A FRIENDSHIP-MAKER

There are hobbies—and hobbies. A hobby is very expressive of a person. Mrs. Clark, for instance, is a friendly, interested little woman who cannot bear solitude. She developed a "visiting" system over the Long Distance telephone. It has proved a wonderful cure for loneliness. And as she calls after 7 p.m. th rates are remarkably low.

Firemen Will Attend Service

On Sunday next, Sept. 21st, the members of Georgetown Fire Brigade will attend divine service at Knox Presbyterian Church at 11 a.m. They will be accompanied by visiting firemen and Georgetown Citizen's Band will head the parade which will leave the fire hall at 10.45.

Announcement

Friday, September 19th will be the occasion of D. Brill & Co. opening a new branch store in the Foundry Block, Brampton, opposite Capitol Theatre. They will feature a fine range of Men's Clothing, Haberdashery and Shoes. Great bargains are being offered for the opening days, and the same low prices will prevail in their Georgetown store for the duration of the sale. It

Featherston, proprietor; Norman Dill floor manager. It

League had Pleasant Evening

On Friday evening last about fifty members of the Young People's League of the United Church gathered at the home of Mr. and Mrs. W. C. Anthony for a social evening. After an hour or so of games played on the front lawn all went to the back of the house where around a huge bon fire songs were sung and stunts performed, until refreshments which consisted of weiners and rolls, sandwiches coffee, marshmallows, ice-cream and apples were served to a hungry crowd. After lunch Mr. George Page, an officer in the League and quite recently married, was presented with a beautiful sandwich plate with the best wishes of the Young People to himself and Mrs. Page. After a vote of thanks to the hostess and singing of "Auld Lang Syne" and "For they are Jolly Good Fellows," a very pleasant evening was brought to a close.

Seed Cleaning Pays

Halton County representative reports that farmers in the district are supporting the seed cleaning plant at Milton and in this locality where a considerable amount of seed grains as well as clover and grass seeds are grown, they are realizing that it pays to have their grain cleaned rather than sell it in the rough.

Electrification of Ontario farms by the Provincial Hydro Commission proceeds apace, judging by the latest monthly report, which announces that the year's construction program has almost completed. For 1930 it was planned to build 1434 miles of primary lines to serve more than 3500 rural customers. So far 1432 miles have been constructed and during July 682 applications for rural service were received. These will necessitate another 138 miles of line. The cost of the 1930 construction program is estimated at $3,250,000.

Favors Summer Fallow Contests

While admitting that plowing competitions accomplish much good, R. H. Clemons, agricultural representative for the County of Wellington, believes that summer fallowing competitions would be more to the point. Midsummer plowing after taking off a crop of hay, after-harvest cultivation and summer fallowing are three methods of weed control that are giving satisfactory results in Wellington. Mr. Clemons is of the opinion that the best method is plowing in July immediately after taking off a crop of hay. This has the advantage of allowing the farmer a crop for that season. The crop tends to dry out the soil thoroughly and has a greater tendency to check sow thistle roots than when plowing is done later. With regard to summer fallowing competitions Mr. Clemons said—"It would be a more practical scheme of encouraging good cultivation than the present system."

FLEET WORDS

"Long Distance" is now short distance" when it comes to telephoning. The "glance of the mind" is no more swift than the speed of telephone service today. No means of communication equals its surety and efficiency. Families are being kept together, by the out-of-town service, although separated by many miles.

BIG FALL FAIR AT GEORGETOWN
