### GILSON ALL CAST and SEMI-CAST FURNACE

Massive, sturdy, over eized built to last a lifetime—Gilson Volcano Furnaces represent the height of achievement in the Ali-Cast and Semi-Cast field. Scientifically designed to yield the most heat from the least fuel, Gilson Furnace users are saving money every year, and enjoying the greatest comfort and satisfaction. Mrs. Isabel Paterson, of Meadow Park Farm, London, says:— "I just want to say we are more than pleased with our Gilson Purnace.

It went great all Winter—we are delighted with it, and will be pleased to recommend your furnace any time, and also the men who installed it?"

When you install a furnace, you are buying heat—comfort—economy. Gilson Volcano Furnaces, backed by our Gold Seal Guarantee and full factory responsibility, give you a heaping measure of value. The Gilson Volcano Furnace is madeain the widest range of sizes, for burning hard coal, soft coal, or wood. There is a Volcano Furnace just right to suit avery home, and every purse.

New Low Prices and Easy Terms Prices so low, that, value considered, they have never been equalled—and turns which enable you to own and pay for a Gilson Furnace without feeling it. In will pay you-well to investigate our proposition now—simply telephone:—

Or write:-

Retain their rhythmic way. Or how the sunset's golden bars Shut out the light of day-The secrets of my heart surprise.

cannot tell how migrants wing Their course o'er land and sea. Or how returning summers bring Their bounteous gifts to me-But I can tell how love for love O'er all earth's treasurers ranks above.

cannot tell how this round earth Resolves about the sun. Or how the autumn's priceless worth From clod and clay is won-But I can tell how kindness may Pill life with sunshine every day. -A. B. Cooper in "Tit-Bits.

#### "OCTOBER DAINTIES"

This is the time of year when hot dishes are in order. Our bodies need additional calories so that they may get in shape to withstand the low temperature of winter | Quick energy fuel such as sugar or other sweets should be eaten in considerable quantity. Vegetables and fruits should also be eaten so that the body may be kept al are doing: kaline. Here are two delicious October dainties:

Scalloped Sweet Potators and Apples cups cold boiled sweet potatoes cut in ', inch slices

1's cups thinly sliced sour apples tablespoons butter

Put one-half the potatoes in buttered dot over with one-half the butter and clous to take chances on its being in- they shall not then have received no-Scalloped Tomatoes

pepper, a few drops of onion juice, and which is secured through proper diet, 2 teaspoons sugar. Cover the bottom rest, exercise, fresh air and elimination of a butered dish with buttered bread will be reflected in all parts of the body. crumbs, cover with tomatoes, and sprinkle top thickly with buttered crumbs. Bake in a hot oven until crumbs are

Tutti-Frutti Mocha Layer Cake 2 cups sifted cake flour teaspoons baking powder

teaspoons cocoa 14 cup butter or other shortening 1 cup sugar 2 eggs, well beaten % cup strong decaffeinated coffee

1 teaspoon vanilla Sift flour once, measure, add baking powder and cocoa, and sift together three times. Cream shortening thoroughly, add sugar gradually, and cream together until light and fluffy Add eggs then flour alternately with coffee. a small amount at a time. Beat after each addition until smooth at one o'clock the following: Add vanilla. Bake in two greased 9-in; layer pans in moderate oven (375 mare, 7 yrs. degrees P.) 30 minutes. Cool. Put layers together with Pruited Whipped

fectioner's sugar. Fruited Whipped Cream tablespoons confectioner's sugar cup cream, whipped

8 marshmallows, finely cut 's cup dates, seeded and cut in small to cup nut meats, proken is cup each, candied cherries and pineapple, finely cut Add sugar to cream. Pold in remain-

ing ingredients. Variation I. Cut cake into small rounds. Top each round with mound of cream.

#### ACCIDENT DEATH RATE

The United States heads the list o all civilized countries of the world in Canada is next in point of fatality rate. with a figure of 62.5 deaths per 100,000 population; England and Wales have an accident deathrate of 41 per 100,000 Such was the statement made recently in Pittsburgh, by Dr. Louis I. Dub-lin, Statistician of the Metropolitan Ninth Line, Esquesing, at Glenwilliams Life, in the course of an address upon on the subject of accidental deaths. The speaker pointed out that the toll from the automobile was responsible for the deaths of 31,000 of the 97,000 persons killed accidently in the United States last year, and that it will be the cause 10826, American 120646, 13 yr. old. of 33,000 of the more than 100,000 ac- bred Feb. 28th; Sue B Princess, 2 yr. old cidental deaths estimated for the cur- bred Feb. 28th; Interested Bell Flower, rent year.
