

Both Low Price And Low Cost

A tire for which you pay a low price may turn to be very costly. One for which you pay a lot more may not live up to its price tag.

Both in the fact that its first price is moderate and its quality so great as to make its final cost the very lowest—the new SEIBERLING ALL-TREAD TIRE means economy.

We have your size — We would like to serve you.

CROP REPORT

The following is a summary of the crop report as furnished by the Bank of Montreal dated July 31st, 1930.
With the exception of South and Central Saskatchewan, and Southwestern Alberta, moisture is ample to carry crops to maturity.
Should present favourable weather conditions continue, cutting will be general in most crops in the next few days.
Point to an average yield. Some damage from rust is reported in Manitoba.
All Quebec Province the weather continues favourable for all crops.
In Ontario, while crops are for the most part considered promising, grain needed in some areas.
In the Maritime Provinces favourable weather prevails and crops generally are progressing satisfactorily.
In British Columbia the weather continues hot and dry, and rain would be welcome in most districts.

Going to Wingham

Rev. Kenneth MacLean of Knox Presbyterian Church has accepted a call to Wingham and we understand will leave Georgetown the end of this month for his new charge.
MacLean has made many friends in Georgetown who deeply regret his removal.

Baby Eats Fatal Pills

While her mother was temporarily absent from the house, the two-year-old daughter of James Brewster, some cathartic pills which caused her death shortly afterwards.
The Brewster family is now in Michigan, first line east, Chingwacouy township. Dr. Vanderlip was summoned immediately but was unable to do anything for the girl.
The family only recently moved into the neighborhood.

Win Bowling Tourney

The following are the winners in the mixed tournament held Wednesday afternoon last on the Georgetown Lawn Bowling Club's green:
First prize, Mrs. D. Crawford, Bert Marsh, Mrs. C. Turner, D. Crawford, skip, Milton, three wins and a plus of 26.
Second, Mrs. Dickie's rink, Georgetown, three wins and a plus of 5; third—Mrs. L. W. Lott, N. A. Sinclair, for N. A. Sinclair, G. H. Dawson, skip, Milton, two wins and a plus of 19.

C.N.E.R. Wins First Aid Honors

During the recent first aid examinations held in Toronto the C.N.E.R. team obtained the following honors:
1st in the Dominion; 2nd in the Dominion of Canada for all first aid teams.
The following were members of the team: W. Drake, Capt.; R. Windoat, F. Coomber, P. Walker, Toronto, Gordon Abbott, Georgetown.

Gregory Theatre

Friday and Saturday, August 8 and 9—"Girl Said No" a thrilling romance of the younger generation, starting with William Zepplin.
Tuesday and Wednesday, August 12 and 13—"Around the Corner" talking Novelty "Day of a Man of Affairs." "Voice of Hollywood."
Coming—"Al Johnson in 'Mummy'."

Counterfeit Coins

Some one or more than one person is making counterfeit fifty-cent pieces in Toronto, or very near the city. This was established yesterday, when two men appeared in the Police Court charged with uttering counterfeit coins at a date the date of the printing went into the witness box and said the other person had given him the coins to pass. Toronto detective, Secret Service men, who work under Inspector Walter Duncan of the Department of Finance at Ottawa, spent hours since these two men were arrested trying to learn where the coin were made.

Brigade Attend Convention

The Georgetown Fire Brigade attended the Firemen's Convention and Field Day at Kincaidine, Aug. 5 and took part in the big parade, which was one of the biggest ever held in that part of the province.
The Georgetown Brigade made a fine showing in the parade and Chief Tuck was proud of their performance. Deputy Chief Wm. H. Long was elected to the office of Second Vice-President of the Association by a big majority over a large field of candidates.
Bill Dundas is to be the next place for the Convention in 1931 and there is every chance that Georgetown will be in the running for the Convention in 1932. Help the boys to bring it here in 1932.

HOUSE AND BARN ARE RAZED BY FIRE

Fire yesterday completely destroyed the frame house and barn close by of Thomas McBride, Ninth Line, Esquimaux, and the loss will be some \$10,000, nearly covered by insurance. Men were working at threshing when the blaze started, supposedly from the machine. The flames made such headway, fanned by a breeze, that the voluntary fire fighters waged a losing fight from the start. The draft timbers of the barn soon a raging furnace, and from the barn the fire spread first to the garage then to the milk house, then to the residence. The best that could be done was to save part of the contents of the house. A small crop of hay and grain, implements, machinery and considerable contents, of the house were destroyed. All the live stock were in the fields when the fire started. It was the worst fire that has occurred in the district since the Norval Mill was burned.

TRAIN JUMPS TRACK, KILLING ENGINEER, INJURING FIREMAN

Engineer William Hill, 52 years old, of Allandale, formerly of Glenwilliams, died on Monday morning last, while on route here by special train from the wreck of the Canadian National all-steel passenger train No. 47, on route north from Toronto to North Bay. The engine and five coaches left the tracks, Harry Tomlinson, also of Allandale, is a patient at the Queen Victoria Memorial Hospital, North Bay, suffering from burns caused by escaping steam. His condition according to Dr. W. G. Smith, is good and he will recover.

Her—"Do you imagine you could learn to love me?"
Him—"No."
Her—"Just as I thought, too old to learn."

GLENWILLIAMS

It was a surprise to the Glenwilliams congregation to have Rev. Dr. and Mrs. McNeill with them on Sunday evening last. Dr. McNeill is a professor of Theology in McMaster's University and late pastor of Walmer Road Baptist Church, Toronto.
Messrs. Frank Logan and friends spent the holiday with friends in Lions Bay.

CAMPBELL'S SHORTHORNS

The fifth and last of the Class "A" fairs held in the Prairie Provinces was made the Regina last week. These are the large exhibitions of Manitoba, Saskatchewan and Alberta and are held at Brandon, Calgary, Edmonton, Saskatoon and Regina in order named. Each show lasts one week and a number of herds and groups of live stock make the whole show circuit.
There were strong exhibits of cattle at each of these shows as the breeders make an effort to break his ankle last week. Many friends wish him a speedy recovery.

Miss Marguerite McMaster

Miss Marguerite McMaster is visiting in the city. She is the daughter of Mr. and Mrs. E. H. Fox, Detroit, and is a student at the University of Michigan, Ann Arbor.
Master David Hodge of Stewarttown, who underwent an operation in the Sick Children's Hospital in Toronto, is recovering nicely. His many friends wish him a speedy restoration to health.

Canadian Medical Assoc.

BREAST FEEDING
If the nursing mother is healthy and if she is eating the proper foods, her milk will almost surely contain all the constituents which her child requires for proper nutrition.
Breast milk meets the needs of the child in a remarkable manner. This is not surprising when we consider that it is the natural food of the infant. Breast feeding is not an artificial method of feeding, however, and in order to carry out properly, the mother requires to give some thought to her diet. If the mother is careless as regards her own needs, she is doing harm, not only to herself but, directly, to her child through her milk.
The nursing mother requires fresh air, sunshine, rest and exercise in order to maintain her normal health. She should eat a well balanced diet making sure that it includes the daily dose of milk and milk products. Attention to the proper habits of healthy living is essential for the nursing mother and her child. She should feed by the clock. The time for feeding is the hour set as shown by the clock, not when the mother guesses that it is feeding time or when the baby cries. Regularity in feeding is necessary for the baby; irregularity is the cause of digestive breast-milk.
No baby should be weaned unless the necessity for depriving him of his natural food has been carefully considered. Mothers, for some unknown reason, very often get the idea that their milk is not suitable. They do not know, or they have forgotten that the best artificial feeding is only Cal-substitute and is never just as good as the natural method.
If the mother is inefficient breast-milk, then the proper thing to do is to supplement the quantity there is with some artificial feeding. In this way the baby receives the benefit of all the natural food available and is given what additional food he needs. There is no reason why the infant should not continue at the breast while he has supplementary feedings, as long as he is getting so much better than none at all.
Satisfactory breast-feeding depends upon the mother taking care of herself, particularly her diet, on her confidence and determination will feed with absolute regularity by the clock.
Questions concerning Health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter.

ACTON

Dr. E. J. Nelson, Dr. T. D. J. Parmer and Mr. Gordon Smith are enjoying a fishing trip to Sundridge this week.
Prof. Henry Smith of the Boston Technical School, Boston, Mass., arrived in Acton to see his brother, the Rev. Peter Smith, who passed away two or three hours before his arrival. Dr. Smith spent a week or so last week in the city with his brother pleasantly.
Another bright little chap lost his life Friday night last week. Wallace, the bright little ten-year-old son of Mr. and Mrs. John Dwyer, died of drowning on Tuesday afternoon. This is one of the first bathing fatalities in years at Fairy Lake, although hundreds of bathers use this place daily and during the hot weather the younger folks are there constantly.
Among those from a distance who attended the funeral of the late Peter A. Smith were the following from Muskoka Lodge: Mrs. Sidney Bates, W.M.; J. H. Bird, P.D.G.M.; M. P. McKay, P.D.G.M.; Peter McHutchison, P.M.; Judge McPherson, P.M.; J. Elliott, P.M.; A. C. Salmon, P.M.; Geo. W. Eccleston, M.P.P.; A. D. Eccleston, Alex. Milne and Horace Parcell and Mr. John Thompson, a life long friend of Mr. Geo. Tennant and Crown Attorney Thos. Johnston, of Brantford; Mr. Frank Job and Mr. H. Tasker, Mr. W. A. Moore, Mr. Evan Peacock, Mr. John Clarke, Toronto; Mr. Edgerton Young of Barrie; Mr. S. Kirk, P.O. W. and Mr. W. A. Wilson, P.M. of Credit Ridge, Georgetown.—Free Press.

ERIN

Dr. Hutchinson and Mrs. Hutchinson and children of Brampton, were Sunday visitors with Mr. and Mrs. Hull.
We were pleased to see Mr. Robert Binnie in the village on Monday. Mr. Binnie is making a splendid recovery, following a serious operation which he underwent some weeks ago.
A former resident of Erin Village in the person of Mary McEachern, widow of the late Moses Hurten, passed away at her residence, 2175 Yonge St., Toronto, on Sunday, July 27th, in her 78th year, following the illness of one week, the result of a paralytic stroke.
Friends of Mr. Wm. Davidson assembled at his home on Sunday, July 27th, to extend happy felicitations of the day's birth. All sat to a bounteous repast, Mr. Davidson being the recipient of many beautiful gifts.
A bloom was cast over the Village on Monday evening, when the news of the death of Mr. Wm. Davidson, Ontario, had died suddenly in a hospital at Sarnia. It was indeed a severe shock to his widow, Mr. Davidson and the family, none of whom knew he was ill, and in fact, he had been quite well until he was taken to the office on Saturday. He was taken quite seriously ill and was removed to a Sarnia hospital, where it was decided an operation was necessary, and he passed away very suddenly, evidently from a heart attack.—Advocate.

NEWLYWEDS

Newlyweds—"My wife does not choose my clothes, but she picks my pockets."
