FRIEND OF DISTANCE PARTNER OF SPEED

Seiberling has built a tire that makes a friend of distance—a partner of speed. Never a tire so strong—so tough.

A good investment if you drive moderately—a necessity if you speed.

Have You Pains Callouses or Cramps there

We are bringing you Positive, Reliable and Speedy Relief

The Finger Points to the location of the anterior Transverse Arch. When this Arch weakens, the tiny bones are depressed; uneven pressure is produced, and the uneven distribution of the person's weight causes a burning sensation, callouses, tender spots, contracted toes, and severe cramp-like pain. The foot widens and spreads over the shoes, the small toe and great toe joints become inflamed and enlarged—bodily fatigue and nervousness result.

Heed the first danger signal! Stop your Foot Troubles before they impair your comfort and daily efficiency

An Exposition of the newest, most advanced scientific methods of relieving and correcting Foot Troubles, will be held

at our Store on **Saturday, May 10**

A specially trained expert from the staff of W. M. Scholl, M.D., the world's most noted Orthopedic authority will clearly explain how these methods give instant foot comfort. You will also be given a photograph print of your stocking feet. All this without cost or obligation. Don't miss seeing this Experts at our store on above date.
