recognized in his appointment as Superintendent of Telephones for the Telegraph Company in Toronto in 1879. When the Bell Telephone Company was formed in 1880

Mr. McFarlane was made Superintendent. In 1904 he became General Manager, President in 1915 and Chairman of the Board of Directors in 1925. The scope of his experience can best be visualized when it is recalled that his telephone career began in one-room office on St. Francois Xavier Street, Montreal and ended in the stately Beaver Hall Headquarters Building recently occupied.

# LOCK THE DOOR

There is a legend about a farmer who went to great expense to fortify and lock his barn after a very fine blooded horse had been

The legend has come to be a means of showing how unwise it is to wait until the horse has been stolen to lock the door.

Advertising is a form of protection against loss of business which is occasionally treated like the farmer treated the barn and the

From a seemingly logical premise that since there is no business or since business is not quite what it should be now the merchant proceeds to the decision that there is no need to advertise.

This reasoning overlooks a great fundamental fact and that is that advertising is extended salesmanship; that just because a man hasn't money with which to buy to-day is no reason he will not have it to-morrow; that the man who goes after the business consistently reaps consistent rewards; that most folk shop where they are invited to shop; and that
