SUCCESSFUL AGRICULTURAL COURSES

The Agricultural Short Courses are meeting with a good response, the number attending increasing each day. Mr. MacVannell is well pleased with the way his pupils are taking hold. Some very interesting lectures were given last week. The practise in judging is very keen. Much valuable experience has already been obtained, and Mr. MacVannell and Mr. Webster expect some very good young judges as a result of the course. Wednesday of this week Mr. Goldie of Vineland will lecture on fruit and vegetables.

The boys' class were at R. C. Given's farm Tuesday and had two excellent classes in Holstein cows and breeding heifers. Mr. Given's barn and stabling attracted favourable attention.

Mrs. Cooke and Miss Owens report increasing attendance with very keen interest shown. Many young brides are attending this course which augurs well for the comfort of their husbands. It is regretted that more of the younger girls do not attend.

Each calss has organized under its respective president and secretary. Short addresses and debates are conducted, everyone participating. Many of the younger members display marked talent on the platform.

W.C.T.U. MEETING

The W.C.T.U. held its regular meeting in the Public Library, Thursday, January 9th. The President, Mrs. Caldwell was in the chair. The Bible lesson centering on the second chapter of Nehemiah given by Capt. Curry was a most thoughtful and helpful address. Mrs. Mimms and Mrs. C. B. Dayfoot spoke on Scientific Temperance.

Mrs. A. O'Neill read a poem entitled, "Questioning the New Year," and Lieut. Gaylard sang a solo beautifully.

It was decided to change the date of meeting from the second Thursday to the second Friday of each month.

She Fired Two Boilers

It was a heavy job taking care of the apartment house because she had to "fire two boilers" as well as do all the sweeping and cleaning, for her husband is permanently disabled. A bad cold was the last straw that broke down her weakened constitution. Her doctor helped her get into the Toronto Hospital for Consumptives, for tuberculosis was now her trouble. Then ensued the long struggle back to health.

Not an easy one for an elderly woman weakened with years of hard work, but it is just such tasks that the skilled doctors and nurses are so often called upon to do. After some months she was discharged, practically herself again, able to take up the burden of her husband's support once more.

This hospital is greatly in need of funds. Will you help by sending subscription to W. A. Charlton and A. E. Ames, 223 College Street, Toronto 3.

R. B. POULIS, Chairman. P. HARRISON, Sec.-Treas.

Following is the Public School Inspector's Report:

Milton, December 11, 1929

The Chairman and Members,
Public School Board,
Georgetown, Ont.

Ladies and Gentlemen:

In making a brief mid-year report on the conduct of your school I am pleased to be able to record again my satisfaction with the management of the school and the effectiveness of the classroom work. The general proficiency continues highly satisfactory, with class response ready and thoughtful with few individual exceptions. You have been fortunate in the selection of new teachers on your staff. All are experienced and capable. Miss Bain in charge of junior Form IV is proving herself competent in both instruction and management. The same may be said of Miss Scott, a former valued member of this County's staff. Both of these teachers will do their share in maintaining the traditional high standards of efficiency for long obtaining in this school. The prompt addition to the staff made by the Board in October to take care of the unusually large enrollment of beginners was an indication of the careful response of the Board to the demands of the school. In Miss Arthur to fill this place you have an instructor who will give a good account of herself in this junior department. She has made a good beginning. She too is experienced and is handling her room with real ability. Altogether the work of the staff is worthy of high commendation. The excellent results from the school at the June High School Entrance examinations indicate the continued fine work done last year in the Senior Form IV grade by Miss Ryan who does not cease in other respects to demonstrate her ability as principal.

In the resignation of Mr. A. B. Castel as music instructor you lost a man who had for years rendered signal service in this important subject. The arrangement by which a grade teacher assumes the duties of this instruction is working out very satisfactorily as it has in the neighboring school at Acton and I have no doubt that the results will be very gratifying. Miss Harrison is admirably qualified naturally and professionally as a teacher of this important subject. The enrollment of the school is 353, an increase of 17 this term, an indication of the healthy growth of the town.

The term is not marked by any notable addition to the equipment. I note however the redecoration of three additional rooms at midsummer. The Board I am sure will not neglect the maintenance of equipment and accommodations at a high standard.

Yours faithfully
J. M. Denyes.

Fishermain Wrecked

Peter was a deep sea fisherma. from one of the Maritime Provinces who came to Ontario, married and made his home here. Wasn't in for commercial fishing, but he says the winter work here is even more trying than among the fogs and ice floes of his old fishing grounds. Of course, he was working harder because there were now two people dependant on him. Anyway, he caught a severe cold which brought on pleurisy, and because he is a sturdy-willed Canadian lad he wouldn't give up, but fought on at home, for over a year. No use! The doctor finally gave him up and said he would have to take hospith treatment—his only chance.

So here Peter is, in the Muskoka Hospital for Consumptives, where doctors and nurses of skill and experience are trying to lead him back to the ways of health and usefulness again. A long road, but better this than the fate that used almost inevitably to overtake the consumptive poor. Would you not like to help in this great work? A subscription would mark your interest.

Such may be sent to Hon. W. A. Charlton or A. E. Ames, 223 College Street, Toronto 3, Ontario.
