is the poor old folks that require help.

You know of poor old mothers who are childless and whose sons and daughters for three or four months of a year, because they have no financial means.

Well, then, do you yourself want to be in this position some day? Do you want your wife to suffer? No! If you can help at all, provide now for an income for either of both of you while your earnings provide for you.

A reasonable premium will enable you to buy substantial protection in a Confederation Life Policy which will take care of your dependents.

### POPULAR NEGRO SINGERS AT CANADIAN CHAUTAUQUA

JACKSON JUBILEE SINGERS

The popular interest in negro music which has swept the country in the past few years is easily understood when one hears such singers as the Jackson Jubilee company, which will be an outstanding feature of the coming Canadian Chautauqua here. Spirituals, jubilee chants, plantation songs and dances are superbly presented by these negro singers, who have been selected not only for their vocal excellence, but also for their ability to portray the truest types of negro.

Little Van Caborn, famous nine-year-old negro boy entertainer, will be featured on the spectacular Jackson program. He has proved delightfully amusing to Canadians and will be found also, gathering refreshment in his inimitable mimicry and flashes of native wit.

SCHOOL EXAMINATIONS

At this time of the year, many parents are worried over the failure, or comparative failure, of their child in his school examinations. It is quite natural for a parent to desire to see his child succeed. The parent's anxiety is not so much for the child's sake as for his own. It is, therefore, more than interested in school success as seen in examination reports.

It is quite evident that children differ in their physical powers; this is so apparent that no one can deny it. It is so. Parents understand that their child is physically weaker or stronger than his playmates, and that even a few of the several children, there is considerable variation in this respect. Yet, these same parents, in many cases, wonder why their child is not so successful in his school work as his playmates. The child who has difficulties can be helped, but if he is to receive such help, his difficulties must be understood.

Questions concerning health, admission to the Canadian Medical Association, 154 College St., Toronto, will be answered by letter. Questions as to diagnosis and treatment will not be answered.
