MY NEIGHBOR

Say not, "I love the Lord," unless you find Within you willing up by day and night. A love, strong, full and deep, for him; Unless you find it always a delight To show the weary one a resting-place, To show the doubting one Paul's shining way.

To show the erring one the door of Grace, To show the sorrowing where they may lay Their broken hearts, the heaviness, the care, The grief, the agony, too sharp to bear.

When each man is the neighbor whom we love, According to the gracious measure of his Lord— Then may we lift our eyes to Heaven above, And say with rapture sweet, "We love the Lord." —Jean Blewett.

"DELICIOUS TASTIES"

TWO NUTTY DISHES
By Betty Barclay

It is surprising how many delightful dishes may be made with nuts as one of the ingredients. Walnuts are particularly delicate in cakes and candies, but even in croquettes, dressings, salads and whips. Here are two unusual recipes which you should try.

Walnut Meat Substitute
Mix 1 cup cooked rice, 1 cup toasted bread crumbs, 1 cup milk, 1 teaspoon sage, 1/2 teaspoon paprika, 1 1/2 cups ground walnuts, 2 eggs, 1/2 teaspoon salt, and 1/2 teaspoon celery seed, and season onion juice until well blended. Shape like sausages, brown well in frying pan for 1/2 hour over. Garnish with bacon rolls and lemon and serve hot with a rich sauce.

CAUSES MANY DEATHS

Wholesale dealers and blindlings resulting from synthetic wood alcohol or methanol will inevitably result in Canada, unless authoritative steps to regulate its manufacture and distribution, according to the alcohol committee of the National Pure Food Convention held at the Royal York Hotel, Toronto.

Synthetic alcohol has been manufactured in Germany for years and in the United States for less than a year. It is soon to be introduced in Canada. The alcohol is colorless and sweet and is easily mistaken for grain alcohol. Just how deadly such a mistake can be was demonstrated by the epidemic of alcohol deaths about the year 1926.

PREPARING TURKEYS FOR THE CHRISTMAS DINNER

Turkeys which have been held over from the Thanksgiving dinner are the most of preparing them for the Christmas table should be put on a "fasting" ration about the middle of October. The turkey which has been open range during the growing season should not be continued to peck during the fattening period. When properly fed they will take no more exercise than is necessary for good digestion, whereas if they are continued in pens there is great danger of the birds going out of their feed, developing digestive disorders with accompanying loss of flesh, and quite frequently the loss of a number of birds.

Canadian Medical Assoc. OSTEOMYELITIS

Osteomyelitis is an acute infection of the bone. It is a disease which develops quickly and which is severe, and each year, it takes a toll of lives, mainly among children. It is usually the result of a fall, or extensive injury to the bone, or a fracture which is not secured without delay for it is the delay of a few days, indeed a few hours, in such acute conditions as this, which leads to serious fatal results.

Wille's Reward

In this family there was a large number of small children. Little Willie, age six, was taken in one morning to see his father, who happened to be laid up with influenza. Little Willie was quiet, almost reverent, in the sickroom. When it was time for him to go, he went up to his father's bedside and said: "I bin good, ain't I, pop?" "Yes, son," the old man whispered. "Well, then, kin I see the baby?"
