Thompson 12.13 James Tavis 12.13 A communication was received from Miss Boyce, resigning her position as commercial teacher.

**NEWS AND INFORMATION**

**THE BUSY FARMER**

**Valuable Material**  
Recent rains have been of untold value to the province. Reports from the various counties indicate that while too late to materially improve pastures, the widespread rainfall has improved fall wheat wonderfully and has permitted fall plowing to proceed. Live stock is generally reported in poor condition, with grain scarce and feed high, the whole milk supply is short in all parts of the province. Most of the apple and root crops have been harvested.

**Ontario Potatoes**  
"Ontario potatoes are being a state," says Carroll, of the Crops and Markets Branch. "Ontario has always grown good potatoes, but owing to a faulty marketing system the bulk of the crop has reached the market improperly graded. In strong competition with the potatoes of other provinces in the distressed conditions of last year meant about 80 per cent. below top growers are now improving their cultural methods and are producing tubers which when properly graded cannot be beaten for quality."

**O.A.C. Live Stock Sale**  
The recent annual sale of live stock at O.A.C. attracted many buyers from all parts of the province. Many choice specimens of beef, dairy and fat cattle were readily sold and brought good prices. An outstanding lot of Swine, including Tamworths, was distributed. The top price in the cattle sale was \$380 paid for a six-year old cow. Total receipts were \$7,700. This sale has become an institution, a truly educating influence, by the distribution of these high-class animals throughout the province, desirable improvement in Ontario-bred live stock will be effected.

**Yours to Marry**  
From reports on agricultural representatives during the past two weeks, it appears that there will be a decided falling off in the area of fall wheat sowing this year. In all probability, the land on which it was intended to sow fall wheat will be utilized for some other grain for which there is a steady demand, that is, barley. The increasing demand for this grain for industrial purposes in Ontario practically assures the grower of consistently good disposition at good domestic prices.

**New Regulations**  
The Roots and Vegetables Act, as amended this year, in the section dealing with marketing, distinctly provides that "every person who by himself or through the agency of another person offers for sale, sells, or has on hand for sale, or has in his possession intended for sale any vegetables for which grades are provided by these regulations packed in barrels, bags, casks, barrels, closed crates or in bulk, shall mark the initials of his Christian name and his full surname and address as the case of a firm or corporation, the firm or corporate name and address in the plain and indelible manner. On baskets by tag or on the handle, in bags by tags or printed on the bag; in barrels by 2 1/2 inch letters; in crates by 1/2 inch letters. Exceptions to this rule are vegetables with the top leaves attached or green vegetables and potatoes offered in closed barrels."

**"It's your turn to have Mother"**  
HONOUR thy father and thy mother. Most of us remember the stern commandment but in later life when we become fathers and mothers ourselves we tend to forget the responsibility for our own parents' upkeep a bit of a burden.  
Cases are not rare when family quarrels have broken down because children don't want mother or father indulged on them for so many months old?  
Well, do you, yourself, want to be in this position when you will have become old?  
Certainly not! Then prevent it so far as the home part of your earnings now, so that when the time comes, you will not be dependent upon your self-respect by becoming a burden to your children. Write the particulars of Life Pension Board guaranteeing a regular monthly income for the rest of your life. The booklet entitled "Your Key to Happiness" which describes it fully.

**Herbs that Heal when Bronchial Tubes Seem all on Fire**  
Fifty years ago, a quiet-going soul, James H. Watson, of Georgetown, Ontario. He was a marvellous skill in compounding herbal medicine. One of his many remedies—for folk subject to Bronchitis or similar ills and nearly coughs and colds—was his Indian Herbal Remedy. It has the healing power drawn from Mother Nature, herself. Wonderfully healing to inflamed tissue. A builder of good, red blood. Make the acquaintance of this tried, reliable remedy. Keep well this winter. Together with the fine Catalogue Herbal Household Remedies, now obtainable from

**TEN-TEST**  
FOR YOUR INFORMATION  
You will note that Mr. John Brown (representing a real building board) has saved the life of his family by using TEN-TEST. This is a dividend that he will receive every year for his investment in TEN-TEST Insulating Building Board.

**Your Fuel bills tell the story**  
WASTED fuel... the heat that escapes through the roof and walls of non-insulated houses... that's the story told to ninety per cent of Canadian home owners every time they pay a coal bill.  
This heating waste amounts to one ton of coal in every three, or a waste of nearly thirty-five per cent in the cash you pay for your fuel.  
TEN-TEST not only prevents heat from escaping, but it shuts out forever cold, dampness and draughts, thus protecting the health of your family all winter long.  
From the standpoint of health, fuel economy, good building practice and year-round comfort, TEN-TEST is an investment that pays constant, assured dividends.
