Bisters Re-United

Mary and killen are sisters, 22 and 22 years of age. Their parents are both dead, and the girls must need provide for themselves. Mary had just begun to earn a comfortable wage when she was stricken with consumption and had to go to the Muskoks itospital.

Ellen, left to her own resources, having to work harder than ever, soon proved unequal to the task-long exposure to the disease through close contact with her sister, coupled with overwork, brought the inevitable result; a few months later she too was compelled to give up and join her sister in the hespital.

There both girls are doing well, and their restoration to health is confidently expected.

Would you not like to help in such work as this? Your contribution will be gratefully acknowledged if sent to W. A. Charlton and A. M. Ames, 385 College Street. Toronto L.

Hotel Employee's Wife III

Mrs. Des was a happy little wife and mother who went about her housework singing and taking care of her little two-year-old girl. Hoon for some reason, she began to droup and lose weight. Such a deep cough came that it pained her lungs continually. Her husband was anxious about her, but as he had to work long hours in a big hotel, he could not nurse her or help very much. The doctor said she needed the greatest care if she was to get well again, and for Mrs. Dee this seemed an ulter impossibility.

impossibility.

Sut no—there was help at hand. She was admitted to the kindly care and skilful medical attention of the Toronto Hospital for Consumptives at Weston. In three months' time she increased in weight from \$5 pounds to 132 pounds, which was a splendid gain indeed, and she soon went home to a very happy little family.

Yends are needed by this hospital for such work, and your subscription will be gratefully received by W. A. Charlton and A. M. Ames, at \$35 College Street, Toronto 3.

PEAK OF MODERN PERFORMANCE AT NEW LOW PRICES

Just in time for Christmas . . . new low prices on the four most desirable models in the Rogers line. Good news indeed for scores of families who have already planned to purchase a Rogers ... Equally good news for scores of others who may have thought a Rogers was more than they could afford ... For five consecutive years the pioneer Rogers has outsold every other electric radio in Canada. And each year as sales have gone up prices have come down. The 1930 models are finer and represent a greater measure of radio value than ever ... The new 8-tube Rogers is bringing to thousands of Canadian homes
