

"The 1931 Pontiac ... Isn't it a Beauty?"

General Motors announces the new 1931 Pontiac, at the lowest prices at which Pontiac has ever been introduced.

You will find a larger car, with graceful lines that sweep and flow, and with more spacious Fisher Bodies. A new V-shaped radiator with in-built, chromium-plated screen presents an unusually attractive and modern front view.

Mechanically, the new Pontiac is much improved. There are over 40 points of rubber insulation to another noise and cushion shocks. There is a new air silencer. The frame has been greatly strengthened. Proven elements such as the harmonic balancer, the cross-flow radiator and Loveloy shock absorbers are continued. Five wire wheels are standard equipment at no extra cost on all regular models.

You are cordially invited to see the new Pontiac and to drive it. Purchase this fine car on time payments through GMAC. Protect yourself with the General Motors Owner Service Policy.

The Board will meet on the second Tuesday of each month. The Public School Inspector's report was read as follows: The Chairman and Members of the Public School Board, Georgetown, Ontario: Ladies and Gentlemen:

Having completed my official visit to your school for the present term I have pleasure in submitting "impressions" of the same. Your competent staff again remains intact. In every essential respect as regards instruction and management and the general morale of the school you are well served. Pupils are, with a few individual exceptions, alert and attentive, interested and industrious, respectful to their teachers and so far as I have been able to observe, orderly and considerate in their relations to one another. I believe that not only is the instruction effective but the ideals kept before the children are high and worthy. Under such conditions one expects the results to be at least satisfactory. Academically this proves to be the case at midsummer when the graduates from the school from Sr. IV grade distinguished themselves at the Junior High School Entrance examinations. The record again was exceedingly good, all candidates succeeding and with a very high average standing. This reflects credit upon the whole school and particularly upon the able Principal of the school. The total enrollment has increased this term by seventeen, now standing at 368. The outstanding feature of improvement this year is the addition of a new classroom and the provision of new and up-to-date toilet accommodations. These constitute a splendid addition to the accommodations of the school and are highly creditable. The expenditure was needed and the Board are to be congratulated on the completion of the undertaking. Further improvement has been made in the redecoration of three of the classrooms and the halls and in the improved lighting in Miss Laganan's room. The substantial library additions this term are very satisfactory. Faithfully yours, J. M. Denyes.

CORRESPONDENCE

THE NEW POST OFFICE—ITS LOCATION

The following letter addressed to the Mayor has been sent to "The Herald" for publication. We are pleased to insert the same as the subject is long and interesting to the welfare of Georgetown: Mr. J. B. McKenna, Mayor, Georgetown, Ontario. My Dear Sir:

I noticed by "The Herald" that the Council, at its inaugural meeting decided to purchase a site toward the section of the proposed new post office building. For this they deserve the commendation of the citizens. The project has been altogether too long delayed.

You will no doubt remember the letter of the several communications I sent to "The Herald" on the subject, in which I urged action in the matter but deemed the possibility of the building being erected on a site that, in my view, and I believe in the view of the overwhelming majority of the citizens of Georgetown, was wholly unsuited for the purpose. I refer to the site, that I understand some persons have purchased some time ago, at the north-west corner of Mill and Water Streets, (I think this proper location) for the proposed post office building.

I would hope that you, Mr. Mayor, and your Council would take the matter of site and, in consultation with the citizens if you so desire, give the subject the most careful consideration. With best wishes for the New Year. Yours truly, R. D. Warren.

BURN'S SUPPER

HELD IN THE ARENA FRIDAY EVENING—ONE HUNDRED AND FORTY PRESENT

One of the most enjoyable social events of the season was the Burn's Supper held in the Arena last Friday evening. One hundred and forty admirers of the immortal bard sat down to a most attractive and appropriately decorated table, laden with many good things that would satisfy the most ravenous appetite of any Scotchman.

And there was real haggis too. Foot Monty Piper Robinson of Toronto, preceded by Sandy Japp carrying the Scottish standard with rampant lion emblem, led the procession entrusted with the conveying of the haggis in charge of Mrs. Millar, and the same was duly deposited on the head table in front of Mayor Mackenzie (the Scotch lout) the capable chairman of the evening.

It was a grand feast and everybody present sure enjoyed it, even the Irish scattered among the gathering went to the haggis though it were their favorite dish of corn beef and cabbage. There all had partaken of this splendid supper. Mayor Mackenzie called the gathering to order and after a few appropriate and fitting remarks announced that the evening was over.

"The King," responded to by singing "The National Anthem." "The Immortal Bard" responded to by Rev. H. L. Bennis, in a splendid address, in which he lauded the life of Burns and stressed the great influence for good of this great Scotch poet.

"The Lassies O'" responded to by Mr. D. Wilson. Mr. W. H. Hamilton, who is always a feature of our gatherings of this nature, sang old Scotch songs in which the gathering joined in the chorus. After the supper, the capable accompanist of the evening, joined hands around the tables and sang "Auld Lang Syne" after which the balance of the evening was spent in dancing many of the old time dances, music supplied by Young's Orchestra of Georgetown.

A hearty vote of thanks was tendered Rev. H. L. Bennis, the speaker of the evening, Mr. Hamilton, Miss Leavitt, and all who had contributed to the success of the event. It is hoped that next year for all who were present.

A MAN'S A MAN FOR A THAT Is there, for honest poverty, That hangs his head, and a' that? The coward-slave, we pass him by, We dare be poor for a' that! For a' that, an' a' that, Our toils obscure, an' a' that; The rank is but the guinea's stamp, The man's the gowd for a' that.

What tho' on hamely fare we dine, Wear hooden-gray, an' a' that; Gie fools their silks, and knaves their wine, A man's a man, for a' that. For a' that, an' a' that, Their silks and gawds, an' a' that; The honest man, tho' e'er sae poor, Is king of men for a' that.

Ye see your birkie, ca'd a' lord, What struts, an' stares, an' a' that; Tho' hundreds worship at his word, He's but a fool for a' that! For a' that, an' a' that, His riband, star, an' a' that, The man o' independent mind, He looks and laughs at a' that.

A prince can mak a belted knight, A marquis, duke, an' a' that; But an honest man's aboon his might, Guid faith, he mauns 'a' that! For a' that, an' a' that, Their dignities, an' a' that, The pith o' sense, an' a' pride o' worth, Are higher rank than a' that.

Then let us pray that come it may, As come it will for a' that, That sense and worth, o'er all the earth, May bear the gree, an' a' that. For a' that, an' a' that, It's coming yet, for a' that, That man to man, the world o'er, Shall brothers be for a' that. —R. Burns.

CARD OF THANKS We hereby convey to friends and neighbors our very sincere thanks for the many kindnesses and sympathy extended to us, and our appreciation by the death of our beloved husband and father—Mrs. Robert Rudell and Family, Esquating.

Mother: "I don't like to shout at you Harold." Little Harold: "And I can't say that I like it, either, mummy."

Job Printing Neatly Executed

"Thanks for the Buggy Ride," Said the Little Locomotive

"CAN'T you run on your own wheels, you little fellow?" "Please, sir, if you don't mind, it's too far," whined the little fellow. "I'll weigh!" grumbled the engine, 6100. "I'll weigh!" cried the little fellow, swelling out his chest, "fit to burst." The engine's lantern shined brightly on the little fellow, 329 tons of lumber. "It was only the coach of the fellow, scrambling up on the flat car. 'Here, what's all this?' thundered the big one. "There are only fourteen of us," said the youngster in a wheedling tone. "To be sure," answered 6100. "No, you don't," asserted 6100. "I'll take three or four of you at a time, but I've got other work to do, and I'll be sanded if I'll be nursed to a litter of locomotive pups." So this is how the fourteen locomotives came to get a ride on the railroad train. Built at the Canadian Locomotive Works at Kingston, Ont., they were shipped over the Canadian National Railways to Beauharnois, Que. There they will be used in rock excavation and general construction work on the Beauharnois Light, Heat and Power Company's new canal. They are oil-burners, small but sturdy and wonderfully active.
