Keep FIRE at Bay with GYPROC

FIRE seldom visits houses having Gyproc Wallboard ceilings, partitions, walls and sheathing. On the contrary Gyproc has saved many homes.
This pioneer Canadian fire-safe gypsum board has a new Ivory coloured finish this year that makes decoration unnecessary (when pencilled). It is just the thing to use for making extra rooms in the cellar or attic.
Quickly erected, inexpensive, structurally strong, Gyproc Wallboard gives permanent fire protection.
Your dealer's name is listed below. Ask him today for full information or write for interesting free book, "Building and Remodelling with Gyproc."

THE BIRD WITH THE BROKEN WING

Piercing the gloom of a darkened room Came the song of a robin one day, A child who lay ill, caught the gay little bird, And it soothed all her sorrows away, Each morning it came—in sunshine or rain— To bid with its carol of cheer, But one day the strain yielded a message of pain, In the song the child held so dear, Time passed away and one day it lay, Near the tree where the bird used to sing, The little one found, 'neath the leaves on the ground, a broken wing.

UNWARRANTED FEARS

There is both truth and common sense in the report which the Globe and Toronto in an interview in the Free Press. He referred to the psychological depression and pointed out that business is better at home than abroad than it was in 1926. There is nothing wrong with the country. As he said, there is plenty of business and it will go ahead and business will feel a new impetus.

EDITORS ARE HUMAN

The editor of the Hanover Post doesn't believe in being made a god for cleaning up the whole community. In a recent article in The Hanover Post he says that the same kind of criticism arises in a town, it is quite the fashion to remark that "the paper ought to say something about..."

EVERY CHURCH A SCHOOL

The Shriner's will scarcely be gone when the Sunday School workers and Young People committees will be at the scene of the international convention of religious education on June 23-24-25-26 at the Christian Living Center of North America which also presents in Toronto June 27th-29th. Both gatherings will be at the Canadian National Exhibition grounds.

WOMEN'S MISSIONARY SOCIETY

Halton Presbyterial Sectional Rally of Women's Missionary Society at Bethel Church, Friday, June 6th, Mrs. O. A. Almond, Chairman, and Vice-President of the Presbyterial, in the chair. 10 Auxiliaries, Acton, Georgetown, Ashgrove, Melville, Bethel, Balgownie, Oakville, Brant, Palerino and Wesley were represented with a total of 74 delegates and reports of last year's work were given by each. The reports told a story of work, co-operation and progress along every line.

STATISTICS SHOW THIS

Figures don't bear out the claim that farmers and farming are going the dogs in Canada. Between 1923 and 1927 the agricultural revenue of the country increased about \$400,000,000 or at the rate of a hundred million a year. That was a gain of about \$400 per farm worker.
The total revenue in 1927 was over a billion and three quarters, giving each farm worker a gross revenue of about \$1,700 for the year.
Somehow all the matter that appears in newspapers conveys the idea that the farmer is having a tough time. The farms are being abandoned, and that there is no money in the business.
But the Canada year book for 1929 says differently. The estimated gross agricultural wealth of Canada increased 600 million dollars in the 1923-1927 period, and the total amount was being over eight million dollars.
There was a decrease of only 7-10th per cent in the farm population between 1911 and 1921 census periods. Later figures are not available.
The Agricultural wealth of Ontario increased \$141,000,000 from 1924 to 1927. Perhaps that will give you more cheerful view of our province in the latter year. The total amount was enough to pay off Canada's national debt and a couple of hundred million more over.

Canadian Farm Boys Will Visit London

Few visitors to Britain this season will have a more exciting time than Clifford Baldwin, Cedric Kirkpatrick and Gordon Campbell, the three Canadian boys who are going to England next month to represent Canada at the International Livestock and Poultry Show in London. They are being accompanied by the Royal Canadian Mounted Police.

The boys will arrive at Liverpool on the 29th and will proceed at once to London which will be their headquarters for the following week. On their first day in London they will visit the Canadian National Railways office in Cockspur Street, view the changing of the guard at Buckingham Palace, and will make a tour of St. James Park, the Houses of Parliament and Westminster Abbey.

Returning to London on July 6th they will make tours to Windsor Castle, Windsor Great Park, and St. James Park. They will also visit the home of the Duke of Devonshire, and the home of the Duke of Devonshire, and the home of the Duke of Devonshire.

The day following the Competition will be spent in a tour of the Show itself, and on July 11th the boys will leave for Glasgow from which they will sail for Canada on the S.S. Laurier on Saturday, July 12th. They are being accompanied from Canada by Mr. F. W. Walsh, Superintendent of Agriculture for the Canadian Agricultural Mission, who is also the chief coach for the team. Mr. Walsh will also accompany them on their tour of the British Isles and return with them to Canada.

The lads who comprise the Canadian Agricultural Mission's team are Clifford Baldwin, Cedric Kirkpatrick, Gordon Campbell, and one of them, Clifford Baldwin, Barrie, Ontario, is the son of a former emigrant who left Peterborough 15 years ago to become a Canadian farmer. The other two lads are from Wiltour, New Brunswick, and Stewiacke Nova Scotia.
