RIB-ROLL

THE MOST FOOL-PROOF ROOFING YOU CAN BUY

WHEN Rib-Roll was first put on the market it caused favorable comment all over the country. Others have attempted to copy its design, but no substitute is as good as the original. Besides, all the best features of Rib-Roll are patented. If you really want a lightning-proof, fire-proof, weather-proof roof, get Rib-Roll. It comes in big handy sheets, easy to lay, has seven ribs to take nails; no other roofing gives such security; fits weather tight; improves the appearance and adds dollars to the value of the property.

And PRESTON LEAD-HEAD NAILS mean no more "Theeading". The special thing about the lead-head nail is that it has a lead tip which makes it self-aligning, so that it will go in straight every time. This makes it so easy to use that even a boy can nail a roof.

COOK.—In loving memory of my little daughter, Wilhelmina Hilda Cook, who died August 25th, 1919.

When I reach the heavenly garden And see her in full bloom, The flowers I look so dearly And thought God plucked too soon.

Oh, then I shall know the reason Though I know it not today, Why in her fragrant beauty God took my flower away.

—Sadly missed by her lonely Mother.
