AUTUMN IN THE COUNTRY

Just a sea of color in a thousand maple trees,
Just the droway humming of the busy bumble bees,
Just a bird choir winging to its far off southern home,
Just a glory picture of the goldenrod in bloom,
That's autumn

Just the grey fields stretching o'er the hills across the bay,
Just a squirrel chatting as he works throughout the day,
Just an apple orchard showing treasures to the sun,
Just a golden eventide to tell that day is done,
That's autumn.

Just a white frost gleaming on the pumpkins and the corn,
Just a mist a-sleeping o'er the lake in early morn,
Just a lone bird calling from its old home in the trees,
Just a sigh of music to the time of falling leaves,
What's autumn.

Wealthy Men Own Life Insurance

THE richer a man is, the less likely he is to have a large amount of ready money available.

Within the last few years, several large estates have had to be broken up in order to raise money to pay succession duties.

Insurance to meet succession duties has become a very active part of our business—and we have trained men to advise those to whom succession duties are a serious consideration. Policies may be made payable to the Provincial Treasurer for the purpose of paying succession duties.

Upon request a competent representative will be sent to discuss this form of insurance with you.

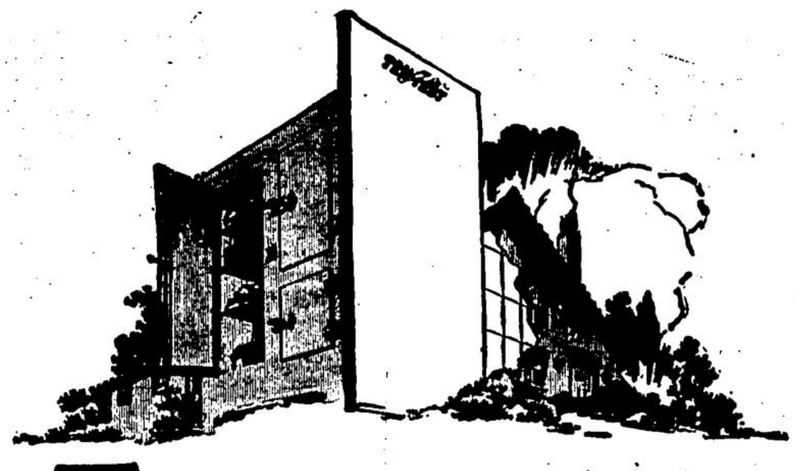
GALVANIZED SIDING for Outside Walls

GET THE FACTS



To-day — the Warmest homes are built like a refrigerator

WHEN you buy, build or remodel your home, take a page from the book of the refrigeration engineer. See to it your walls are *insulated* . . . that your home is protected against HEAT and COLD and SOUND by TEN/TEST.

TEN/TEST places an impregnable barrier of insulation between the temperature you want and the temperature you don't want. That's why TEN/TEST, used in place of ordinary wood sheathing, keeps your house warm in winter, cool in summer and QUIET all the time. For TEN/TEST is sound absorbing, too.

Before you build or remodel, or buy, be sure to learn more about TEN/TEST. Many a non-insulated home is paying the price of TEN/TEST . . . without enjoying its advantages. Ask your architect or contractor. And write for the *free* booklet, "TEN/TEST and the Most Wonderful Adventure in the World."

TEN-TEST is made in Canada and used throughout the Empire. Sold in Georgetown and vicinity by Georgetown Lumber Co. Ltd. Georgetown, Ont.
