Baptist Church Anniversary
Another anniversary in connection with Georgetown Baptist church was celebrated on Sunday last when Prof. A. L. McCrimmon, L.D., of McPherson, University, was the preacher of the day. His eloquent and inspiring sermons were highly appreciated by the large congregations present at the services.

At the morning service the read as the scriptural lessons the 3rd chapter of Ephesians and chose as his text "The Gospel of the Lord Jesus Christ." The speaker said in his address that the great object of the Gospel of Jesus Christ is the elevation of the spirit of the life of Christ in the church and to get the heart of those who have never known Jesus Christ into the work of the church. All have obligations and man's greatest work is the perpetuation of the work of Jesus Christ. Christ came to bring man back to God. He lived, suffered, died and rose again, and told his followers to preach the gospel of the power of God unto salvation of all who believe. We are not only to preach the gospel but to live it. Man has wandered away from God but God has provided means whereby he can be saved. God is the loving eternal One who sacrificed himself in the person of Jesus Christ for us and by His marvelous revelation of God is this redemption power. God does not rob you of free agency but enables you to follow the gospel of salvation and be saved. Paul spoke of the unmeasurable riches of Jesus Christ and that matter how good a Christian you may go higher. God went out after lost souls. He is the fountain source of all light and power in His eternal purpose is the salvation of mankind. Jesus Christ is a perfect mediator and has relationship with the human and Divine. He is the only one with such personality. We are sure of the effectiveness of the atonement and that power in our hearts that teaches us to pray and leads us on to greater truths. We should be particular how we meet our spiritual things and life. The gospel of Jesus Christ holds good to-day, tomorrow and throughout the ages. It is good in every function of man and makes home, citizenship, individual and life better. It purifies and lifts up all functions of life. It is a gospel of true spirituality and not a gospel of force. You can't force spirituality. God made the forgiveness of our sins possible through the gift of His son Jesus Christ. Religion is a life, not to be thought but to be lived. The greatest achievement in life is to have the needs of the soul met and the aspirations of the heart fulfilled. If a great man or woman you want to be better and live the life of Jesus Christ. If I be lifted up I will draw all men unto me. The gospel of Jesus Christ does the work. Christianity is effective, you become a different creature and the whole horizon of life is changed. What are you going to do about the gospel of Jesus Christ and how are you going to preach it for the advancement of His kingdom?

Special music by the choir under the able leadership of Mrs. Pringle, vocal solos by Mr. Daniels of Hamilton and Mr. John Blair, and organ voluntaries by Mr. Charles Kirk. The organist added materially to the enjoyment of the occasion.

YOUNG MAN LOSER, EYE
WHEN GUN DISCHARGED
When he stumbled over a fence while pursuing a cotton tail on Saturday afternoon, the shotgun of Robert Jepson, aged 19, of Georgetown, accidentally discharged, blowing off part of his right hand. Part of the charge also struck his face and necessitated the removal of his right eye at Guelph General Hospital. Although his condition was considered precarious by hospital authorities at the time, he is now improving nicely. Jepson was hunting on the farm of Arthur Evans at the time. Part of the charge lodged in the head just under the skull, according to the hospital, and it was unknown whether he would be operated on to remove it. Jepson left the hospital eight weeks after a serious operation on his head.
