"OUR ADDRESS IS EVERYWHERE"

WHERE THE NORTH BEGINS

Where the long trail winds through the whispering pines,
And the birds in Summer go,
Where the brook trout leap in the riffles deep
And the cool, sweet breezes blow;
Where the Indian canoe shoots the rapids through
In chase of the deer and bear,
Where the partridge drums as his shy mate comes,
The North begins—right there.

Where the creek and the rill their waters spill
As they rush to the silvery lake,
Where the honking geese, with their young, in peace,
Seek the rice in the rustling brake,
Where the bull moose call, in the early Fall,
Rings out on the frosty air,
Where the wigwam's seen 'neath the hemlock green,
The North begins—right there.

Where the Summer suns melt the snows that run
Through this earthly paradise—
Where a man's a man if he can stand
'Gainst the Winter's snow and ice—
Where the marts of trade from the mind will fade,
As you breathe the fresh, pure air,
And you tensely thrill—to the Master's will,
The North begins—Right There!

—"Doc" Whitehead.

MISCELLANEOUS SHOWER TENDERED NEWLY WEDDS

On Wednesday evening, July 31st, the home of Mr. and Mrs. Lane was the scene of a pleasant gathering, when a reception was held in honour of Mr. and Mrs. James Gillespie. A miscellaneous shower was given, and the beauty and number of the presents spoke well for the esteem in which the young couple are held in the community. Rev. C. Jolliffe, acting as chairman, called on Dr. Abbott, Mr. J. H. Gibson and Mr. Wm. Graham who gave short addresses, and extended a hearty welcome to Mrs. Gillespie. Mr. Gillespie replied in a most suitable manner. After a short musical program, a dainty lunch was served. The party broke up with the singing of "For He's a Jolly Good Fellow." and "See Him Smiling."—Erin Advocate.

CROP REPORT

The Bank of Montreal issued the following report under date of Aug. 10th:—

General—Crops in the Prairie Provinces have matured rapidly and wheat cutting is now general with a fair yield form summerfallow and breaking but other crops poor. Conditions generally are ideal for harvesting. In Quebec Province conditions continue favourable with prospects of a good average crop. In Ontario harvesting operations are proceeding satisfactorily with favourable weather conditions. In the Maritime Provinces a hay crop estimated at 25% below average has been harvested in excellent condition. In British Columbia hot dry weather prevails and rain is badly needed.

Province of Ontario—Fall wheat is threshing 30 and 35 buahels to the acre. The yield of barley and oats, now being cut, will be below average and the straw is short. An exceptionally heavy crop of beans and a light crop of peas is foreshadowed. Corn has made rapid progress lately and a fair crop is anticipated. Roots are making progress but require moisture and damage from the cutworm has been extensive in certain districts. Winter apples are a splendid crop, but peaches will be light owing to leaf curl. Small fruits are below average; pastures are in need of rain, and the success of the tobacco crops is threatened by insufficient moisture.

At a meeting of Burlington Public School Board on 30th ult., the Board decided to introduce the teaching of music in their two schools, the Central school of ten class rooms, to which an addition is being built, and the East End school of four rooms. Mrs. F. C. Russell, of Toronto, was appointed to the position.

RED HOT SERMON

The newly apointed pastor of a negro church faced a packed audience when he arose to deliver a sermon on the burning question: "Is There a Hell?"

"Bredren," he said, "De Lord made de world like a ball."

"Amen!" agreed the congregation.

"And de Lord made two axles for the world to go round on, one axle at the North pole and one axle at the South pole.

"And de Lord put a lot of oil and grease in de centre of de world so as to keep the axles well greased and oiled."

"Amen!" said the congregation.

"And then a lot of sinners dug wells in Pennsylvania, Kentucky, Louisiana, Oklahoma, Texas and Mexico, and Russia and sinal de Lord's oil and grease.

"And some day day will have all de Lord's oil and grease, and dem axles is gonna git hot. And den, dat will be hell, bredren, dat will be hell."

Municipal Corporation of the Town of Georgetown

BY-LAW NO. 80A

WHEREAS it is provided by Revised Statutes of Ontario, 1927, Chapter 248, Section 1, as follows:

1.—"(1) A park, or a system of parks, avenues, boulevards and drives, or any of them, may be established in any municipality, and the same, as well as existing parks and avenues, may be controlled and managed in the manner hereinafter provided.

(2) Subject to the provisions of subsection 5, if a petition is presented to the council of any county or city signed by not less than five hundred electors, or to the council of any town or township signed by not less than two hundred electors, or to the council of any village signed by not less than seventy-five electors, praying for the adoption of this Act, the council may pass a by-law giving effect to the petition, with the assent of the electors qualified to vote at municipal elections, given before he final passing of the by-law as provided by The Municipal Act.

(3) If the majority of the votes is in favour of the by-law, it shall be finally passed by the council at its next regular meeting held after the taking of the vote, or as soon thereafter as may be."

AND WHEREAS a petition signed by not less than two hundred electors praying for the adoption of the said Act has been submitted to the municipal council of the Town of Georgetown.

AND WHEREAS the council of the said Town of Georgetown deem it expedient to pass a by-law giving effect to the said petition with the assent of the electors qualified to vote at municipal elections to be obtained before the final passing of the by-law as provided by the municipal Act.

NOW THEREFORE IT IS ENACTED by the municipal council of the Town of Georgetown as follows:

1. The Public Parks Act Revised Statutes of Ontario 1927, Chapter 248, is hereby adopted and a Board to be called "The Board of Park Management" is hereby established, such Board to be appointed as provided by the said Act and to have all thepowers and authority vested in it by the said Act and subject to all the provisions of the said Act.

Read the first, second and third time and finally passed this ..... day of ..... 1929.

..... Reeve

..... Mayor

Notice

Take notice that the forgoing is a true copy of a proposed By-law which has been taken into consideration and which will be finally passed by the Council of the Municipal Corporation of the Town of Georgetown (in the event of the assent of the electors being obtained thereto) at the first regular meeting of council after the vote has been taken.

The dates of the publication of the proposed By-law are the 14th, 21st, and 28th day of August, 1929, and that the votes of the electors of the said municipality will be taken thereon at the respective places mentioned in By-law, No. 81A, namely Town Hall, Public Library and Georgetown Floral Co., on Monday the 9th day of September, 1929, between the hours of 9 o'clock in the forenoon and 5 o'clock in the afternoon.

Dated at the Town of Georgetown in the County of Halton, this 14th day of August, 1929.

HAD LOST HOPE ENTIRELY

Probably the most outstanding point about Phosfo-Iron, the old and genuine medicine, is that it reaches the limits of its power when pitted against obstinate complications that have baffled all mild treatments.

The records of Phosfo-Iron overflow with testimonials from men and women of seventy, young people and children who have recovered from grave illnesses by the help of this tonic. This remarkable success may be ascribed to the fact that the ingredients work immediately upon the ailing nerve fibres, internal organs and blood, stimulating them to normal action by their cleansing and concentrated food qualities. Phosfo-Iron also drives out impurities from the whole system.

Mr. Thomas Hamill, the great Scotch dramatic tenor, principal actor in Rigoletti, Aida, Il Trovatore and Bohemian Girl with the Clar Rose Opera Company, has written: "I was so temperamental that I was ashamed of myself. My nerves seemed like coils of hot wire, and after performances my face would be oranded with the tell-tale marks of nervousness. Following a three-bottle treatment of Phosfo-Iron, however, I swiftly regained my composure, increased my weight and lost all traces of nervous tension. Hoping that some one else may benefit by my experience, I am, Yours very gratefully, (Sgd.) Thomas Hamill.

So it goes—the same splendid story of success wherever Phosfo-Iron is tested.

For 1929 motoring conditions / The New DOMINION ROYAL CORD

Here is the 1929 tire for the 1930 car. Now in design and construction.

Extra thick tread has deep-cut blocks to give greater non-skid mileage.

Rugged carcass is built with web cord. It has strength where 1929 motoring conditions demand it. Side-walls are strongly buttressed to resist rut and curb wear.

For safety and long mileage, for the job your 1929 car has to do, the new Royal Cord is the one tire for you.

"When we are married Why, what will you do?"

MODERN WOMAN has every right to ask this question of the man who wishes to marry her.

When a man marries, he gives up nothing. The woman, possibly, gives up a comfortable home, a good job and a certain economic independence. What is her compensation? Very possibly she becomes a hard working wife and mother, without pay. If death comes riding and gathers up the husband, she may be left with the care and financial worry of a young family.

It's well to give presents to a bride, but many a bridegroom might better give his bride a Life Insurance Policy for a few thousand dollars. Such a gift is the true measure of his intention to provide—until death—and beyond.

Write for pamphlet entitled "Protection at a Low Rate of Premium." It is quite interesting. Address:

Trafalgar's Good Crops.

Many Trafalgar farmers have had several fields of clover this year and threshing this crop has been keeping the farmers very busy for two weeks. Alsike has been a wonderful crop and while the yield of seed has been rather light yet numerous farmers will have handsome returns. There is a great showing for a bumper red clover seed crop. This seed is gotten from the second crop and the heavy rains have brought on some beautiful fields of this clover.—Oakville Star.
