GILSON CIRCULATING FAN

DONT BLAME IT ALL ON YOUR FURNACE!

How often do you shovel dollars into your furnace, stoking up to heat so-called "cold rooms" of the house? Don't do it. Your furnace is producing plenty of heat already. What it needs is Forced Circulation.

60% to 100% More Heat with Forced Circulation. Look into this! Our new Gilson Automatic Circulating Fan is solving the heating problems for many. Don't blame your furnace for poor heat until you see us. This new device drives the heat into every room . . . chill vanishes like magic.

The Gilson Automatic Circulating Pan can be installed on any furnace. It often saves 30% to 40% of fuel. Changes the air in each room four times an hour. Heats your home evenly, automatically . . .

in summer you use the fan to cool and ventilate your home. See us today about the Gilson Automatic Fan. It will pay you well to investigate.
