When Benjamin Disraeli contested the borough of High Wycombe. he got 11 out of the available 35 votes, but it is not on record that he paid each of his eleven voters \$25, as The increase in the number of voters has tended to make the purchase of votes excessively costly. So we may console ourselves with the thought

THE "QUEER" HAPPINESS OF MOTHERS

A tired mother was on her way home trousers for one boy. Shoes for an- Varey, Murdock St., Georgetown, 2tp other, and a hat for one of the girls. chievous. Bert quick-tempered, and

growing a little wild? Could she keep patient and firm? Would good come out of it all? Would she live to see her children rise up and call her blessed? She leaned her head against the window, and closed her eyes. Then the sound of voices came to her ears. House, Milton. A man and woman in the seat behind her were talking together. Evidently sarily accepted. they were friends who had not met

"Yes, mother died two years ago, the man said, soberly, The woman's reply was inaudible. "No, she worked hard down to the very last. We hoped she might have an easy time before she went she had slaved over us for so many years, but her easy time never came." "Yes, Ben pulled through that all right-no. It never troubled her. She never doubted for a minute that he'd do well. She had great faith in us

"She always seemed happy," the wo man's voice said, doubtfully. "She was. It's queer. We talking about it last Sunday. My wife and I go to Ben's Sunday afternoon's and Harry and Lil come up and bring Eva,-mother loved that child as I she was her own-and Lon generally

gets around with Bess and their boys "Wouldn't mother have been proud she'd lived to see Lon where he now?" says Harry. "She couldn't have been any prouder of him than she was of her life." Ben says, 'and I don't know that she could have been any happier than she was." She always had to work, and she had

a hard life, but she was happy in spite of it all. Isn't it queer?" "Yes," said the woman's voice, she rose to leave the car, "It is queer, The mother who had been tired, but who was tired no longer, smiled. To her that other mother's happiness did seemed to be the inevitable working

THE ADVANTAGE OF EARLY FALL PLOUGHING

Fall-ploughing is generally considered a good practice in most parts of the country, if best results are to be hern Ontario where the growing season is comparatively short it is not only adviseable, but it is imperative that the greater part of the plough-At the Dominion Expermintal Station, Kapuskasing, Ontario, it has been ound that midsummer or early fallploughing has materially facilitated the completion of this work before the ground became too wet of was

Experiments have shown that pracically all the common farm crops should be sown as early in the apring as the condition of the soll will pernit and this is only possible when the land has been ploughed the previous fall, and better still if it has been nloughed sufficiently early to disk a couple of times and also open up proper water furrows before the freeze-

summer and early fall on account of certain crops occuping the land. nevertheless, a start should be made as early as possible. Night pastures and old meadows lend themselves particularly well to early ploughing. This not only assists materially in getting the ploughing completed, but t makes possible the cultivation of the land to some extent after ploughing and thereby partly takes the place of summer-fallowing. This gives an opportunity of keeping weeds under control and storing up a supply of noisture and plant food for the next
