Radiates Heat
Circulates Gas with Heat

Cosy Home Heater

DIFFERENT - - BETTER

You would give this handsome heater first place among them all for its wonderful appearance alone. There is nothing to equal it. Had judges it on performance too. It warms them all, with a saving of fuel into the bargain. The controlled draft arrangement keeps an even heat. No over heating and then dying down. The fire lasts longer and the heat is kept in the room. This heater not only radiates heat, it also circulates heat throughout the house—and it glows with cheer. The best buy among heaters. Two finishes—polished Waterville steel or all porcelain enamel walls—beautiful, durable.
