### Making your profits Permanent

THOUSANDS of men have, ings after years of unremitting toil and have re-invested only to lose their profits in unwise speculation. Life annuities provide an invincible protection against such calamities.

In May, 1928, a group of North Dakota business men sold their extensive holdings. While the deal was pending they decided to re-invest the proceeds in life annuity contracts, After investiga-tion they paid the Sun Life Ass-urance Company of Canada over three million dollars in premiums for annuity contracts. They were attracted by the safety and con-venience of these annuities and the large return.

Get details from your nearest Sun Life Representation.
