WHEN a call comes for a man at the far end of the office line is tied up for needless minutes until he reaches the telephone. Anyone else trying to call is told: "Line's Busy", but in reality the line is idle.

An office with only one telephone when it needs two or three, or an office in which telephones are poorly located, is a sure cause of unnecessary "Line's Busy", a sure time-waster, a sure business loser.

"Line's Busy" is the chief cause of the million telephone calls a day in Ontario and Quebec which fail to get through. They mean two million minutes a day wasted—congestion of traffic—constant irritation—a handicap to all business.

We are making every effort to provide the best possible telephone service. But it takes three people to "complete a call." Only through public co-operation can we reach maximum efficiency.

We would be glad at any time to have our experts survey your telephone facilities and submit a report. It will save time—yours and other people's—and it will get business for you which you are now losing through "Line's Busy."

*New telephone plant and service improvements will mean an outlay for 1929 alone, of more than \$27,000,000.

GOING HOME FOR CHRISTMAS

He little knew the sorrow that was in his vacant chair that the Government is contemplating a further reduction in the sales tax is welcome news to everybody. This has been adopted as a war measure and never popular because it added to the cost of living, was a nuisance from the collection viewpoint and interfered with business in all its ways to the detriment of the largest return. It will be made up in other directions, as has already been shown by the Government and the country. If there is loss of revenue—and that does not necessarily follow, because it is not always the heaviest tax that produces the largest returns—it will be made up in other directions, as has already been shown by the Government and the country.

NEW USES FOR BARLEY

Until recently use of barley on the farm was restricted to the making of live stock. In Germany, however, barley is used for a multitude of purposes. Millions of bushels of barley are used in the manufacture of malt coffee. Besides this an enormous quantity of the grain is used in the manufacture of bread, breakfast foods, biscuits, infant and invalid preparations, tonics, condiments and food preservatives. In view of this, it would seem that barley is destined to occupy a position of increasing importance in all farm rotations that may be devised with a view to obtaining some relief from the weed scourge.

LOVAL TRUE BLUE OFFICERS

Canadian Hags Improve
The gradual increase in the number of hags is indicated by the fact that things, namely: better breeding stock and more attention to rationing. Competitions conducted last summer show that there is a very good profit over the cost of feed if the pigs are bred right and have the necessary feeds in the right proportion. Although Canadian hags still bring a higher price than Canadian on the British market, the quality of our hags is considerably improving and prospects are that with the improvements that have already been made in the raising of hags, we are on an equal plane with that of any country in the world.

A TRUE STORY OF A COMMON CAT

As the cold winds begin to blow and there is a hint of heavy snow in the air, and we sit close at home and feel grateful for comfort and security, we seldom think back some few years to a high hill in Berkshire county, and a yellow cat in the dark woods at night and living as cats may in the wild country. This is the story of Tommy, it is a true story; there is something of tragedy in it, much of drama, a deal of mystery. It has a happy ending. Back thirty years ago my parents bought an old farm in the town of Orla, but some five miles from the place, the house perched on the hill, about 1800 feet above sea level. Standing on the front porch one looked across a rolling expanse of low hills, and on the horizon stretched a purple haze of mountains melting into the sky. Behind the house the slope rose another 50 feet, to a bare, bleak, stone-crope, barren, treeless hillside. The watcher saw a great sweep of horizon, with Mt. Tom, Greylock, Monadnock and the Catskills in the distance, the distance. Woods of maple, beech, oak, birch and pine, with some ash and other trees swept like a sea of blue-green along the slopes of our farm. When we took over this great old place there went with it, along with the farm tools, horses, Jersey cows, and other farm necessaries, two cats—Tommy and Beauty. If ever there was a married couple, here was one! They were devoted. When Beauty had her little family of yellow kittens to care for, Tommy provided her with wild food. The house gave her milk and eggs, but it was Tommy who, with a delight to bring her half mice, and we could see him across the mowing with a mouse in his mouth. Now, let me keep clear of morbidities at this point on the hunting proclivities of cats. I have quarrelled with them. I may have something about this thing; but not here. I love birds, and all living things; but I will not judge the cat, or other animals who are the Lord made them. Just as the fact that I said that Tommy brought Beauty half mice, not birds.

ASHGROVE

The monthly meeting of the Ashgrove W. T. was held at the home of Mrs. E. W. Chad. The program consisted of a Christmas pageant. Very full and interesting reports of the National Convention held in Toronto were given by Mrs. A. Ruddell and Mrs. E. Wilson. There was also a reading of some carols in which all joined. A paper, skillfully handled by Mrs. J. O'Brien, on the subject "Teaching Children the true value of Christmas" was well received and was followed by a general discussion of the subject. An exhibit of home made candy in baskets proved delicious both to eye and taste. The use of the National Anthem closed the meeting. A dainty lunch was then served.

TERRA COTTA

On Friday evening, Dec. 6th, the members of the Terra Cotta U.P.W.O. and W.P.O. Clubs were entertained to a delightful evening at the home of Mr. and Mrs. J. C. Cook, it being the occasion of the laying of the cornerstone of the new building of the Terra Cotta U.P.W.O. Club. The evening was a most successful one. After all had done justice to the good things provided by the hostess, the hosts and guests, Mr. T. L. Leslie acting as Toast Master, "Our King" was responded to by the Organist, "The Organization" by J. A. McKenna, responded to by F. L. Thompson; "Host and Hostess" by T. C. Dolson; "Response" by J. C. Cook; the remainder of the evening was enjoyed by all present in progressive order, with honours being won by Miss Rose McDonald and P. C. Thompson. Officers for the coming year are U.P.W.O. President—E. Young, vice-president—R. S. Leslie; Sec. Treas.—F. L. Thompson; Directors—A. Macdonald, W. A. Lyons, A. Dolson; Auditors—T. C. Dolson, P. C. Patch.

NORVAL

The Norval United Church Y.P.F. held their weekly meeting Dec. 6th with the president in the chair. The meeting opened with hymn 106 and prayer by Rev. Mr. McKinnon. Mr. R. Pomroy read the scripture lesson. The minutes of last meeting were read and adopted and the business arising from same discussed. The debators were chosen for coming debates and the roll call answered. The meeting was then taken in charge by the literary vice-president, Miss Florence McLaughlin and the following program given: A humorous reading by Miss Dorothy Watson, which received a hearty encore. Mr. Donald Bull with Miss L. McDougal at the piano played two violin selections which were much appreciated. Mr. Harold Lyons gave a splendid paper on Christmas. Mr. Donald Bull read a paper on "The Christmas Eve" and responded with an encore which was much enjoyed. Mrs. F. Huttler accompanied Mrs. Donald Bull's piano. Mr. and Mrs. W. P. Laidlaw sang very sweetly a duet entitled "Face to Face". At the close of the literary program a shower was tendered to Mrs. A. Evans, a recent bride, to which Mrs. Evans responded in a few well chosen words. The social part was then taken in charge of Miss L. McDougal, social vice-president. Many games were enjoyed after which lunch was served to an attendance of over sixty.

White Wyanettes Owned by Hon. John B. Leslie

White Wyanettes owned by Hon. John B. Leslie, Minister of Agriculture, scored several notable victories at the recent Chicago Poultry Show. The group received a first award for best display award in their class. The complete list of winnings by the Martin birds was as follows: 1st, 2nd, and 3rd prizes; 1st, 2nd, 3rd, 4th and 5th hens; 1st, 3rd and 4th old pens; and 2nd, 3rd and 4th pens. A total of 17 birds were entered by Hon. Mr. Martin who had not shown at Chicago for three years.

Working while the occupants sleep

Working while the occupants sleep, burglars broke into six residences in the west end of Ouellet during Sunday night and made off with money and jewellery with a total estimated value of between \$500 and \$600.
