

Important to Property Owners

Georgetown, Ont., November 25th, 1930

To the Property Owners of Georgetown:
We feel that a brief statement of the facts, which make it necessary for you to record a vote on the validating of the Cemetery Debentures by-law on Monday, December 1st, is in order.

In September 1929, a petition signed by the required number of ratepayers was presented to the Council, asking that they submit a by-law for the appointment of a Cemetery Board, under the Parks Act, as provided under the Ontario Statutes. This was done and the result of the vote was 303 for the appointment of a Cemetery Board and 24 against.

By this action of the qualified voters the Council was instructed to appoint a Cemetery Board consisting of seven members. This Board is a distinct spending body and has full jurisdiction over all Cemetery and Park matters, and under the Ontario Statutes are allowed as their portion, 1 mill on the assessment.

The Cemetery Board has assumed an overdraft of \$2,000 which was standing against the Cemetery, and spent a further \$8,000 for which the Corporation has advanced the money. The Corporation being the only body recognized for the issuing of Debentures, the debentures have to be issued through them which is really just a guarantee, as the Cemetery Board have to undertake all further improvements to the cemetery and pay the debenture instalments for the next 20 years out of the proceeds of the 1 mill plus any income they have from the sale of plots and subscriptions from the plot holders.

As this money has been spent by a legally constituted body, if this by-law is not validated, it will be necessary for the 1931 Council to raise this full amount by direct levy during 1931 which would increase the rate about 8 mills and would be very unwise. Under the debenture plan, the Corporation pays only the 1 mill from the tax payers as a whole.

As citizens of the community, even if we have no direct interest in the cemetery, we should show our appreciation of this volunteer Cemetery Board by passing the by-law by a substantial vote. It is generally recognized that the beautifying of cemeteries devolves upon the community as a whole, rather than on the individual plot holder as it has done in the past, and which has not proved satisfactory. As people move away it may so happen that while your own plot is well cared for, that of your neighbours is uncared for, and unless there is uniformity of care, the whole presents a neglected appearance.

J. B. MACKENZIE, Mayor.
